Plenty of History

There is more history than is apparent in the outward appearance of this little farm home in extreme northwestern Chester Township, Meigs County—on the good gravel road between Keno (Route 248) and Bashan.

It is in a historic neighborhood, the scene of one of the several battles with Morgan's raiders in the Civil War, and the area where the once numerous and active Rose families lived.

The home pictured here is that of the late John Rose, who came to Meigs County more than a century ago, and it is now occupied by the third John Rose of this family, and his young wife, who was a Tuttle and also a member of a pioner Meigs County family.

John Rose was a Civil War veteran and was the son of Cyrenus Rose who lived in a log house near the present Rose home. Part of the Cyrenus Rose home is included in the home shown above. John Rose was a farmer, served in the Civil War in the 116th Ohio Infantry and his grandson owns the mementos of this service.

John Rose had three brothers in the Civil War, Asa, Daniel and Andrew. Andrew Rose served in the 63rd Ohio and took part in several battles and Daniel was in the 116th Ohio. The father of the wife of Daniel Rose took part in the War of 1812 and her brother, Joseph Fullerton, died of starvation in Andersonville Prison. The grandfather of Daniel Rose and his four brothers were soldiers in the Revolutionary War.

Enos Rose, who lived near Bashan, was the son of John Rose and married Mary Bush, whose parents came to Meigs County in 1817 from Virginia. She was a sister of Ezra Bush, also a veteran of the Civil War, in the West Virginia Calvary. He took part in many engagements, ending his service when a horse fell on him, permanently injuring one of his legs.

Amos Rose, a half brother of Enos Rose, died in a hospital during the Civil War. Five brothers of Mrs. Enos Rose served in the Civil War and one, Captain William Bush, was killed in the Battle of Petersburg. Another brother went west and became wealthy in the gold fields.

One of the features of the lives of the immediate ancestors of the Rose family of Meigs County, is the story of Mrs. Mary Bush, the grandmother of Mrs. Enos Rose.

Mary Bush and her husband and two children were attacked by Indians while living in a log cabin in the mountains of Virginia before the turn of the last century. The Indians killed her husband, carried off her two children, who were held captives for many years, and left three of their war party to kill or capture the young wife and mother.

In a desperate fight, she killed one of the Indians with an axe, and another with a piece of firewood. She then took refuge in their cabin and barred the door. The last Indian attempted to come down the chimney and was smothered when Mary Bush put her featherbed on the fire.

Near the John Rose home, which can be easily reached from either Bashan or Keno, is a cave where Morgan's raiders stabled their horses during their famous raid into Southern Ohio [illegible] Bashan is best known as the community where Dick Morgan, [illegible] of General John Morgan, and his band of raiders surrendered to General Shackelford [illegible]

There was a lively [illegible] Bashan area after the Confederate raiders had laid the village [illegible] Chester to waste. The southern [illegible] headed for the river [illegible] of Bashan and about [illegible] party were taken prisoner [illegible] little village in southeastern [illegible]ter Township.

FOREWORD

This listing from the 1850 federal census for ROSE could not have been accomplished without the help of Rose Houston of Smithville, Texas. Rose and I have worked on this for about three years, and have devoted hundreds and hundreds of hours to the project. We attempted to obtain the Rose listings from the complete 1850 federal census by first using published indices (primarily Accelerated Index Systems or "A.I.S.") and supplementing it with lists sent by other correspondents.

First, Rose extracted the listing using an index. I then cross-checked this against the index, and against every listing sent to me by correspondents. Rose then re-checked the differences and additions with the film, and returned them to me for final typing and indexing. You can well imagine the amount of time this project occupied, for the two of us!

Those of you familiar with the federal census know that 1850 is the first year in which each person in the home was enumerated individually by name, age and place of birth. Rose copied the names exactly as they appeared on the census making no inferences. Thus, Wm. is Wm. and not William. Ben. is Ben. and not Benjamin, etc. Elisabeth is not Elizabeth, etc. She also noted the other pertinent information.

Rose used the new page number and in most instances the township or district when given. It is to be noted that the Post Office name is usually different than the township - if you know only the PO, realize in checking the lists that it may differ from the township name.

Rose notes that in the 1850 census the page numbers are not all individually marked, and often people mis-interpret the page numbers. Be sure if you are checking the film that you note the numbering system.

When there was more than one family in a dwelling, Rose in most cases took these listings too. You may find 560/561 John Miller family, and /562 John Rose family, indicating that the John Rose family lived in the dwelling of John Miller. This can often provide clues on family relationships.

When using these lists keep in mind that they can only be as accurate as the published indices, since they were used as the basis, and there are bound to be omissions. We have added many listings not in the indices, but we have not undertaken a page-by-page search of the film. If you do not find the Rose you seek, personally check the microfilm and particularly watch for variant spellings: Rows, Rowes, Roas, Roze, Rowse, Rowze, Roes and even Ross. If you find errors or omissions, please do let us know.

Rose and I hope you find this list helpful!

OUR RESEARCH TRIP MAY-JUNE 1986

What a marvelous trip! So many courthouses were searched - among them for the first time some in the state of Ohio. But, to start at the beginning, we left here on May 21st and flew into Washington D.C., picked up our rental car (we managed to be lucky enough to pick up a plush Fifth Avenue for the same price as the sub-compact we had ordered since they were out of the sub-compacts!) and started out. We were headed for the NGS Conference in Columbus, Ohio but had a few days on the way so we did some research in West Virginia and Ohio. On Memorial Day it happened we were in Roseville, Ohio, laid out appropriately enough by the Rose family, and we were at the grave of Ezekiel Rose, a revolutionary soldier, in time to partake unexpectedly in Memorial Day services. (More of that in the next Newsletter).

After the Conference we proceeded into Pennsylvania, working our way towards Philadelphia, and then west again to swing down the Shenandoah valley to do some Virginia and West Virginia Counties. Then we went into North Carolina, back into the eastern part of Virginia and up to D.C. We covered almost 45 courthouses, and 3-4 libraries! The amount of material we obtained is astounding. And, some major break-throughs were made on some families - for instance, absolute proof of the father of Tychicus Rose of Pennsylvania, Virginia and West Virginia, great proof of the connection of one of the German Hunterdon County Rose families to a German Bucks County, Pennsylvania family, proof of the connection of a Greenbrier County, West Virginia family to the Norfolk County, Virginia Roses, and surprisingly, discovery of the wife and another son of Alexander Rose, son of Rev. Charles Rose (brother of Rev. Robert Rose) of Virginia, in the City of Norfolk. These and many more - it will take months to really digest it all.

A full list of the courthouses will be mailed out soon, but one thing we would urge - DO OBTAIN THE COURTHOUSE REPORTS OF ADJOINING COUNTIES - it is amazing how often we have found valuable clues in the adjoining counties where the family members have not searched. The courthouse reports are such a nominal price for the number of hours of research (and do not even include the travel expenses) that it is well worth it to check the whole region and not just one county.

Our days were full - our usual routine was to get up at 6 or 6:30 in the morning, get packed to leave the motel, drive to the County seat if we were not already situated there, and find a place to eat breakfast. That was to be our only meal until evening for we are reluctant to cut down on the hours at the courthouse for a mid-day meal and usually depend on granola bars or bananas to sustain us! (Don't feel sorry for us - we prefer it that way - three meals a day we find is too much on these trips since our actual excersize is limited.) After we finished in the afternoon, we would position ourselves in a locality to be close to the next days courthouses. Sometimes this would mean just a short drive, but sometimes it would require an hour or two of driving in the evening. We'd find a motel, a nice place to eat

dinner, and then I would spend the evening typing up the notes. Thank goodness my little machine is noiseless so that we can get a bit of television watching in, too! Saturdays we spend in a state library if we are near one that is open, and Sunday in sight seeing or meeting some of our members.

The average time we spend in a courthouse is about 7-8 hours between the two of us, but often, when there are a great many records, we spend additional time. For instance, Philadelphia was about 16 hours, Bucks County about 12-13, etc.

I regret very much that the reports you are getting are not neat. I dislike sending out material that is written over with corrections. I take a small portable electronic typewriter and type up the notes in the evening for two reasons - one that they are fresh in our minds, and secondly, it would become a monumental task if I waited until we got home. If I were to retype all of these when we got home, you would have to wait many weeks and perhaps months before you got them all. Unfortunately, though there are many advantages to my small electronic typewriter (it is battery operated, noiseless and lightweight), it does have a tendency to not shift properly for caps, and also if going too fast it will not space properly. Sometimes the hour of night has an effect, too! I know you understand, though it does distress me to send them out in this manner. I have been re-doing some of the older courthouse reports on computer as I have time, and hopefully by next year will have a small portable computer compatible with my home computer to take along.

A word about the material. Many Pennsylvania Counties and some others use the "Russell" system of indexing by FIRST names. It is a very time consuming process to run a whole name in this type of index for you have to go through many pages, and it does mean that when there is that type of index, we are unable to do as much abstracting in that county on a first trip. One good feature about Pennsylvania records - very often the older deeds will give the whole history of the property - a marvelous plus for you can often pick up information not otherwise available.

I wish it were possible to tell you all the interesting things along the way, and how much we enjoyed making this trip for you. We worked hard, but we saw areas we would not have otherwise seen, and enjoyed immensely meeting some of our members along the way. We hope you find the report you ordered of value.

Christine and Seymour Rose

P.S. It will help us tremendously if you are able to pass information about the availability of our courthouse reports to your relatives or correspondents tracing Rose. We will put out a new leaflet listing them soon.

Dear Round-Robin Friends,

I am still attempting to locate records of my ROSE lines; and I had some encouragement from Fred W. ROSE who said he had figured for years that Abraham Lacy Rose and his father, Cornelius, belonged somehow to the Tormut Tose family. Quoting him:

"Stewart in his "History of the ROSE Family in S,lem Co." states that "John ROSE 3rd (1-1-3-2) left SAlem Co. and went to Hunderdon Co. to be with his uncle Ezekiel ROSE (1-1-4). I have no records on this John ROSE. My records account for all of the children and grandchildren of Ezekiel Rose (1-1-4) and there is no Abraham.

"Several of the members of the Fearnot Rose family (1-1-1-1) went to OOstago Co., N.Y., but we find no Abrahams there.

"Now look back to John Rose 2nd. (1-1-3), Abraham (1-1-3-1) had two sons, William and Abraham (1-1-3-1-1) (1-1-3-1-2) who both came to Indiana with their entire families. My great-great grandfather, Ezekiel ROSE (1-1-3-9) also came to Indiana with his entire family. These people settled in Franklin Co., in Southeastern Ind. in about 1815.

" Edmond (1-1-1) and Daniel (1-1-2) Rose stayed on Block Island and with the exception of the people who went to Otsego, they kept the family goind on the Island and ~~offered~~ I find no Abrahams among their descendants.

"Back to Salem Co.,N.J. Samuel and Thomas Rose (1-1-3-3) and (1-1-3-4) stayed in SAlem and there was no Abraham among their children.

"Now to the third Rose who went to N.J., JAmes Rose (1-1-5) He lived in Cumberland Co., N.J. and had two sons: James and Aaron of whom I have no record, except a list of his children. . . .

" If Abraham Lacy Rose ties into the Tormut Rose family, it almost has to be through John Rose 3rd (1-1-3-2) or one of the sons of JAmes Rose (1-1-5). "

He doesn't mention Cornelius Rose. If either of my Rose lines came from Tormut (really ROSS), perhaps this explains how my father could be so positive that when Abraham ROSE married to Sarah ROSE, the two families were of no kin.

I'm excited about recent contacts with Rose cousins from several other branches of our tree, and assembling the records they are sending into a family outline, that may end up in some sort of book form, together with photos, stories, etc.

I hesitate to add these addresses, lest they not be accurate by this time: but some of you may know them:

Mrs. Claude Van WArner, 7 South St., Edmeston, N.Y. 1335
Mrs. Laura McClentic, 616 Main St., Somerset, MA 02726 (Has adv. for DODGE, PAINE, BALL on Block Island.)

Courthouse Research Report -- PHILADELPHIA CO., PENNSYLVANIA

From personal research at the courthouse at Philadelphia June 1985 by Christine Rose, C.G. and Seymour T. Rose

This is an original county, formed in 1682. What a lot of records there! Fortunately for us in timing, we were able to get into the probate records. We found that if we had gotten there one month earlier, there would have been no access to them! They have just set up their basement and gotten their records in order for the public on the probates. The deeds are upstairs (all in the City Hall).

As can be seen, we got a LOT of important material. The deed indexes took a great deal of time to copy. Unfortunately, I had failed to bring along with me the grantee index that Ellnora Young had prepared and which we are running in the Bulletin, so had to copy that, too! They could not be xeroxed, for they used the cumbersome system of indexing by FIRST NAMES, and thus the last names are all mixed together. We spent some time abstracting deeds, working in cases with VERY FRAGILE books that were falling apart. Some of them appear to be recopied books in older hand but not as old as the original would be, and STILL they are falling apart. We paid particular attention to abstracting partitions knowing that we had limited time. We spent a lot of time abstracting the probates, for we tried to do a fairly thorough job on that on the first trip. There is still more to be done on that, but the tremendously valuable information will be seen. I have not had a chance to digest any of this - we have been home only a few days and there are many reports to get out. However, when I am able to study and correlate it, know there will be lots that is new.

You are getting the benefit of about 24 hours of actual research between the two of us, and another 2-4 in typing it all up and proofing it! Your "investment" is bringing you a lot of material!! You can help us by letting others know of the report - we spent a lot of extra time there knowing that there are so many families who will eventually trace back to Philadelphia, and your help in letting others know that the report is available ($15.00) will help us reimburse our expenses in going there. THANK YOU!!

Christine Rose

July 1985

P.S. We hope to get back into Philadelphia to do more abstracting of the deeds, and to get into more of the naturalization, etc. books that are there.

NOTE: Numbers above are the FILE NUMBERS of the ORIGINAL ESTATE PACKETS These usually have the original wills, plus the bond, inventory, etc. The Book and page reference is the COPIED WILL in he Will Book. We tried to look at the original record when possible, but in some cases it was quicker to look at the Will Book and abstract some while the clerk was busy doing other things. In the cases where we took abstracts from the WILL BOOK instead of the ORIGINAL FILE, it is to be noted that there could be other important papers in the file.

If we abstracted the ORIGINAL FILE, there is a check mark on the left. If we abtracted the will FROM THE WILL BOOK, there is a check mark by the bok and paage reference on the right.

JOHN R. ROSE AND ANNIE (COX) ROSE FAMILY

Meigs Co., O., Monroe Co., O., Jackson Co., W. Va., Dane Co., Wis., and New York

Note: This is subject to corrections, additions and omissions and is only for the purpose of further research. This was compiled from records in the huge Rose "master index," census records, deeds, etc., and from the the valuable assistance and compilations of Betty (Mrs. Gordon) Rose of Newark, Ohio, Evelyn Martin of Davenport, Iowa and others of the family.

(1)

John R. Rose was b. ca 1787-1792 in New York state and near New York City (bio.). He d. 20 Apr. 1878 aged 91 (tbs.; bio. says 12 Apr.). It is believed that his residence was Jackson Co., W. Va. at the time of his death, but he is buried in a cemetery about 2 1/2 miles from John W. Rose farm in Basham, Meigs Co., Ohio.

He m. in New York state (bio.) to **Anne "Annie" Cox** who was b. N.Y., died in Dane Co., Wisconsin (bio.). From an old letter still extant, in possession of John H. Province, written about 1814 by Stella Jones, it is stated that "Anney Rose wife of John R. Rose who died October 1855." The family did not seem to know what relationship there was between their Elisha Rose who married Elizabeth Cox (see later in this report) and John R. Rose; but in this same letter it shows "Henry Rose son of John R. and Anney Rose died April 12, 1842 Rebecca Rose Daughter of John R. and Anney Rose died April 12, 1842" (note the same death date).

Betty Rose of Newark, Ohio has found that in the LDS microfiche there is listed the marriage of Ann Cox to John Roos, 7 Feb. 1811, Ulster Co., New York, Shawangunk Dutch Reformf Church. This is referenced as Sealed & Temple Int. (Cleared S) m507101 P. 0819 of Serial Sheet, page 3246 of micro-fiche and also listed on page 12,371 of micro-fiche under John Roos. She has been unable to learn more of the source, but understands that the M in front

of the number has certain restrictions. (A record recently received from Bernice Weir shows that in NYG&B 86:14 the marriage of John Roos to Ann Cox 7 Feb. 1811 is recorded in the Dutch Reform Church in Catskill, Greene Co., New York. This should be re-checked.)

From records in the Rose Family Association's "master index," we find that church records of New Hurley in Ulster County show:

Bp. Feb. 5, 1792, Johannes Roos b. Jan. 15 to Elisha Roos and Sary Hyns. Sponsor Johannes Roos.

We also find that Elias Roos and Sarah Hains had a son George Roos b. 26 Nov. 1797 Shawangunk Reformed Church Register, Ulster Co., New York. We believe this George to be the George Rose whose birth is stated as 26 Nov. 1799 in Nannie L. Fordyce's The Life and Times of Reverend John Corbly and the John Corbly Family Genealogy, 1970. Though this states he was born in Sullivan Co., New York, that county was not yet formed at that time and the parent county is Ulster.

The above George Rose is said to have gone to Greene Co., presumably Pennsylvania from other records of the family. It therefore becomes interesting to note that John R. Rose, subject of this report, was also in Greene Co., Pennsylvania, before his move into Ohio! Surely this is not all coincidental - it would appear that we have two brothers here, both later known as Rose, who went into Greene Co., Pennsylvania perhaps at or about the same time. However, we still seek further proof.

It is to be noted that family records of descendants of John H. Rose of Greene Co., Pennsylvania do show an Elisha Rose in their ancestry. If the above proves to be correct, we may have still further clues on the family for a Johannes Rosa and Margaret Terwilge(r) had a son Elias bp 17 May 1753 at Shawangunk. This **may** be the Elias/Elisha who married Sarah Haines.

For clarity in this report, I am referring to John as John 1; to the next generation as 2; etc. However, this is not to be inferred as meaning that John is the immigrant ancestor - I am assigning him this designation only for clarity since he is the first generation subject of this report.

From Historical & Geographical Encyclopaedia Special History of the Virginias Map & Histories of Jackson, Wirt and Calhoun Co., W. Va., H. H. Hardesty & Co., Chicago & Toledo, 1883 p 2:

> Benjamin Lewis, son of Benjamin and Elizabeth (Brookover) Lewis was born Greene Co., Penn. July 3, 1820. Later in life, his parents settled in Monongelia Co., W. Va. and in 1845 the subject of this sketch cast his fortune in with the people of Jackson Co., W. Va. In Meigs Co., Ohio December 3, 1843 he wedded Sarah M. Rose and their children are...John

R. and Annie (Cox) Rose, the parents of Mrs. Lewis were raised near the City of New York and married in New York State. They removed to Greene Co., Penn. where their daughter Sarah M. Rose was born March 25, 1826. At a later date they went to Monroe Co., Ohio then Dane Co., Wisconsin where Mrs. Rose died. Mr. Rose returned to Ohio, settling in Meigs Co. where was his home until Apr. 12, 1878 (note: This cannot be wholly correct for he is listed in the 1860 and 1870 census of Jackson Co., W. Va.; also, tbs. shows his death as 20 Apr.)...

It is to be noted that the list of children as given must be proved. Family records of Evelyn Martin (who traces John H. Rose) show that John H. Rose had brothers and sisters Lish (who we believe is Elisha), Cyrenius, Henry, Daniel, Simon, Charles Wilson, Hetty, Becky, Leah and Sarah. Her notes also show the mother as J. Ann Cox, and therefore, it would appear that this is indeed the correct family. The records fit remarkably well with this family, and the locations. For the purposes of this research report, we are assuming that these are all indeed children of the subject of this report. But it should be kept in mind that we need proof. The only child on which we have "proof" is Sarah M. who m. Benjamin Lewis, for as noted previously in this report, her parentage is given in a biography. Charles W., Uz and Hetty are listed in the 1850 census, but...though I believe that Charles W. is indeed a son, and likely the Charles Wilson Rose given in Evelyn Martin's records, I have my doubts about Uz and Hetty. I believe that they could be **grandchildren**; in particular, I think Hetty is a grandchild for she is aged 6 in 1850 census. There is another Hester Rose b. 1817 who m. John Scott Barber; I think it more likely that **she** is daughter of John and Ann Rose.

It is to be noted that John Rose died 20 Apr. 1878, and though buried in Meigs Co., Ohio, may have died in West Virginia since he was living there in 1870. Or, it is possible he was in Meigs County visiting some of his family at the time of his death. It would be important to locate an estate file, a death record, and/or an obituary on him. If he owned land at the time of his death, it is not known. Betty Rose who has made a careful examination of this family could not locate any deeds in Meigs County for him after 1855, and could not locate any at all in his name in Jackson County, West Virginia.

I do not find a record of war service for John R. Rose, which is somewhat surprising for he was the right age to have served in the War of 1812. If he had served, he probably would have applied for land bounty under the acts of 1850 and 1855, which he did not. It is possible since he married about that time that he hired a substitute to serve in his place; or, as a married man with young children, may not have been subject to call unless he volunteered.

Records of Evelyn Martin indicate that an Elisha Rose was father of John H. Rose (see section 3); however, from the evidence it appears that he is probably son of John R. Rose.

However, it is likely that an Elisha Rose is connected. There is an older Elisha Rose in the records of Licking Co., Ohio and other Ohio Counties, who by his age 81 in 1850 was born ca 1869. This Elisha Rose may be a brother of John R. Rose, subject of this report, or possibly his father. See **Appendix A** for further information, including for further study.

Cyrenius 2 Rose (John R. 1), b. ca 1815-1820 in Pa., possibly in Greene Co. since the family was known to be there. His date of death is unknown. No land record has been found for him in Jackson Co., W. Va., nor a will in either Meigs Co., Ohio nor Jackson Co., W. Va. It is possible that he left his wife in W. Va. in his old age and lived for a short time before death with son Andy on the Ohio side. He has not yet been located in the 1900 census. It is said he is buried next to wife Julia in Morse Chaptel (according to gr-grandson Charles H. Watson of S. C.).

For some medical reason, the claim for exemption for Civil War service was granted to John H. Rose of Davis Co., Iowa on 14 Oct. 1864.

Record of Elsie Ferro states that John and Sarah Rose took the ferry boat down the Ohio River, then went up the Mississippi River to Keokuk, there they bought a wagon and teams of oxen and drove to West Grove township. There they bought 40 acres of land for team of oxen, wagon an 200 hundred dollars.

Sarah M. 2 Rose (John R. 1), b. 25 Mar. 1826 Greene Co., Pa., d. unknown, m. 3 Dec. 1843 Meigs Co., Ohio **Benjamin Lewis** b. 3 July 1820 Greene Co., Pa., d. unknown, son of Benjamin and Elizabeth (Brookover) Lewis.

The parents of Benjamin Lewis moved to Monongalia Co., Va. (now W. Va.) when he was a small child. In 1845 he "cast his fortune in with the people of Jackson Co., W. Va."..."farming is the occupation of Benjamin Lewis and his address Ravenswood, Jackson Co., W. Va..." (Hardesty, Hist. & Geo. Ency. Special Hist. of the Virginas, 1883, p 2).

Sarah's parents moved to Monroe Co., Ohio sometime around 1840 where they are listed in the 1840 census next to Cyrenius Rose. By 1843 they had moved to Lebanon twp., Meigs Co., Ohio. Was it because Hester Rose who married John Scott Barber before 1840 was living there? It is assumptive that this Hester Rose was a daughter of John R. Rose, but it does fit family records stating that he had a daughter "Hetty".

Benjamin Lewis entered into a contract 27 Mar. 1868 with John Daniel David Rosset of N. J. to purchase the land where one certain "Cyrena Rose" had formerly lived and where he, Benjamin Lewis and family were now living, for the sum of $500. This land contained 100 acres and was located on the headwaters of Strait Fork of Sandy Creek in Gilmore twp. in Jackson County in the eastern one half of a tract of 5,676 and 3/4 acres patented to an Albert Gallitin July 1795 and later sold to John Daniel D. Rosset of New Jersey (Deed Vol. 19 p 297).

From birth records of children, Benjamin Lewis was listed as a cooper.

Charles Wilson 2 Rose (John R. 1). It is said in records of Evelyn Martin that the wife and child started to Iowa, was supposedly drowned. Further unknown. There was a Charles Rose in 1880 census of Independence Co., Ia.; he was born in Pennsylvania and his wife was born in Virginia.

According to records of Betty Rose, there is a Charles W. Rose who bought land in Meigs County in 1844, and who sold land in 1851; however, it is to be noted that this Charles Wilson Rose was born ca 1832 and could not have bought land in 1844. There must be another of that name in the area.

Henry 2 Rose (John R. 1), said to have been killed trying to outlift a Black, by lifting heavy mill lumber. Henry Rose was extra large stout young man. (Martin). Further unknown.

It is possible that he is the Henry Rose listed in 1820 Census of Guernsey Co., Ohio. It is interesting that he is listed in this census on the same page as **Elisha Rose**, and it is said that an Elisha Rose is connected with the John H. Rose family (who may be son of John R. Rose). Simon 2 Rose (John R. 1), further unknown.

It seems likely that he is the Simon S. Rose who, according to records of Chris Robinson, m. 1st, **Mary Griffith**, m. 2nd, **Armiticia Salady**. The family tradition of this family is that Simon S. Rose served in the Civil War, Union. While in the army his house burned, but his wife Mary and his children were saved. Simon got leave from the army and moved his family to Sciotoville, Scioto Co., Ohio. Simon returned to the army until his term of service was over, then moved his family to Madison, Wisconsin, and still later, returned to Scioto Co., Ohio where Mary died at the age of 37. She is buried in Mead Cemetery, near Slocum Station and Dixon Hill, in Scioto County.

APPENDIX A

ELISHA ROSE FAMILY

Records of Evelyn Martin's family show that an Elisha Rose is connected to John H. Rose family, evidently as father. From our search of the family it appears to me that John H. Rose is a son of John R. Rose. However, Betty Rose has located records on an Elisha Rose, following, and he may be father of John R. Rose, or brother of John R. Rose. It is included here for further study.

USE OF REPORT

I have used the "register" system in numbering this report. The earliest known Rose (in this case John R.) has been numbered as (1). In the list of children, note that each has a roman numeral, and **some** have an arabic numeral. Those with arabic numerals (i.e., 2, 3, 4, etc.) are then carried forward to a section that is labeled as (2), (3), (4), etc. In this manner, you can follow those children into their separate sections.

SPECIAL NOTES

These computerized reports are updated constantly, with new items being inserted whenever they are found. Therefore, the page numbers of **your** report may not be the same page numbers are on someone else's report. If corresponding with someone who also has a copy of the report, it is best to use **section numbers** (the number heading the section such as (8), etc.) rather than page numbers.

Also, the computer automatically makes the page breaks, and sometimes they fall in strange places. You could find for instance part of a census listing on one page, with the rest on the following page. Or, you could even find the section number at the bottom of one page, and the section on the next. It would be very time consuming to check each report before a print-out and to make these changes, so we suggest that you always check the following page for anything that might appear on that!

TORMUT ROSE FAMILY

Note: This is subject to corrections, additions, etc. and is only for the purpose of further research.

(1)

Tormut Rose born about 1632 evidently in Northern Scotland, died 1684, buried on Block Island, R.I. It is said that he married 22 July 1676 **Hannah George** b. 7 Sept. 1648 at Braintree, Mass., d. 1692, buried on Block Island, daughter of Peter and Mary (Romig?) George. More of this later.

It is also said that Tormut Rose was a Scotch Highlander and was taken prisoner at the Battle of Dunbar in 1650. Also, that he was indentured to the Robert Ricks Iron Works at Block Island, R.I. He went to the Island in 1662 and was made Freeman in 1664.

We are indebted to George Rose of Indianapolis, Indiana descendant of Tormut Rose, for the following account:

> Some of the historians state that he was one of the Scots who was taken prisoner at the Battle of Dunbar, in 1650, when the future Charles II was seeking to gain the throne from the Puritan Oliver Cromwell. The Prince's supporters among the dissident Scots had apparently levied up the young Highlanders to fight for Charles. Although the Stewart forces exceeded the Puritans, and were better placed for battle, they allowed the advantage to pass to the Parliamentarians. As a result the armies of the supporters of Charles were decisively defeated at Dunbar in 1650, and at Worcester in 1651. Many of the Scottish prisoners, numbering 3000 were sold as indentured servants and sent to various colonies, including Massachusetts.
>
> Some writers state that Tormet Rose was sent to America on the "John and Sara", but the ship list preserved in Suffolk Deeds does not contain his name. Many of these Scots had been purchased by the Becs Company which was attempting to make iron at Saugus and Braintree. It is probable that he was sent on an earlier ship, "The Unity", for which unfortunately no ship list has been preserved. Many of the Scots went to the ironworks at Saugus and Braintree, where they were allowed by Parliament the next year to pay back

their passage cost to regain their freedom.

There were a number of those named Ross and Rosse, on the "John and Sara" list appearing in Suffolk Deeds, but no one named Duncan Rose or Ross, or Tormet Rose. Hence his advent into the colony is unknown.

He was one of the 16 purchasers of Block Island, who bought the island from John Endicott, Richard Bellingham, Daniel Dennison and William Hawthorn for 400 pounds. In 1661, he went with the first settlers to the island, to New Shoreham, from Taunton, as a tenant of Thomas Faxon of Braintree was one of the original purchasers of Block Island. On Sept. 17, 1662, Faxon sold land at New Shoreham to John Williams of Boston "now in possession of Wm. Toys (i.e., Tosh or MacIntosh) and Dormat (i.e. Dermot Rose) Scotsmen, tenants of said Faxon, reserving 5 acres of upland for the said Scotsmen. (Suffolk Deeds, Bk. IV, fo. 54-55). He soon received Lot 3 in a division of lands in the north part of the island and Lot 3 in the western part of the island, having as partner in ownership of both lands Nathaniel Wingley. This deed describes him as Dormat, which indicates that his name my have been Dormat or the Gaelic Dermot originally, and later corrupted into Tormet. Dr. Charles Francis Banks speaks of him as Dermot Rose, in his article on the Scots shipped to Massachusetts to serve as indentured servants in the iron works.

He married at New Shoreham, July 22, 1676, Hannah George, daughter of Peter and Mary Ray? (sic, Romig) George of Newfoundland. Peter George was one of the first settlers of the island, and had been induced to come to teach the settlers to fish.

In 1664, Tormet was made a freeman. In 1676, Assistant Warden.

An inventory of his estate was made Aug. 1684. It included 152 Lb., 15 S., 8 p., personal, viz. silver money, 7 Lb., 14 s.; Indian man, 12 Lb., sheep, swine, 47 Lb., 9 s., 4 oxen 2 steers, young cattle, 15 Lb., 13 cows, a bull, horse, mare, pewter, gun, apparel. Real estate, 243 acres with house, 263.8 acres of Indian corn, English corn blasted.

On 1 Oct. 1684 distribution of his estate was made by Town Council for orphans of Tormet Rose, who died intestate. Executors, Hannah Rose, widow, and Robert Guttridge, to be guardian of John Rose, only son of deceased, until John is of age; to daughter Hannah Rose, 50 Lb. at 21 or marriage. To daughter Mary Rose, 50 Lb. at 21 or marriage. To widow, Hannah Rose, her 2/3rds while she is a widow. B. 1648, D. 1692.

After the death of Tormut Rose in 1684, Hannah (George) Rose married 11 Jan. 1685 Block Island, R.I. (though the printed VR shows "Theodate" Rose) to James Danielson (Donelson), a fellow prisoner and close friend of Tormut Rose. To this marriage was born one son, James Jr. b. 15 May 1687. Seven years after their

marriage Hannah died and was buried with Tormut Rose on Block Island. Mary Rose, daughter of Tormut and Hannah Rose, married in 1700 her step-father, James Danielson, and they moved to Windham Co., Conn.

Who is? Tormuet m. 22 July 1696 (Newport Co., R.I. VR Bk 1 p 45), had Daniel, same page ref., born 6 May 1696? Corrections and Additions to Volume 4 of Arnold's Vital Records for the Town of New Shoreham by G. Rothwell Burgess give this date of marriage as 22 July 1676 but from xerox it appears to me that this is 1696. This same source gives the birth of Daniel as 1 May 1677 but this appears to me to be 6 May 1697. If this is in the 1690's and not the 1670's, then---who is **this** Tormuet Rose and Hannah, and Daniel Rose? An examination of the original will be necessary to settle this question of date!

This marriage is also recorded also in Newport County records (see Arnold who shows m. by John Littlefield, Warden). We have a xerox of a record which appears to be possibly from a bible or perhaps a xerox from town records. It gives the name in the marriage record as **Tormut Rose** rather than Fearnot Rose.

***Remarks:** A daughter Elizabeth is listed in charts of Fred W. Rose but is **not** listed on a xerox of listing of Fearnot's marriage and children which appears to be taken either from a family bible, or possibly from town records. He states she m. Rev. Enoch Rose but this may be a mix-up between Elizabeth (Dickens) Mott who did marry Rev. Enoch Rose - see paragraph (25).

Abraham 4 Rose (John 3, John 2, Tormut 1), m. **Phoebe ---**; her will probated 15 Jan. 1781 (or 178_7_, Stewart). Lived Deerfield, N.J. He was a tailor.

The wife of Abraham Rose may have been a **Hildreth**. Abraham Rose and Phoebe his wife were executors of the James Hildreth estate; his will probated 1 Apr. 1779 in Long Island. James Hildreth did have a daughter named Phebe. Assumptive that these are the same people.

He probably had more children. William Rose and Abraham Rose Jr. both moved to Indiana.

Abraham Rose, and wife Phoebe, made deed to Henry Gillay (or Gellay), cordwainer, of Philadelphia, for land purchased by Abraham of 15 Mar. 1757 of Thomas Mayhew. The witnesses were Jacob and Lydia Richman, and was never recorded. Endorsement for the consideration of fifty pounds witnessed by Amy Foster.

Estate of Phoebe Rose, of Deerfield, amounting to 27 pounds and 8 shillings was appraised 15 Jan. 1787. Only a slip of paper exists concerning it according to Stewart. I have tried to locate this estate but have been unable to find any record - only the mention by Stewart in his article on the Rose family of Salem County.

Children: ROSE, probably others.
26. i. William b. 24 Apr. 1757, m. 1st Hannah Burroughs, m.
27. 2nd Rachel Dubois
ii. Abraham jr. b. 10 Apr. 1766, m. Catharine Robinson

Remarks: We have no documentary proof that Abraham 4 Rose was the father of William and Abraham jr., though there is no reason that it cannot be so. However, with so many people descended from this branch we are anxious to obtain some documentary evidence - estate papers, bibles, old letters - something that will give us a definite tie to Abraham 4 Rose. Also, I am anxious to determine positively that his wife was a Hildreth. I think that an examination of estate papers in N.J. and on Long Island may be enlightening.

office enclosing her papers. Unfortunately, the pension office returned her papers for further information, and evidently they were never returned for they do not appear in the file. In this same pension file, Isaac Horner on 27 Apr. 1847 made an affidavit from Monongalia Co., Va. stating that Charles Rose was of Amwell twp., "Hunting" Co., N.J., and that he must have served for all over 16 did.

I believe without proof that this Charles Rose is the one who m., bond 13 Jan. 1781 in N.J. to **Rebeckah Mulliner**, Charles Rose and Stephen Moore of N.J., bondsmen).

Further, I believe that this Charles Rose can be identified as the Charles Rose who died testate in Monongalia Co., Virginia leaving a will dated 6 June 1816, proved Sept. Court 1816, in which he names his wife Rebeckah, sons Charles Rose (the youngest), John Rose, Thomas Rose and Hopkins Rose, and names daughters Mary, Rachael, Rebeckah, Hannah, and Frelove Rose and Aley Conner. He named as executors his wife Rebeckah and Doctor Lewellin. It is witnessed by Francis McShane, Jacob Smith, George Morris. The will of William Rose is dated 14 Mar. 1825, citizen of Union Co., Ind., to wife Rachel Rose 1/2 part of personal estate, together with fifty dollars per year during her lifetime if she shall relinquish to sons John B. and Abraham her dower rights in the bequest to them; if she should not accept this, the whole of personal estate to two said sons except her dower 1/3; to son Abraham the west moiety or half of the 1/4 section of land whereon I now reside, it being the section I some years since purchased of John Roberts, together with undivided moiety or 1/2 part of tract of land adj. the sd 1/2 section cont. about 20 acres and is commonly called the Mill Tract, it being the same I purchased some years since of John Brown Junr, both tracts in Union Co.; to son John B. A COURTHOUSE RESEARCH REPORT: CUMBERLAND COUNTY, NEW JERSEY

Prepared from personal research of Christine Rose, C.G. and Seymour T. Rose at the Courthouse in Bridgeton, New Jersey in June 1986.

This county was formed in 1748 from Salem County. Therefore, any person looking for early Rose families of this county should also consult our report on Salem County (write for details).

This county has a lot of important records - see the attached report. However, it is to be noted that most of the Colonial records of New Jersey have been transferred to the State Library in Trenton, and thus, those records needs to be thoroughly searched also.

FOREWORD

This listing from the 1850 federal census for ROSE could not have been accomplished without the help of Rose Houston of Smithville, Texas. Rose and I have worked on this for about three years, and have devoted hundreds and hundreds of hours to the project. We attempted to obtain the Rose listings from the complete 1850 federal census by first using published indices (primarily Accelerated Index Systems or "A.I.S.") and supplementing it with lists sent by other correspondents.

First, Rose extracted the listing using an index. I then cross-checked this against the index, and against every listing sent to me by correspondents. Rose then re-checked the differences and additions with the film, and returned them to me for final typing and indexing. You can well imagine the amount of time this project occupied, for the two of us!

Those of you familiar with the federal census know that 1850 is the first year in which each person in the home was enumerated individually by name, age and place of birth. Rose copied the names exactly as they appeared on the census making no inferences. Thus, Wm. is Wm. and not William. Ben. is Ben. and not Benjamin, etc. Elisabeth is not Elizabeth, etc. She also noted the other pertinent information.

Rose used the new page number and in most instances the township or district when given. It is to be noted that the Post Office name is usually different than the township - if you know only the PO, realize in checking the lists that it may differ from the township name.

Rose notes that in the 1850 census the page numbers are not all individually marked, and often people mis-interpret the page numbers. Be sure if you are checking the film that you note the numbering system.

When there was more than one family in a dwelling, Rose in most cases took these listings too. You may find 560/561 John Miller family, and /562 John Rose family, indicating that the John Rose family lived in the dwelling of John Miller. This can often provide clues on family relationships.

When using these lists keep in mind that they can only be as accurate as the published indices, since they were used as the basis, and there are bound to be omissions. We have added many listings not in the indices, but we have not undertaken a page-by-page search of the film. If you do not find the Rose you seek, personally check the microfilm and particularly watch for variant spellings: Rows, Rowes, Roas, Roze, Rowse, Rowze, Roes and even Ross. If you find errors or omissions, please do let us know.

Rose and I hope you find this list helpful!

EZEKIEL ROSE FAMILY

Washington County, Pennsylvania; Roseville, Ohio

Note: This is subject to corrections, additions etc. and is only for the purpose of further research. It represents our personal research trips to Washington, Greene, Bedford and Cumberland Counties, Pennsylania, Hampshire County, West Virginia, Frederick County, Virginia and Frederick County, Maryland in search of records. It also represents sharing of descendants of their research (see last page for Acknowledgements).

There is an unpublished manuscript in the Library of Congress (complete copy in possession of Christine Rose), compiled by Sarah Augusta (Prior) Smith, 1922. This contains loose papers, news clippings etc. of this family. Those believed by Mrs. Smith to be brothers and sisters:

i. Ezekiel Rose b. ? , d. 1818 Muskingum Co., Ohio, m. Mary (Hinds/Hines?) (NOTE: Subsequent research proves she was formerly Higkins, though she may have been nee Hines)
ii. Abigail b. 27 Nov. 1758, m. 1st Nathan Prior, 2nd Joseph Ekelberry; she d. 1 Aug. 1825. Her brother John raised her son John Prior.
iii. John m. Hannah ---; lived Greene Co., Pa. (from others sources, m. Hannah Addelman)
iv. Tychicus Rose, m. Catharine ---
v. William?, lived Bath Co., Virginia

The above is unproven, but my own research does bear out that Tychicus Rose and Ezekiel Rose were probably related and could be brothers. I have been unable to identify John Rose who married Hannah Addelman, and believe he could also be a brother. This report is concerned only with Ezekiel Rose; I also have available a computerized report on Tychicus Rose, and one on John Rose who married Hannah Addleman - inquire for details).

(1)

Ezekiel Rose, parentage unknown. Some sources state he came from England but no documentation has been located, and my

personal belief is that he was born here. His birthdate is unknown, but if he is the Ezekiel Rose who at a court held for Augusta County at Fort Dunmore February 22d, 1775 was appointed Constable with others (Boyd Crumrine, _Virginia Court Records in Southwestern Pennsylvania: Records of the District of West Augusta and Ohio and Yohagania Counties, Virginia 1775-1780_ (Baltimore, Gene. Publ. Co., 1981, I p. 532) he was born by or before 1754. He died between 23 Mar. 1818 (date of will), and 25 May 1818 (will proved), Newton twp., Muskingum Co. Ohio. He m., date and place unknown, **Mary Higkins**. The _Smith MS._ calls her **Hinds** or **Hines**, but a deed in Washington Co., Pa. (BK 1-R p. 309), dated 21 May 1800, calls her "formerly Mary Higkins." It is possible that Higkins was her name from a previous marriage.

The manuscript of Sarah Augusta Smith states that he was first in Bedford County, Pennsylvania. I believe that may be correct, for later members of Ezekiel's family, and members of the Bedford County Roses, went into the same Ohio area. Published DAR records in the state of Ohio indicate that he lived in Cumberland County, Pennsylvania prior to and during the Revolutionary War, and that he then removed to Bethlehem twp. in Washington County, Pennsylvania. He went into Perry County, Ohio perhaps about 1794. He is said to have been a surveyor, and laid out the town of New Milford in Ohio; this was later changed to Roseville, Ohio.

W. F. Horn, _The Horn Papers: Early Westward Movement on the Monongahela and Upper Ohio, 1765-1795_, 3 vols., (Scottdale, Penn.: Herald Press, 1945), Vol. II, pp. 504-505 give a puzzling account:

> "Ezekiel Rose, of English descent, was born in 1722. He settled in Virginia at Charles City in 1748, and in 1774 located in West Bethlehem Township, Washington County. His wife's name was Margaret, and their children were, John, David, Jacob, Levi, Rebecca, Margaret, Catharine, and Mary. He warranted 368 acres of this tract on March 2, 1785, surveyed April 27, 1785, patented March 29, 1786. Ezekiel Rose and sons were millwrights. He died in 1789, and his wife in 1806." (p. 504).
>
> "John Rose was the eldest son of Ezekiel Rose. In 1787 he settled in what is now Morgan Township, on land, a part of which was patented by Daniel Wilson, and purchased by John Rose in 1791. In 1784, he married Katherine Wise. They had the following children: David, John, Eli, Lot, Leonard, Jacob, Rebecca, Margaret, Priscilla, Mary, Thomas, Eden and Emmon." (p. 505).

This record from the _Horn_ papers is thoroughly confusing. It does not match what is known of the Ezekiel Rose family, and does not include a son by the name of Ezekiel Rose who could be the one who is subject of this report. Was there indeed an Ezekiel

Rose with a wife named Margaret? The Horn papers are clearly in error in stating that Ezekiel Rose with wife Margaret was the same one who warranted land 2 Mar. 1785. The records are clear that the patentee was Ezekiel Rose who had wife Mary and was later of Ohio. Does this mean there are other errors also in the Horn papers? (See William and Mary Quarterly, 3d Series, 1947, vol 4, pp. 408-445, Arthur Pierce Middleton and Douglass Adair, "The Mystery of the Horn Papers," for lengthy article regarding the doubt as to the authenticity of the Horn papers).

It is barely possible that we have three Ezekiel Rose, and should keep all possibilities open.

Though Ezekiel Rose is said to be the same Ezekiel who was of Cumberland County, Pennsylvania, this compiler was unable to find any references to him in the deed index or probate records there. However, it is said that there are many missing records of Cumberland County. He is said to have served in the Revolutionary War from Cumberland County, and though he did not live long enough to apply for a pension for his services, there may be a MILITARY file available at the National Archives in Washington D.C. that may have further clues. It is also possible that the Adjutant General's office in Pennsylvania would have military records. The Pennsylvania Archives 5th Series p. 419 indicates that he was Captain in a militia. From the 3rd Series of the Pennsylvania Archives, Ezekiel Rose was listed in a tax list of Milford township in 1785 with 1 horse and 1 cattle (p. 741).

(I should note here that some D.A.R. records are in error in showing that Ezekiel Rose was b. in 1745 Penn. or N.J., d. Muskingum Co., Ohio 1814, m. 1st Harriet Solson (Colson) b. 1747 Penn. or N.J., d. Washington Co., Pa. after 1860, m. in 1766 or 1767; he son of Ezekiel Rose born in New Jersey. They have made a serious error in mixing Ezekiel Rose, son of Uriah and Rachel (Dubois) Rose, with Ezekiel Rose of this report. Ezekiel, the son of Uriah Rose, did indeed marry a wife named Harriet Colson, but he wasn't even born until 11 Sept. 1800! I mention this only to forewarn searchers who will locate this D.A.R. record.)

I believe that Ezekiel Rose of this report is a brother of Tychicus Rose of Washington County, Pennsylvania. One reason for believing this, is that there is a deed in which Ezekiel Rose and his wife Mary deed land to Tychicus Rose for a price, in Washington County, 90 acres called "Rose's Choice," 26 Jan. 1789. (Washington Co., Pa. Deed BK 1-D p 334). Also, in the Minute Books of Hampshire County, Virginia (now West Virginia) for 1788-1791 (p. 495), a "Bargain and Sale from Tychecus Rose to Ezekiel Rose was proved by the oath of Cornelius Ferree? and Thomas Williams two of the witnesses there." There is no record of the actual deed in the deed books. It is interesting that Tychicus Rose was "heir at law" of Robert Rose on a land grant in Frederick County, Virginia dated 22 Feb. 1792, for land on Sleepy Creek. He is evidently the same Robert Rose who bought land on 29 Dec. 1768 in Frederick County, Maryland, the deed specifying

him as Robert of Hampshire County, Virginia (Frederick Co., Md. Deed Book M, pp,. 52-53). He sold this land 25 Aug. 1772, again designated as Robert of Hampshire Co., Virginia, and at this time Johana Rose wife of sd Robert Rose relinquished her right of dower (Frederick Co., Md. Deed Book P, pp. 433-434). The importance of the possible relalationship of Tychicus Rose to Ezekiel Rose can thus be seen, though the relationship of Tychicus to Robert has yet to be established. As his "heir at law" he could be a son, or even an older brother if Robert's wife predeceased him and Robert left no children. It should be noted that descendants of both Ezekiel and Tychicus Rose went into the same general Ohio area. The question about a relationship between Tychicus Rose and Ezekiel Rose becomes important to us, for there is a land grant dated 22 Feb. 1792 for land on Sleepy Creek in Frederick County, Virginia. The grantee is "Tychicus Rose Heir at Law to Robert Rose Deceased." If Tychicus Rose is a brother of Ezekiel Rose, this deed or grant becomes important, for - **who is this Robert Rose?"** Is he the **father** of Tychicus Rose? Or, a **brother** of Tychicus Rose? (See report of Tychicus Rose for a fuller discussion.)

Though I was unable to find any deeds in the deed book of Hampshire County, Virginia under the name of Ezekiel Rose, the following was located on microfilm while at the State Archives in Charleston, West Virginia:

> Minutes, Roll #75, 1795-1798, p. 482. Court of 18 Sept. 1797. Deed of Bargain and Sale from Ezekiel Rose and Mary his wife to Michael McKairnan, this day approved by Oath of Cornelius Ferree one of the witnesses thereto.

> Ibid., Minutes, Roll #79, 1798-1799 and 1823-1827, p. 232, Court of 17 Sept. 1798, Indenture of Bargain, Ezekiel (Rose was wrtten but scratched over) and Mary his wife, further proved by oath of Isaac Ferree one of the witnesses.

However, I was unable to find any record of this in the deed books of Hampshire County, and it may be that for some reason it was not recorded. It is to be noted that the above items did not state "and ordered to be recorded." However, these records are nonetheless vastly important in tying Ezekiel Rose to Hampshire County, Virginia, where Robert Rose lived (who had Tychicus Rose as his heir at law). Records of Tychicus Rose also appear in court records of Hampshire County (see report of Tychicus Rose for further details).

There is another Rose by the name of **Isaac Rose** who I believe may be related to Ezekiel Rose, and even possibly a brother. Ezekiel had land warranted 26 Jan. 1785 in Washington County, Pennsylvania (as previously noted), and **just about two weeks later Isaac Rose warranted land in the same county!** Does this indicate a possible relationship? I do know that there was more than one Isaac Rose in Frederick County, Virginia (where Tychicus Rose had grant as heir at law of Robert Rose). Isaac Rose of Washington County, Pennsylvania married Margaret Leyda,

and died testate in Mercer County, Pennsylvania in 1822. His family is fairly well established, though we have no clues on his ancestry nor his locations before his warrant in Washington County. All these possible connections need to be thoroughly studied.

To learn more of the Ezekiel Rose family it would be important to obtain photocopies of all the available records possible - marriages, wills, deeds etc. Some are already in possession of this compiler, but it is particularly important to obtain any from Cumberland County tax lists, militia lists etc., and to further examine Hampshire and Fredericks County.

Ezekiel Rose was in the township of Milford, Cumberland County, Pennsylvania in 1785 with 1 horse and 1 cattle (Vol. 20, 3rd Series, Pa. Archives p 741).

Ezekiel Rose died in Newton twp., Muskingum County, Ohio leaving a will dated 23 Mar. 1818, proved 25 May 1818. He gives to his daughter Rachel Prior, to son Ezekiel Rose, to daughter Sarah Williams, to daughter Nancy Smith, and son William Rose, 84 cts. each; to daughter Hannah Rose the balance of the estate. Daughter Hannah is executor. The will is signed by a mark, and witnessed by Benjamin McClain, Chauncey Ford, John Weylie, and Joseph Weylie. Letters were issued to Hannah Rose 27 July 1819 (#212). Settlement #445. (Muskingum County, Ohio). Though the present compiler has photocopy of the above will, it is important to check for further papers in this file. I am somewhat puzzled about the omission of a wife in his will, since Mrs. Smith indicates she died 1827, and this bears further investigation.

I cannot leave this discussion without adding that it has been stated that Rachel Rose b. 1750-51 at Friends Cove, Bedford County, Pennsylvania is a sister of Ezekiel Rose. She married 1768-69 to Joseph Friend Sr., and she died 15 Aug. 1832 age 81 at Perry Co., Ohio. Her husband died in 1806 and is buried in Colerain twp., Friends Cove, Bedford County, Pennsylvania. I have my doubts that she is a sister of Ezekiel Rose, though I do think she is related in some other manner.

From a newspaper article of 1940 (Roseville, Ohio, copied from original at Roseville Town Library and sent to Christine Rose by Margaret Murphy) it is stated "Capt. Ezekiel Rose came from Virginia about 1804 and settled at Deavertown (Morgan county), but after prospecting around he decided that the present location of Roseville would be a good mill site. Accordingly, he bought the land, from whom it is not known, and in 1812 laid out the village which he called New Milford, in honor of his natal place in Pennsylvania, although another story has it that this name was given because of the fact that William Wann built a mill by the ford at Moxahala Creek (this was built sometime before 1820)."

1800 Census - Unknown

Ezekiel Rose of this report, who married, was probably in Ohio at this time and there is no census extant for 1800 Ohio.

There is:

1800 Census Greene Co., Pa.
EZEKIEL ROSE jun. p 60 Cumberland: 1 m 26/45
1 f und 10; 1 f 10/16; 1 f 45+
It is possible that this is his son Ezekiel jr. There is also listed in Cumberland twp. in 1800 Greene Co.,

Pa. a Robert Rose on p 60 with 2 m und 10; 1 m 26/45; 1 f 26/45. I have not positively identified this Robert Rose but I think he is likely Robert the son of Tychicus Rose.

1810 Census - would be in Ohio; census not available

There is:

1810 Greene Co., Pa.
EZEKIEL ROSE, Cumberland twp: 1 m 26/45 1 f 26/45
I don't know if this is the same Ezekiel Rose listed in 1800 Greene Co., Pa. above - the ages are rather confusing.

(Rev.) William 2 Rose (Ezekiel 1), b. 1794 (or b. ca 1795 per 1850 census) in Pa., to Newton twp., Muskingum Co., Ohio, d. after 26 Mar. 1863 (date of his will); m. 10 Apr. 1817, Muskingum Co., Ohio, **Margaret "Peggy" Lowery**, b. 1800, d. 1841 Perry Co., Ohio (her dates from Sally Lowery, could have lived a bit longer for child b. ca 1842 according to 1850 census), daughter of Canada and Sarah (Rose) Lowry. See Tychicus Rose report; Sarah may be daughter of Tychicus Rose). He removed to Hocking Co., Ohio about 1840.

It is said that he resided on Scotts creek, south of Logan, in Hocking, Ohio.

William Rose had his unmarried sister Hannah living with him during her last years; see her section for further details taken from court testimony.

The will of William Rose Senior is filed in Hocking Co., Ohio (I don't have the book and page reference). It is dated 26 Mar. 1863 (I don't have date it was proved). He gave to sons John Rose, David Rose, Ezekiel Rose and Amos Rose and to daughters Jane Stalter, Sarah Van Volkingburg, Malinda Nunnemaker, Rebecca Sidnam and Mary Ann Rose, one dollar each. To son William Rose Jr. the home farm situated in Falls twp. in Hocking County, containing 80 acres, and also the farming utensils such as plow, harrows, hoes, etc. on condition that sd son give daughters Nancy Rose and Margaret Ellen Rose a comfortable home on the premises as long as either of them remains unmarried. He is also to pay them $50 each upon their marriage. To daughter Margaret Ellen Rose, one "muly spotted cow." All personal property not mentioned such as horses, cattle, hogs, bees, wagon and also the household furniture to be equally divided among my sons, Wm Rose Jr. and my daughters, Nancy Rose and Margaret Ellen Rose. Appoints son Wm Rose Jr. executor. Signed it as William Rose, and it was witnessed by John A. Shaw and Andrew Reinstaatler.

Since William Rose was a minister, it may be that an obituary can be located for him in Hocking County; it may contain family information. His estate should be checked for the date his will was proved to narrow down the time of death; his estate may also possibly show his date of death.

Hannah 2 Rose (Ezekiel 1), b. ca 1782, was unmarried. She ws the executrix and major heir of the estate of her father in 1818. In the 1830 census she was living alone, in Muskingum County. I have not located her in the 1840 census, but in 1850 she was living with her brother William Rose in Hocking Co., Ohio.

In court testimony regarding her estate, certain interrogations were made. Though I have a xerox copy (provided by Mary Patterson) it does not give the date. In this, William Rose was sworn and stated that Hannah Rose dec'd was his sister, that she "came to my house about 13 years ago from Perry County, O. I moved her. She was about 67 years old. She was never married." In this testimony he states that she did some labor for about five years, which he considered equal to her boarding. However, for about 6 years she was almost helpless. He states that she always said that he was to receive whatever was remaining of her estate upon her death. John Shaw a neighbor also testifies, and states that he believes a charge of $1.50 per week during the whole time as reasonable (photocopy provided by Mary Patterson of New Jersey).

USE OF REPORT

I have used the "register" system in numbering this report. The earliest known Rose (in this case Ezekiel) has been numbered as (1). In the list of children, note that each has a roman numeral, and **some** have an arabic numeral. Those with arabic numerals (i.e., 2, 3, 4, etc.) are then carried forward to a section that is labeled as (2), (3), (4), etc. In this manner, you can follow those children into their separate sections.

The register system is the most universally used among genealogists, and affords the ease of keeping each generation together. Also, you may start from the present and go backwards by taking the number at the top of the section, (i.e. (11, 18 etc.) and looking back for a section that has a child with this number. Since the numbers are in numerical order starting with one, it should not be too difficult to locate the proper section of the parent in this manner, from the present into the past.

SPECIAL NOTES

These computerized reports are updated constantly, with new items being inserted whenever they are found. Therefore, the page numbers of **your** report may not be the same page numbers are on someone else's report. If corresponding with someone who also has a copy of the report, it is best to use **section numbers** (the number heading the section such as (8), etc.) rather than page numbers.

To the Hon: Jno A Dille Judge of the Circuit Court held in and for Monongalia County.

The prayer, petition and Bill of Complaint of your Orator John Boughner of said County, Humbly Complaining, respectfully sheweth unto your Honor, that one Charles Rose late of said County, heretofore to wit, on the 14th day of March 1854. by his title bond or writing under his hand and seal, bearing date the day and year last aforesaid, and now here filed as part of this Bill, Marked A, bargained and sold to your orator 154 acres of land in said County, then in the woods as it were, with the exception of about two acres cleared thereon: For which your orator was to pay him $425. Two Hundred Dollars parcel thereof was in hand paid by your orator to said Rose.

That as to 54 acres of said land, the title was not ~~then~~ in the said Rose, consequently, it was stipulated in said bond, that in case said Rose should fail to obtain title to said 54 acres so as to enable him to convey the same with general warranty, to your Orator he said Rose was to deduct from said $425. at the rate of Two Dollars and eleven cents per each acre of said 54 acres, leaving Three Hundred and eleven Dollars, including the $200 paid in hand to be paid for the remaining One Hundred acres, which will leave a balance, after deducting said $200. of One Hundred and eleven Dollars, back on said 100 acres of land. On the payment of which, the said Rose, bound himself to make your Orator a deed with cove

nants of general warranty for said One Hundred acres of land.

Now your orator further represents and charges that the said Rose did wholly fail to obtain a deed for said 54 acres of said land, wherefore your orator is entitled to the deduction aforesaid, leaving only the one hundred and eleven Dollars due said Rose on said 100 acres of land with its interest unless, your Honor should not allow ~~any~~ interest for the reasons herein~~after~~ stated- To which end and purpose your Orator further states, that within one month from and after the date of said title bond the said Rose removed from this County into the State of Kentucky, where he has ever since remained as your orator is informed and believes. That upon the falling due of the first of said deferred instalments of purchase money mentioned in said bond, your Orator being ready and anxious, (as he has ever since been) to pay the residue of said purchase money, and obtain a deed for said 100 acres of land. (the 54 acres having in the meantime passed into the hands of one John Bowers, who still owns and holds the same.) your Orator, old and feeble as he is, and was, at great expense to your orator, who is a poor man, in the month of June 1856 went to Kentucky in search of said Rose, and found him there and offered and tendered him said residue of purchase money for said 100 acres of land, and demanded a deed for same in accordance with said title bond, but said Rose then and there declined to make

said deed then, but faithfully promised your orator to come to Virginia the next fall, and arrange said matter and make said deed. So your orator did not then and there deem it proper to pay him said balance of purchase money. That said Rose failed to come to Virginia at the time promised or at any time since. That your orator, learning that said notes for said deferred instalments of purchase money had been left, and still were in the hands of one John Bly as agent of said Rose, went to him, and offered him said balance of purchase money, if he would procure said deed, but said Bly also declined the procuring of said deed. Your orator then wrote divers and sundry letters to said Rose urging him to make said deed so that your orator could pay over the said balance of said purchase money, for said 100 acres of land, to each and all of which said Rose failed to respond. So your orator suggests, that in as much as he has been always ready and desirous to pay said purchase money he ought not to be compelled to pay interest on the same, and that too in consideration of the further fact, that said land was almost wholly unimproved and in the woods as aforesaid, at the time of said purchase, so that the only profit your orator derived from said land was the fruits of his own labor and sweat.

So your orator deems further effort to settle this matter and get a proper deed from said Rose in person or by agent futile and useless. Indeed your orator does not now know

where said Rose now is, or whether he is dead or living, not having authentically heard from him for several years. Wherefore your Orator is advised, that he is without adequate remedy in the premises but by suit in equity, asking your Honor to allow your orator to pay the balance of said purchase money into the hands of the Receiver of this court, to await the order of the said Rose or his proper Representative; and appoint a special Commissioner to execute and deliver to your orator a deed for said One Hundred acres of land.

To the end therefore that relief may be had in the premises, your Orator prays, that the said Charles Rose be made party defendant to this Bill, and by proper process be compelled to answer the same after the rules of this Court. And the premises considered, that your Orator be allowed and directed to pay the net balance of said purchase money for said 100 acres of land into the hands of the Receiver of this Court, to await the order of the said Capt Rose or his proper Representative therefor; which being done, that a special Commissioner be appointed to convey said 100 acres of land to your Orator. And in as much as your orator is hereby put to great trouble and cost to get a deed for said land owing to the default of the said Rose to fulfill in good faith the tenor and spirit of his bond aforesaid; your orator further prays that all such Costs including a reasonable attorneys fee, be deducted or paid out of

said residue of said purchase still back on said 100 acres of land. And finally that your Honor grant unto your orator all such other relief both general and special in the premises as to equity belongs and appertains. And as in duty bound your orator will ever pray &c.

Attys for Cplt.

Know all men by these presents that I Charles Rose am held and firmly bound unto John Bougher in the penal sum of Nine hundred & fifty dollars, which well & truly to be paid, I do bind myself my heirs &c Witness my hand & seal this 14 March 1854.

The following agreement has this day been entered into between the said Rose & Bougher:— The said Rose has sold to said Bougher One hundred & fifty four acres of the tract of land of which Charles Rose decd. died seized, lying east of Cheat River on the road leading from Ices Ferry to the Sand Spring, one hundred of which 154 acres was devised to said Charles Rose, by the said Charles Rose decd. as may be seen by reference to his will of record. The remaining 54 acres is two thirds of the remainder of said tract of which the said 100 acres are a part, for which [illegible] said Charles Rose has not yet procured title [illegible] agrees to do so. For the whole 154 acres the [illegible] Bougher hath agreed to give four hundred [illegible]enty-five dollars [illegible] as follows — 200 [illegible]llars in hand — and the balance in one & two years, with interest from date —— for which the said Bougher hath executed his bonds. Now if the said Charles Rose fail to procure a deed for said fifty-four acres, so as to be able to make a good deed therefor, he is to deduct from said obligations the sum of 2 dollars & 11 cents for every acre thereof for which he fails to procure deed, and this is to be ascertained against the last payment falls due.

And so soon as the sum three hundred & Eleven dollars (including the sum paid in hand) shall have been paid, then the said Charles Rose is to execute to said Bougher his heirs & assigns a good general warranty deed for the aforesaid one hundred acres. And the deed which is to be made by said Rose if he can procure title in himself, for the remaining 54 acres or any part thereof, shall also be a deed with general warranty:—

Now the condition of this obligation is such, that if the said Charles Rose shall fully

comply with all his stipulations & undertakings in the aforesaid agreement, then this obligation to be void else to remain in full force

1830 CENSUS

FOREWORD

We in the ROSE FAMILY ASSOCIATION and every Rose descendant are indebted to Rose Houston of Smithville, Texas for the hours and hours and months she spent extracting the 1830 federal census. Rose used the published indices (primarily Accelerated Index Systems or "A.I.S.") to locate the listings. After she had extracted the Rose families and sent them to me, I then compared these with lists that had been sent by various correspondents. Rose re-checked the differences, and I typed the lists. Later, Rose went through and again examined the film to verify her previous extractions!

When using this please keep in mind that the listings can only be as accurate as the published indices, though we did add some that had been found by others searching the film and re-checked by Rose. There are bound to be omissions. We have not undertaken a page-by-page search of the film. If you do not locate the Rose you seek, personally check the microfilm and particularly watch for variant spellings: Rows, Rowes, Roas,. Roze, Rowse, Rowze, Roes and even Ross.

Those of you familiar with the federal census know that in 1840 the families were listed by head of home, and then by age categories. We have also included in most instances the slave schedules and free persons listed.

The localities listed are usually the TOWNSHIPS; if it is a town or city instead we have tried to note it. If you know only the PO, realize in using the lists that it may differ from the township name.

In using the microfilm often there are two or three different page numbers on a page. Sometimes there is the original page number, a new number assigned to the page, etc. So, if you don't find the right page immediately, keep looking!

Rose took the names exactly as they appeared, making no inferences. Thus, Wm. is Wm. and not William; Ben. is Ben. and not Benjamin, etc.

Even though the 1830 listings do not name each person in the home, they are extremely valuable. They tell you that your ancestor was there. By noting the proximity of your ancestor to other Roses in the county you may get some valuable clues. You can also reconstruct a fairly good list of children by comparing all the census records of the family.

Rose and I hope you find this list helpful!

1840 CENSUS

FOREWORD

We in the ROSE FAMILY ASSOCIATION and every Rose descendant are indebted to Rose Houston of Smithville, Texas for the hours and hours and months she spent extracting the 1840 federa1 census. Rose used the published indices (primarily Accelerated Index Systems or "A.I.S.") to locate the listings. After she had extracted the Rose families and sent them to me, I then compared these with lists that had been sent by various correspondents. Rose re-checked the differences, and I typed the lists. Later, Rose went through and again examined the film to verify her previous extractions!

When using this please keep in mind that the listings can only be as accurate as the published indices, though we did add some that had been found by others searching the film and re-checked by Rose. There are bound to be omissions. We have not undertaken a page-by-page search of the film. If you do not locate the Rose you seek, personally check the microfilm and particularly watch for variant spellings: Rows, Rowes, Roas,. Roze, Rowse, Rowze, Roes and even Ross.

Those of you familiar with the federal census know that in 1840 the families were listed by head of home, and then by age categories. We have also included in most instances the slave schedules and free persons listed.

The localities listed are usually the TOWNSHIPS; if it is a town or city instead we have tried to note it. If you know only the PO, realize in using the lists that it may differ from the township name.

In using the microfilm often there are two or three different page numbers on a page. Sometimes there is the origina1 page number, a new number assigned to the page, etc. So, if you don't find the right page immediately, keep looking!

Rose took the names exactly as they appeared, making no inferences. Thus, Wm. is Wm. and not William; Ben. is Ben. and not Benjamin, etc.

Even though the 1840 listings do not name each person in the home, they are extremely valuable. They tel1 you that your ancestor was there. By noting the proximity of your ancestor to other Roses in the county you may get some valuable clues. You can also reconstruct a fairly good list of children by comparing all the census records of the family.

Rose and I hope you find this list helpful!

FOREWORD

This listing from the 1850 federal census for ROSE could not have been accomplished without the help of Rose Houston of Smithville, Texas. Rose and I have worked on this for about three years, and have devoted hundreds and hundreds of hours to the project. We attempted to obtain the Rose listings from the complete 1850 federal census by first using published indices (primarily Accelerated Index Systems or "A.I.S.") and supplementing it with lists sent by other correspondents.

First, Rose extracted the listing using an index. I then cross-checked this against the index, and against every listing sent to me by correspondents. Rose then re-checked the differences and additions with the film, and returned them to me for final typing and indexing. You can well imagine the amount of time this project occupied, for the two of us!

Those of you familiar with the federal census know that 1850 is the first year in which each person in the home was enumerated individually by name, age and place of birth. Rose copied the names exactly as they appeared on the census making no inferences. Thus, Wm. is Wm. and not William. Ben. is Ben. and not Benjamin, etc. Elisabeth is not Elizabeth, etc. She also noted the other pertinent information.

Rose used the new page number and in most instances the township or district when given. It is to be noted that the Post Office name is usually different than the township - if you know only the PO, realize in checking the lists that it may differ from the township name.

Rose notes that in the 1850 census the page numbers are not all individually marked, and often people mis-interpret the page numbers. Be sure if you are checking the film that you note the numbering system.

When there was more than one family in a dwelling, Rose in most cases took these listings too. You may find 560/561 John Miller family, and /562 John Rose family, indicating that the John Rose family lived in the dwelling of John Miller. This can often provide clues on family relationships.

When using these lists keep in mind that they can only be as accurate as the published indices, since they were used as the basis, and there are bound to be omissions. We have added many listings not in the indices, but we have not undertaken a page-by-page search of the film. If you do not find the Rose you seek, personally check the microfilm and particularly watch for variant spellings: Rows, Rowes, Roas, Roze, Rowse, Rowze, Roes and even Ross. If you find errors or omissions, please do let us know.

Rose and I hope you find this list helpful!

FOREWORD

This listing from the 1850 federal census for ROSE could not have been accomplished without the help of Rose Houston of Smithville, Texas. Rose and I have worked on this for about three years, and have devoted hundreds and hundreds of hours to the project. We attempted to obtain the Rose listings from the complete 1850 federal census by first using published indices (primarily Accelerated Index Systems or "A.I.S.") and supplementing it with lists sent by other correspondents.

First, Rose extracted the listing using an index. I then cross-checked this against the index, and against every listing sent to me by correspondents. Rose then re-checked the differences and additions with the film, and returned them to me for final typing and indexing. You can well imagine the amount of time this project occupied, for the two of us!

Those of you familiar with the federal census know that 1850 is the first year in which each person in the home was enumerated individually by name, age and place of birth. Rose copied the names exactly as they appeared on the census making no inferences. Thus, Wm. is Wm. and not William. Ben. is Ben. and not Benjamin, etc. Eli*s*abeth is not Eli*z*abeth, etc. She also noted the other pertinent information.

Rose used the *new* page number and in most instances the township or district when given. It is to be noted that the Post Office name is usually different than the township - if you know only the PO, realize in checking the lists that it may differ from the township name.

Rose notes that in the 1850 census the page numbers are not all individually marked, and often people mis-interpret the page numbers. Be sure if you are checking the film that you note the numbering system.

When there was more than one family in a dwelling, Rose in most cases took these listings too. You may find 560/561 John Miller family, and /562 John Rose family, indicating that the John Rose family lived in the dwelling of John Miller. This can often provide clues on family relationships.

When using these lists keep in mind that they can only be as accurate as the published indices, since they were used as the basis, and there are bound to be omissions. We have added many listings not in the indices, but we have not undertaken a page-by-page search of the film. If you do not find the Rose you seek, personally check the microfilm and particularly watch for variant spellings: Rows, Rowes, Roas, Roze, Rowse, Rowze, Roes and even Ross. If you find errors or omissions, please do let us know.

Rose and I hope you find this list helpful!

FOREWORD

This listing from the 1850 federal census for ROSE could not have been accomplished without the help of Rose Houston of Smithville, Texas. Rose and I have worked on this for about three years, and have devoted hundreds and hundreds of hours to the project. We attempted to obtain the Rose listings from the complete 1850 federal census by first using published indices (primarily Accelerated Index Systems or "A.I.S.") and supplementing it with lists sent by other correspondents.

First, Rose extracted the listing using an index. I then cross-checked this against the index, and against every listing sent to me by correspondents. Rose then re-checked the differences and additions with the film, and returned them to me for final typing and indexing. You can well imagine the amount of time this project occupied, for the two of us!

Those of you familiar with the federal census know that 1850 is the first year in which each person in the home was enumerated individually by name, age and place of birth. Rose copied the names exactly as they appeared on the census making no inferences. Thus, Wm. is Wm. and not William. Ben. is Ben. and not Benjamin, etc. Elisabeth is not Elizabeth, etc. She also noted the other pertinent information.

Rose used the new page number and in most instances the township or district when given. It is to be noted that the Post Office name is usually different than the township - if you know only the PO, realize in checking the lists that it may differ from the township name.

Rose notes that in the 1850 census the page numbers are not all individually marked, and often people mis-interpret the page numbers. Be sure if you are checking the film that you note the numbering system.

When there was more than one family in a dwelling, Rose in most cases took these listings too. You may find 560/561 John Miller family, and /562 John Rose family, indicating that the John Rose family lived in the dwelling of John Miller. This can often provide clues on family relationships.

When using these lists keep in mind that they can only be as accurate as the published indices, since they were used as the basis, and there are bound to be omissions. We have added many listings not in the indices, but we have not undertaken a page-by-page search of the film. If you do not find the Rose you seek, personally check the microfilm and particularly watch for variant spellings: Rows, Rowes, Roas, Roze, Rowse, Rowze, Roes and even Ross. If you find errors or omissions, please do let us know.

Rose and I hope you find this list helpful!

1850 CENSUS OHIO

This census was extracted from the microfilm using two published indices - that of Accelerated Index Service (A.I.S.) and that of the Ohio Family Historians. In some cases, these were supplemented by lists sent by correspondents.

After this list was completed, Rose re-examined every single listing, in an effort to get these as accurate as possible.

See foreword for further explanation.

A RESEARCH REPORT: Warren Co., NJ
Personal Research by Seymour and Christine Rose, July 1983

We had not planned to go to the Courthouse of Warren County. However, we obtained so many records from Sussex County, and after leaving there and finding so few in Morris County, we decided that perhaps it would be good to spend the rest of the afternoon in Warren County since it was formed from Sussex County. We drove over there, and I must say - for the first time ever, we could not find a TOWN! We missed Belvidere (county seat) which was "remarkable" for I have been in Belvidere at least 2-3 times while teaching seminars in that area. We finally did manage to find Belvidere (not where the map said it was) and got there about an hour before it closed. We had very little time for we had to leave the area that afternoon, but did try to get the earliest records which are enclosed.

Christine Rose -
July 1983

Without a doubt the Courthouse at Belvidere was one of the prettiest settings we saw - with the town green across from it, and quiet and peaceful. It reminded us very much of some of the New England county seats.

A RESEARCH REPORT: Morris Co., NJ
Personal Research by Christine and Seymour Rose, July 1983

The search at Morris County was a bit surprising as I expected to see more Rose records there. Instead, we found the largest bulk at Sussex County rather than Morris County. Nonetheless, they are quite interesting.

We were searching for:

1) Andrew Rose of Morris Co., NJ who m. Elizabeth Daniels, who I believe to be son of John Rose of Hunterdon Co., NJ

2) Amos Rose d. 1825, descendant of Robert Rose of Branford, Conn.

3) Stephen Rose, d. 1809, identity unknown

son of
John Rose of Hunterdon Co., NJ (probably/the one who had wife Mercy) had a wife named Elizabeth. When he died he left property in Sussex Co., NJ and the report on that county will show the important documents there. However, in the Hunterdon Co., NJ report an important item will be noted - a mortgage placing John as "of Morris Co." NJ in 1772. The importance of this cannot be overestimated - this is surely the same John, and places him in Morris County where it is said that Andrew Rose was born.

The appearance of Stephen Rose is interesting. He may possibly be connected to the Stephen Rose family of Hunterdon Co., NJ - descendants of the Long Island, New York Robert Rose family.

PS Morristown is a busy town - one of the few towns that we finally had to ask a policeman where the Courthouse was, and then toured it for 1/2 hours trying to find a place that would accomodate our RV! Narrow streets and extremely limited parking.

A RESEARCH REPORT - Prepared July 1984
From Personal Courthouse searching in Monongalia County, West Virginia
by Christine Rose, C.G., and Seymour T. Rose, June 1983

Our search of this county was primarly to learn more of Charles Rose of Monongalia County, Virginia (now West Virginia) who we believe to have come from Hunterdon County, New Jersey. It was our hope to find something that might provide conclusive clues on his ancestry. I think perhaps one of biggest clues at the moment to follow up is:

> Land Entries
> p. 349 (this was from a typed copy in a large book title "Land Entries". We were unable to locate the originals, and the clerk was unable to assist us in locating this. There are evidently various books in Monongalia County that are NOT on the shelves that are open to the public, and it would take a longer search there with persistence to get to all the books that are available. However, this record exists:
>
> Charles Rose and John Davis, " Charles Rose for himself and John Davis Enter 300 acres", part of Land Office Treasury Warrant 7068½ dated 4 March 1795 between said Rose, Joseph Severngen, Philip Haney and John Ferry, said Rose appl'd to me to make this Entry when I was from home on 24 of this months two days before the time William Jarrett appl'd to me (Sept. 24, 1798, withdrawn by John Davis).

Now, why did Charles Rose have this Treasury Warrant with John Davis? Is this for his Revolutionary Service? It may be that this Treasury Warrant could be located, with details on why it was issued, and perhaps more important, WHERE it was issued. It may have something on it about Charles Rose being of Hunterdon County, New Jersey, though this is a guess only for we do not yet know just when Charles entered Monongalia County.

The biggest find was a Chancery Court case. In abstracting a deed from Bk 1 p. 552, I noticed that a case was mentioned in which John Rose vs. Charles Rose and others was had in Circuit Court. We proceeded to the Circuit Court Clerk's office to track this down, and were allowed to view the dockets and books. I located a very important document in the Chancery Court Records Bk 2 p 395 involving this case, but the Clerk would not allow us to xerox it. Seeing my dismay, since it was so important, she said that she would attempt to find the original packet to see if the original existed, and if so, we could xerox that. You can imagine my delight at that! She returned with the packet with a NUMBER of important papers, and I could not contain my excitement. I told her she had just made the whole trip worthwhile! Not only did it contain important papers involving this case, but it contained a handwritten copy of the will of Charles Rose. To this time we had seen only a typed copy and could not locate the original. This handwritten copy was made years later, and deposited in this Chancery Court case, but nonetheless I find

it preferable to the typed version. Since returning home I have found reference that the will is recorded in DEED Book 7 and this should at some time be prusued for the original will.

The case of John Rose vs. Charles Rose and others is interesting. In reading the will it will be seen that the father Charles had given a piece of land to son Charles, and "if the said Charles should live to possess the Land then the Remainder of the said Tract of Land to be sold and equally divided between John Rose, Thomas Rose & Hopkins Rose". It appears that later John Rose, a grandson of Charles Sr., and son of John, instituted the case in Chancery so that the remainder of the land could be divided. His case proved that John Rose (whose records we had in Meigs Co., Ohio) was indeed the son of Charles Rose. However, some aspects of this case are puzzling.

At first John the grandson stated that Charles (Sr.) left three sons. Later he amended this to include his daughters. Then, he lists at various times the children of his own father John, BUT DOES NOT INCLUDE THE CHILDREN OF HIS FATHER BY HIS FATHER'S SECOND MARRIAGE. In fact, he does not refer to them at all. He also claims not to know the whereabouts of this family, yet I find this doubtful. He surely knew of their Ohio location. Further, he states that his uncle Hopkins Rose died without issue, and we know that is not correct - we have proof of at least one of Hopkins children. Is it possible this John Rose made these claims so that he would be entitled to the balance of this property? I leave that judgment to you, in reading the papers. One "strange" aspect of this. By referring to the research report (the computerized report issued in 1983) it will be seen that there was a John Rose living next to John Rose (Sr.) second wife in the 1850 census, and he is listed as "insane". We had assumed that he was the son of John (Sr.). Yet, it would seem that this son is in a few years in Virginia making claim on this land. Certainly, there are some puzzles to clear up. Yet, these papers are a valuable and important addition to the knowledge of this family, and if nothing else, prove that John of Meigs Co., Ohio was indeed a son of Charles.

I enclose xerox copies:

1) Various papers from the Chancery Court file including copy of the will of Charles Rose.

2) Appraisement bill of the Estate of Charles Rose.

Now to the rest of our findings.

A RESEARCH REPORT: Fayette Co., Pa.
Personal research by Christine and Seymour Rose, June 1983

I am sorry about the typing on the enclosed report - I brought my portable typewriter on the trip but was having a great deal of difficulty with the letters piling up. There are so many reports to send out that if I re-do the typing, there will be considerable delay. At least they are readable!

The purpose in Fayette County was to learn more of:

1) John Rose of Harrison Co., Va. and Monongalia Co., Va. who owned land for a couple of years in Fayette Co., Pa. about 1798-1800. He then moved into Kentucky.

2) To learn more of William Rose family (ancestor of Judge Uriah Rose whose statue represents the State of Arkansas in Statuary Hall, Washington DC)

3) To possibly learn if Rebecca, widow of Charles Rose of Monongalia Co., Va. (now W. Va.) had left records in Fayette Co., Pa.

Enclosed are the results. For the researcher Fayette County is a treasure of information. Their deeds during that time period give the complete history of the property! Thus, very valuable clues are given as to inherited property, gifted property etc. in the past. If a person was to take a parcel of land even after it passed out of the Rose name, chances are that by tracing it they would find valuable information on the subsequent deeds. Too bad not all deeds are that way!

NOTE: The items with a * mean that we abstracted thedocument - see following pages for fuller information. Note also that sometimes there are variations between theindex and the actual document in the spellingof names. This is because the index was prepared later and sometimes names were mis-interpreted by those preparingthe indices. When such discrepancies occur, the spelling in the document is probably the correct one. Howēver, sometimes the document itself has more than one spelling on the same name!

CHARLES ROSE FAMILY

Monongalia County, Virginia (now West Virginia)

Note: This is subject to corrections, omissions, additions etc. and is only for the purpose of further research. It is based on personal research at the Courthouses of Monongalia County, Virginia (now West Virginia), Fayette County, Pennsylvania and Hunterdon County, New Jersey, and also information from census records, tax lists, from descendants, etc. See last page for acknowledgements.

(1)

Charles 1 Rose, born 1759 or earlier (made choice of guardian in 1773, had to be at least 14; born ante 1765 per 1810 census but date unknown, died between 6 June 1816 (date of will) and September 1816 (will proved), Monongalia County, Virginia, married, **Rebeckah --** (per will and deeds). She outlived her husband, and was living in 1847 when she made application for pension based on his revolutionary service.

It seems likely that he may be the Charles Rose of New Jersey (no county shown), who married, bond dated 13 January 1781, **Rebeckah Mulliner** (Book R p. 349, State Library, Trenton, New Jersey). Bondsman with Charles Rose was Stephen Moore; Nehemiah Sexton, witness.

[It will be noted that for the purposes of this report, Charles is numbered as 1, his children as generation 2, etc. It is not to be inferred that Charles Rose is the immigrant; however, since he is the subject of this report, for clarity thus numbering will be used. Also, Monongalia County will be designated as as Virginia throughout, since at that time it **was** in Virginia, though of course upon the formation of West Virginia it became a part of that state.]

Charles served in the revolutionary war from Hunterdon County, New Jersey. A summary of the pension file:

Jacket shows this as a suspended claim.

Affidavit of Isaac Horner who states that Charles Rose lived in Amwel Township, "Hunting" County New Jersey and that he believes that Charles was in the war for he lived right in the seat of the war and it could not be otherwise for all from sixteen and upwards were bound to go but he does not recollect seeing him just in the service though he has no doubt that he was. Dated 27 Apr. 1847 before James Wise, JP **of Monongalia Co., Va.**

Letter of Jno. K. Ewing, Uniontown, May 17, 1847, to Pension office to please file enclosed papers and inform me whether the name of Charles Rose is found upon the rolls of New Jersey troops.

Letter dated May 28, 1847, from Pension office addressed to "Sir", states that papers in the case of Rebecca Rose widow of Charles Rose have been examined and filed with the exception of her declaration - it is returned "that the proceedings before the single magistrate may be submitted to and approved by a Court of record during its session". Letter was addressed to John K. Ewing Esq., Union Town, Pa.

It is unfortunate that the declaration was returned to Rebecca, for it would have contained valuable information. However, we do know from Court Order Book 15 p. 299, Monongalia County, Virginia, that on 3 April 1847 she made an affidavit, "with a certificate of John N. Baker, of same date, thereunto attached, and also the certificate of the clerk of this court, with the seal of said court, dated 16th April 1847, which being seen and inspected by the court, were approved by the court as in due form." This came before the court on Monday —? July 1847 (date unreadable on our photocopy.)

In addition to the affidavit referred to in Order Book 15 above, there was published in The Soldiery of West Virginia,, by Virgil A. Lewis, State historian and archivist, originally published as Third biennial Report of the Department of Archives and History, State of West Virginia, Charleston, 1911. Rpt., Gene. Publ. Co., 1967/1972/1978.

p. 110...List of the Names of Persons Residing in West Virginia Whose Claims for Pensions for Services in the Revolution Under the Provisions of the Acts of Congress of June 7, 1832; July 4, 1836; and July 7, 1838, and Amendments thereto, Were Rejected, or Suspended, Awaiting Further Evidence.

H. H. Stuart, Secretary of the Interior, on February 23, 1852, transmitted to the U. S. Senate, a statement showing the names of applicants for pensions under the acts (mentioned above), respectively, and the acts amendatoroy [sic] thereto, whose claims have been rejected, or suspended, the grounds of such suspension or rejection, and the places of residence of such applicants, so far as the same could be given. This report he made February 16, 1850, and from it we have compiled the following relating to West Virginia pensioners of the Revolution, as to suspension or rejection of their claims. This data is shown in the following...

p. 112, Rebecca Rose, widow of Charles, Residence County, Monongalia, period, length, localities and names of company and field officers must be set forth, and service verified by New Jersey records.

An interesting record appears in Land Entries of Monongalia County, Virginia (book marked "Land Entries," pp. 343-344):

Charles Rose and John Davis, "Charles Rose for himself and John Davis Enter 300 acres," part of Land Office Treasury Warrant 7068 1/2 dated 4 March 1795 between said Rose, Joseph Severngen, Philip Haney and John Ferry, said Rose appl'd to me to make this Entry when I was from home on 24 of this months two days before the time William Jarrett appl'd to me. (Sept. 24, 1798, withdrawn by John Davis).

We can look to Hunterdon County, New Jersey for the family of Charles Rose, since he is said in the pension file to have served from there. There is a possibility that he is Charles Rose, son of Ezekiel and Mary (Fidler) Rose. [This Ezekiel Rose is said by research of Fred W. Rose (now deceased) to be Ezekiel 3, John 2, Tormut 1 Rose of Block Island, R.I. and Scotland. However, serious doubts have arisen and he may instead be of the Long Island Rose family, descendant of Robert 1 Rose and his wife Dorothy of Easthampton.) Ezekiel Rose of Hunterdon County (whose ancestry as can be seen is not entirely certain) died leaving a will in Hunterdon County dated 26 May 1768, and gives to several children including to son Charles 200 lbs proclamation money. After Ezekiel died, Charles Rose of Amwell, son of Ezekiel Rose of said place decd, on 2 Aug. 1773, chose John Price as his guardian until age of 21 (we do not have record of his previous guardian). John Price and John Philips give bond. (File 888J, State Library, Trenton). Though it needs to be positively confirmed, the it is possible that we have the right Charles Rose. (**Extensive report on the Tormut Rose family is available, including the line down to Ezekiel who may or may not be this same Ezekiel Rose; write for details. Another extensive report is available on Robert 1 and Dorothy Rose of Long Island.)**.

One of the reasons for doubting that Ezekiel Rose of Hunterdon County, New Jersey is the same Ezekiel of Block Island, Rhode Island who is son of John 2 and Mary Rose is that Mary, the mother of Ezekiel of Block Island, remarried Oliver Ring and left her will as Mary Price. In this will, Mary Ring of Newshoreham, county of Newport and widow, gives to Ezekiel Rose of the Town of Newshoreham four cows and one mare, also to Ezekiel one note of hand against Nathaniel Dodge Junr; leaves the bequest to Ezekiel in the hands of the executrix who is named as her daughter Anna Dodge, wife of Saml Dodge, who is to let Ezekiel have it "Nofaster then She Shall think he needeth it." The will is dated 28 January 1750 and signed by her x mark. It was witnessed by Saml Rathbun Jr., Nathaneal Dodge Jr, and Mary Rathbun, and recorded Feb. 22, 1751 (Block Island Will BK 3 p. 205). Ezekiel Rose of Hunterdon County, New Jersey was already in Hunterdon County by the time Mary Ring left her above will on Block Island (see 1749 record later). It should be noted that Mary states that her son is Ezekiel Rose "of the Town of Newshoreham" in 1751; further, she left his portion in the hands of his sister which would be unusual under the circumstances. Ezekiel Rose of Hunterdon County was a married man at this time, and it seems unlikely that his mother would leave his portion in care of his sister. Further search on Block Island may reveal that Ezekiel, son of John and Mary (Dodge) Rose remained on Block Island.

In seeking the ancestry of Ezekiel Rose of Hunterdon County, this researcher believes that he is the Ezekiel Rose of Long Island, New York (Suffolk County) who lives amidst other Long Islanders of the Rose family in Hunterdon County. [The precise ancestry of the Long Island Ezekiel Rose is in question; a lengthy report on the descendants of Robert Rose of Long Island (an immigrant) is available from Rose Family Association. Also available is an extensive courthouse report of the Long Island Rose data. Write to Rose Family Association for details.] In the New Jersey Calendar of Wills 1730-1750, Vol. —? pp. 70-71, on 13 April 1749, the will of Thomas Brush of Amwell, Hunterdon County, gives to wife Martha 1/3; 80 lbs. due Ezekiel Rose; to sonPhillip 60 acres, etc. This mention of a debt due to Ezekiel Rose in 1749 Hunterdon County infers that Ezekiel was in the county at this time.

We also have a record that on 20 October 1777, company of Col. Chamberses? Battn., Capt. John Phillips, there is listed Charles Rose, and the next name is Jonathan Rose. This may be the same Charles Rose referred to above, or a different Charles Rose. [It is interesting to find this Charles Rose in 1777 serving in the revolutionary war, since the above records would indicate that Charles, son of Ezekiel, still had a guardian in 1783. Yet, this researcher has seen it written that those those over 16 were to serve, though this has not been confirmed. This would indicate that a soldier could serve in the war but still have a guardian for the purposes of property and inheritance.]

Charles Rose moved to Monongalia County, Virginia by 1796, for he bought land there at that time. However, he may have been there earlier. It would appear that son Hopkins b. 1784-1794 was born perhaps in Virginia. However, we have no proof of Hopkins birthstate.

From The Monongalia Story, Earl Core, p 292:

Quarry Run Powder Mill...there is a tradition ofa powder mill built on Quarry Run before 1800, operated for several years by Charles Rose and two men known only as Smith and Graham. It is said that Smith drove a nail in the mill, and a spark from it set off the powder, causing the mill to blow up. Smith was so severly burned that he died after walking half a mile to Charles Rose's house.

From the courthouse records of Monongalia County:

Deed Book Vol. OS-1 p 216-217. 28 Nov. 1796, Joseph Hunt and wife Mary of Bedford Co., Pa., to Charles Rose of Monongalia Co., for 100 lbs., land in Monongalia County on Wolfpen Ridge, granted to said Joseph Hunt 11 Sept. 1787, containing 292 acres. acres. The will of Charles Rose of Monongalia County is dated 6 June 1816. He gives to wife tract I now live on lying on road leading from Ices ferry to the sand spring, and moveable property and during her widowhood and after her death or marriage 100 acres to revert to youngest son Charles

Rose and if he should live to possess the land the remainder of tract to be sold and equally divided between John Rose, Thomas Rose and Hopkins Rose, but if said Charles should not live to possess it, then the 100 acres to be divided between said John, Thomas and Hopkins and the remainder to be divided between my 6 daughters Mary Ross, Aley Conner, Rachael, Rebeckah, Hannah, Frelove and the last 4 to be furnished with bed and cow and balance if any equally divided between the six girls. To 3 sons John Rose, Thomas Rose and Hopkins Rose a bond on John Jackson and John Test. He named wife Rebeckah and Doctor Lewellin executors. The will was witnessed by Frances McShane, Jacob Smith and George Morris, signed by an x mark, and proved Sept. 1816. (Monongalia Co. Chancery Court Case, John Rose vs. Charles Rose, contains handwritten copy of original. See also Will Book 1 p. 363 which contains a typewritten copy of the original with some differences; no doubt errors of the transcriber). (A note indicates that the will was filed in chancery case, Deed Book 7 p. 513; this should be examined to see if the **original** will is recorded there.)

In Order Book 6 p. 303 the last will of Charles Rose dec'd was produced in court, and proved by the oaths of Francis McShane, Jacob Smith, and George Morris. On the next p. 331, on motion of Rebecca Rose, letters testamentary were granted to her. Doctor Lewellin named as executor refused to qualify. John Henthorn was her security.

The will was produced in court and proved by the witnesses (Order Book 6 p. 330). Letters testamentary granted to her. Doctor Lewellin named as executor refused to qualify; Rebecca (Rebeckah in signature) qualified with John Henthorn her security. Francis McShane, James Donaldson and George Baker were appointed to appraise the estate (Order Book 6 p. 331). The Inventory and Appraisement of estate of Charles Rose, is dated 21 Sept. 1816. Appraisers: Francis McShane, James (his x mark) Donilson, and Ivon? Baker. Produced March Court 1817. Total $193.25. (Monongalia Co. Order Book 6 p. 398; also Estate Book 2 pp. 82-83).

An important Chancery Court case is filed in Monongalia County (John Rose vs. Charles Rose et al, 1855, no number). In this case, John Rose, son of John and grandson of the testator Charles, makes claim for the balance of the land mentioned in the will, after the bequest to Charles Rose (jr.). These affidavits are quite interesting. First he gives only the names of the sons of the testator Charles Rose. Later he amends the affidavits to include the names of the daughters. He includes the names of his own brothers and sisters, son of John, but **claims to not know their whereabouts, nor the names of the husbands of his sisters!**. He also claims that Hopkins Rose (his uncle) left no children. In addition, at no time does he name his half-brothers and sisters, the children of his father by his father's second marriage. A search of the original chancery court file did not disclose if any of the land was granted to John by the court. The court **did** confirm to Charles Rose his 100 acres. There were other chancery court cases which need to be examined on future trips to the courthouse.

In another chancery case in Monongalia County, John Bougher vs. Charles Rose, an Agreement to Sell is included, Charles Rose to John Bougher, 154 acres. This states that Charles Rose (who we know to be the father of Charles of this action) died seized of east side of Cheat River, land on road from Ices Ferry to —?, devised to said Charles by said Charles Rose deceased. (May Rules year 1865). Know all men by these presents that I,

Charles Rose bound to John Bougher, said Rose has sold to said Bougher 154 acres of which Charles Rose deceased died seized, lying east of Cheat River on road leading from Ices Ferry, etc., 100 acres of which was devised to said Charles by the said Charles deceased, remaining 54 acres is 2/3 of the remainder of which the said 100 acres are a part, for which the said Charles Rose has not yet procured title and agrees to do so. (The agreement continues with details of price etc.). Dated 14 March 1854. Signed: Charles Rose.

The petition and bill of complaint in the above action shows that one Charles Rose late of said county on 14 March 1854 by his title bond, sold to orator [i.e., John Bougher], 154 acres, the title to 54 acres was not in the said Rose, etc., said Rose removed from this county into the state of Kentucky where he has ever since remained, orator being ready and anxious to pay the residue, etc. [This states that John Bougher/Bowers "at great expense" went in the month of June 1856 to Kentucky in search of Rose, found him and offered him said residue and demanded a deed, but Rose declined, and faithfully promised to come to Virginia the next fall to arrange said matter and make said deed, so orator did not then deem it proper to pay him. The said Rose failed to come to Virginia then or since etc., purchase was left in hands of John Bly as agent of said Rose. Orator does not know where said Rose now is, or whether he is dead or living, not having "authenticly" heard from him for several years.

[The chancery files above referred to are full of important data; xerox copies of selected papers available from Rose Family Association, inquire for cost.]

1820 Census - Rebeckah Rose not listed as head of home; nor in 1830, 1840, 1850 etc. It is likely that she was living with one of her children; perhaps a married daughter.

Additional Clues: I believe, unsupported at this time, that Charles Rose might be connected to **John Rose** who married **Rebeckah Bowen**. This John Rose lived Harrison County, Virginia and owned land in Monongalia County, Virginia. He sold this land and later bought in Fayette County, Pennsylvania in 1798. In 1800 he sold this land and moved into Kentucky, and lived variously in Floyd, Montgomery, Clay etc. He settled in the area that is now known as Wolfe County, Kentucky. We know that Hopkins Rose, son of Charles Rose, also lived in Fayette County, Pennsylvania. Is it coincidence that these two families who had land in Monongalia County, Virginia, also had family members in Fayette County, Pennsylvania? It is also to be noted that the Charles Rose family of Hunterdon County, New Jersey, who we believe is the identical Charles Rose of this sketch, used the name **Ezekiel Rose** extensively in their family, and the John and Rebeckah (Bowen) Rose family also used this name. Note further that Freelove, daughter of Charles Rose, is said to have married a Bowen.

There was also a **Isaac Rose** in 1810 Monongalia County, Virginia, born ante 1765, supposedly born near Chambersburg, Pennsylvania, died 17 February 1829 Nicholas County, Virginia, married in Pennsylvania to a wife named **Margaret**. She is called **Margaret Forsythe** in DAR papers. I include his data since he lived at one time in this same area; he also lived Bath County, Virginia and other localities.

(2)

John 2 Rose (Charles 1), born 13 May 1782, supposedly in Mercer County, Pennsylvania (Historical and Geographical Encyclopaedia, Chic. and Toledo: H. H. Hardesty & Co., 1883), but the location to be in error, died 10 October 1850, Meigs Co., Ohio, buried on hillside land that he gave for a public burying ground, now known as Bald Knobs cemetery. He married 27 September 1808, Monongalia Co., Va. VR, **Eda Boyce** who died 1828 (Hist. and Geo. Ency.), buried Bowman's Run, Sutton twp., Meigs Co., daughter of Daniel Boyce (per marriage rec.). John Rose was in Meigs Co., Ohio by 1820 census. We cannot reconcile the above mentioned biography wholly with the records, but published biographies often have errors. According to the biography, John Rose was born in Mercer Co., Pa., and the date of birth as shown above is given. This states that his mother died shortly after his birth and is buried in Mercer Co., Penn. After her death he lived with friendly Indians until he was about 16, and then returned to the white settlement on the Indian river in Mercer Co. Where he lived the next few

years "is not known" but eventually he came down the Ohio river from Pennsylvania to Gallia county by flatboat. It continues with the statement, "John Rose married Eda Boyce in Gallatin county."

We know the latter statement to be erroneous, as his marriage recorded in Monongalia Co., Virginia. There are chancery court records in Monongalia County on this family, and a careful reading would make one suspect that some erroneous information was being given, reason unknown. Perhaps the person who furnished the data for the biography was mis-informed on details.

The before-mentioned biography further says of John:

He had very little formal education but was an excellent reader and also had a good tenor voice. He conducted funeral services in Gallia and Meigs counties when a minister was unavailable. He also had considerable knowledge of medicine obtained mostly from the Indians with whom he had lived...they came from Gallia county to Sutton township, Meigs county, Ohio, in 1818 settling on Bowman's Run...(he) was the father of fifteen children. Seven by his first wife and eight by his second wife.

After the death of his first wife, John Rose married 2nd, 29 August 1833 (Hist. and Geo. Ency.),) **Susannah E. Shrives** (Ibid.), born ca 1812, Pennsylvania (Ibid.), daughter of James and Susan (   ) Shrives (bio.). It is said in the biography that as a young girl she was "bound out" to Dolly Gray, Jefferson County. After the death of John Rose, she married March 1851, **Job Decker** who later served in Civil War. They had three sons: David, Andrew Jackson and Edward.

The will of John Rose is dated 22 August 1839, lived Sutton twp., Meigs County,, Ohio, gives to wife Susannah, children Matilda, Mary Ann, Rachel, Mariah, Lucinda, Prudence Pickens, Rebecca Boyce, Charles W., Enos, and John. All his property to be divided at his wife's death between the above. It is signed by his x mark, and witnessed by George Aumiller and John McKenzie. Filed Sept. 1850. [We have this abstract only.]

It is to be noted that a published biography (see later) includes some children not named in the will, and further, the 1850 census of Susannah Rose shows children by these names. It is to be remembered that John Rose lived for a number of years after his will was made. No doubt further estate papers in this matter would disclose that they were indeed his younger children.

From the county court records of Monongalia County, Virginia, there is an action Hugh Magill vs. John Rose, for debt. Warrant was issued against John Rose 25 July 1826 for him to answer at court August next. It is assumed that this is the same John Rose.

the facts. We know that in 1855-56 period he lived in Monongalia County, for he instituted a chancery court action to obtain the remainder of the Charles Rose Senior land. He may be the John aged 28 listed next to Susannah Rose (his step-mother) inthe 1850 census.

Thomas 2 Rose (Charles 1), born ca 1784, New Jersey (per 1850 census), married **Ruth Scudder** (from d.c. of son Charles Rose). She was born ca 1783, New Jersey, daughter of Thomas and Abigail (Clark) Scudder.

Signed: Thomas (his x mark) Rose. Ack.: Monongalia Co. Va. 17 June 1854. Rec.: 26 June 1854.

He made land bounty application (File 50-80 WT 8451, National Archives) for his War of 1812 service. He served as private in Va. Militia, Capt. James Morgan, Col. Dudley Evans. He made affidavit 29? Sept. 1852 from Monongalia Co., Va., aged 68, resident of said county...drafted at Morgantown 10 Sept. 1812, discharged Fort Meigs 1813. He signed by an x mark. A letter from Morgantown 3 Feb. 1854 states that 2nd application of Thomas Rose was rejected. There is a note Memphis, Mo. 20 July 1853 to forward land warrant when it comes to Morgantown direct to Memphis, Scotland Co., Mo. - this is signed by Thomas Rose. He was evidently living there at that time.

Thomas Rose's wife Ruth inherited some land in Greene Co., Pennsylvania, from her father. The will of her Thomas Scuder is recorded in Will Book 1 pp. 335-336, Greene Co., Pennsylvania, to wife Abigail Scudder, moveable estate and 1/3 part real estate, to heirs of dau. Sarah fifty cents, to son Doathann same, to dau. Abigial same, to dau. Jane same, to dau. Mary same, to son James same, to dau. Ruth all land she now lives on at lower end of Wm Allisons lot, to Myer's Mill, etc. (her last name not shown), to son Daniel Clark land beg. at George Seaton's corner, etc. Appointed William Jammison and John Chadwick executors. Signed: Thomas Scuder. Wit.: James Seymour. Codicil: 13 Mar. 1828, gives some land to son Daniel Clark Sudder. Wit.: James Seymour, Benjamin Jones? Ack. 28 Apr. 1828 (File No. 597).

It would seem from the will that probably Thomas Rose and his wife lived on the property for a time. This may be the property in the following deed in Greene Co., Pennsylvania:

Deed Book 12 pp 162-163, 4 May 1849, Thomas Rose of Monongalia Co., Va., and Ruth his wife to Jacob Hewet of co. of Greene, Pa., for $300, land on Whitely Creek, Cumberland twp., line of heirs of William Allison, line of John N. Flennekin, James Sender, etc., 16 acres and 140 perches, being land willed by Thomas Scudder to his daughter Ruth Rose by will dated 20 Feb. 1828, reg. Greene Co. 28 Apr. 1828. Signed: Thomas Rose, Ruth (her x mark) Rose. Wit.: Abner Garrison, Hannah Garrison. Ack. 29 May 1849. Rec. Feb. 25, 1850.

Though it is possible there is no significance to the name of George Seaton appearing as an adjoining property owner (see will above), it is perhaps a matter of interest that in a deed in Greene Co. (Book 5 pp. 559-560), Sarah K. Seaton, widow, William Zenor and Sarah his wife, James Seaton and Nancy his wife, William C. Seaton and Rebecca his wife, James S. Rose and Betsy his wife, all heirs and representatives of Howsen K. B. Seaton, decd, all of Jefferson Co. Ky., deed to Doctor Nathaniel Dustin of Borough of Waynesborough, Greene Co., for $300, land in sd Borough, Lot No. 95, same conveyed to above Howson K. B. Seaton by deed in Book A, vol. 1, pp. 101-102. This is witnessed by Elisha Athy and John M. Athy, and acknowledged in Jefferson Co., Ky. 31 May 1826. I have done a great deal of research on this Jefferson Co., Ky. family - James S. Rose above is a son of John and Elizabeth (Seaton) Rose. His father John Rose was a revolutionary soldier, who was born 1760 in "East Jersey on Rockaway river" according to his own revolutionary pension affidavit. He was very early in Jefferson Co., Ky. I doubt that there is any real significance of this, as far as either the Greene Co., Roses, or the Monongalia Co. Roses...but? (Research report is available on the John Rose family of Jefferson Co., Ky. His children were Allen, Polly, James Seaton, George, Eli and William S. Rose.)

Children: ROSE.

Hopkins 2 Rose (Charles 1), born 1784-1794 (per 1810 census), died 9 Oct. 1823 at or near Washington, Fayette Co., Ohio. (War of 1812 file), married 22 May 1812, Fayette County, Pennsylvania by –– Woodbridge, Bapt. Minister, **Susannah Conner** (per her affidavit, War of 1812 file). (It is to be noted that they married in Fayette Co., Pennsylvania but that he died in Fayette Co., Ohio (see land bounty claim following). She was born ca 1795 (land bounty affidavit).

From War of 1812 land bounty file (#1850 Rej. 122320, National Archives) we find that he is shown as Ord. Sergt., under Capt. James Morgan, Va. Mil.. On 11 June 1851 Susanah Rose, aged 56, resident of Darke Co., Ohio, made affidavit that she is widow of "Upkins Rose" (sic, Hopkins Rose), that he volunteered at Morgantown, Va. 10 Sept. 18– (year blank), discharged at Fort Meigs, Ohio 25 Apr. 18– (year blank); that she m. him 22 May 1812 at Fayette Co, Pa. by Woodbridge, Baptist Minister; that her name was Susanah Conner. She also states that he d. at or near Washington, Fayette Co., Ohio 9 Oct. 1823. She is applying under act of 1850, and signs by x mark. This is witnessed by C. S. Witt and Elijah Shook.

In another affidavit from Darke County, in the same matter, Adam Harness and James Conner, state they are well acquainted etc.

A letter was written from Greenville, Darke Co., Ohio Sept. 29, 1851 by C. S. Smith regarding this claim.

The jacket showed Upkins Rose, and above it was written HOPKINS ROSE; according to the jacket he served 19 Sept. 1812 to 5 Apr. 1813. Why the claim was not granted is not stated.

Children: ROSE, unproven. Perhaps others.

Remarks: Is There is a Ann Rose who m. 26 July 1821, Fayette County, Ohio, James Fent, and it had been considered that she might be a daughter of Hopkins Rose. From letter in 1980 from Verna Rosacrans, she states that old papers show that James Fent age 90 attended a McDorman birthday party on 25 September 1891 in Greene County, Ohio. However, though the VR give her

name as Ann Rose, History of Fayette County, Ohio 1984, pp. 15-116, in biographical data on the Fent family, give her name as Anna Rose Creamer. Mary Nunneley also notes that since Hopkins Rose married in 1812 he couldn't have had a daughter Ann who married in 1821.

Rebeckah 2 Rose (Charles 1). It is believed (but not proven) that she is the Rebecca Rose who was born either 12 April 1797 or 11 April 1796 (we have been sent the birth both ways), died 9 January 1884 age 87, buried New Geneva, Fayette County, Pennsylvania, cemetery unknown. She married, **Jacob Franks**, born 20 February 1798, died a little over 75 years, lived Monongalia County, Virginia (now West Virginia) and then to Fayette County, Pennsylvania. The death certificate of their daughter Rebecca Ann Jaco (we are told) shows her parents as Rebecca and Jacob Franks, though we have no further data about this death certificiate.

Children: FRANKS, we are told there were 11 children.
i. Rebecca Ann b. 19 Sept. 1838, d. 14 Jan. 1929, m. J. Harvey Todd Jaco

See: John W. Jordan, Genealogy and Personal History of Fayette and Greene Counties, Pennsylvania, 1912, p. ?

Note: The FRANKS data is unconfirmed. We are further told that the tradition is that Rebecca's mother was a MELINOC, but this too is unconfirmed. Location of this family, time period, and name of Rebecca suggest strongly that she is a daughter of Charles Rose and his wife Rebecca. More research should be undertaken on this branch.

Charles 2 Rose (Charles 1), born ca 1806, married, **Jane--**. Lived in 1856 in Kentucky (see chancery case, John Bougher vs. Charles Rose, Monongalia County, Virginia (details in section of his father Charles Rose in this report).

His land was involved in a lengthy chancery court case, see section (1) of his father for details. In connection with this, there is recorded in deeds of Monongalia County:

1:552, in a case John Rose vs. Charles Rose and others, Circuit Court, Jno. T.? Fleming was appointed Commissioner to sell a tract devised by Charles Rose deceased to the several parties in the suit, John Bowen became purchaser for $75, said Fleming conveys, running on lines of land sold by Charles Rose, said deceased, to Richard and James Cain on 13 Jan. 1800.. Signed: John T. Fleming. Ack.: 20 Nov. 1858.

In the County Order Books of Monongalia County:

jury called (and listed), plaintiff to take nothing on Bill, but for his false clamor, he is in mercy, defendant gets costs, etc.

It is possible that he is the Charles Rose, deceased, whose administrator George C. Bakker was appointed January Term 1887 in Monongalia County, West Virginia (Fid. Book 1 p. 279; in index as Fiduciary book but the book is not so marked - it shows Order Book 1 on cover).

The following census is included for in so many ways it is similar to the family of Charles Rose. However, as pointed out by Mary Nunneley who found the record, serious errors have been made by the census taker if indeed it is this family. There were at least two copies of the census made, and in some years, three. It could be that an error occurred in one of the copies. The census microfilm is sometimes made from a copy rather than from the original.

Though he had children living with him in the 1860 census, it would appear that they may have predeceased him for when he made his will dated 27 May 1892, his entire estate was to be divided between Elizabeth A. Rose and my only other legal heir, William T. Fowler.

1/7 part, Sarah Rebecca Rose, a minor of Greene Co., Ohio

Remarks: Why did Elijah Shook have 1/7 interest? Was he acting as agent for daughter Susannah? She is the only one not named.

Note that in the list of children, Sarah Rebecca is shown as born 1852, while he died 1851. Is her birthdate in error, or...was she born posthumously? However, note that the 1860 census as sent to us shows her as age 2; if this is so, she cannot be a daughter of John W. Rose.

Children: ROSE, by first marriage.

i. Susannah, prob. the Susan b. ca 1835, m. 19 Oct. 1852, Darke Co., Ohio VR, Joseph W. Readenbaugh. See 1860 census. She does not seem to be named in the partition in references following, but the name of Elijah Shook appears. Was he acting as her agent?

ii. Lucinda b. 24 June 1836, Miami Co., Ohio (LDS record) or b. Shelby Co. (Grainger fam. rec.), m. John C. Gilbert

iii. Nathan b. 1839, Miami Co., Ohio (LDS record) or b. Shelby Co. (Grainger fam. rec.)

iv. Edna b. 30 Dec. 1844, Miami Co., Ohio (LDS record), or Shelby (Grainger fam. rec.). From Joseph H. Vance, Albright, Clapp & Burk Families, p. 80, Edna was b. Dec. 1844, Shelby Co., Ohio, d. 15 Sept. 1926, m. 1st, Daniel Richardson, b. 1843, Ohio, d. 21 Feb. 1896, Rossville, Allen twp., Darke co., Ohio; she m. 2nd, 16 Mar. 1902, Rossville, Daniel Hay, a confectioner. Children, RICHARDSON: Joseph b. 1867, John b. 1871, Oliver b. 1880

By second marriage

i. William C. b. ca 1847, d. 1922, bur. Jamestown Ceme., Jamestown, Ohio; unm. Liv. with his grandfather William Sanders in 1860 census

ii. John W. b. ca 1849, d. 1927, bur. Jamestown Ceme., Jamestown, Ohio; unm. Liv. with his grandfather William Sanders in 1860 census

iii. Sarah Rebecca b. 1852 (family records), d. 25 July 1877, unm. Note however that 1860 as sent to us shows her as age 2, or b. ca 1858. If that is correct, she is not a daughter of John W. Rose. If the date 1852 is correct, she must have been born posthumously.

Note: Aunt of Luella Kinney Grainger states that only Susannah above (her ancestor) was born in Miami County; she says the younger ones were born in Shelby County, Ohio.

Memphis, Scotland County, Missouri, married **Elizabeth Ann Remley**, born 28 March 1820 (tbs.), died 20 August 1910 (tbs.), buried same, daughter of Emanuel and -- (Showalter) Remley. (Jotham is sometimes shown as Jonathan on the records.)

Though he had children living with him in the 1860 census, it would appear that they may have predeceased him for when he made his will dated 27 May 1892, his entire estate was to be divided between Elizabeth A. Rose and my only other legal heir, William T. Fowler.

Children: ROSE, from 1860 census.
i. Hannah b. ca 1844 Va., m. 9 June 1859, Scotland
Co., Mo. VR, Emanuel Fowler b. ca 1824, Ohio.
They are evidently parents of William T. Fowler,
named in the will of Jotham Rose
ii. Thomas b. ca 1845 Pa.

John W. 3 Rose (Hopkins 2, Charles 1) born 1 February 1814 (calc. from age at death), died 26 December 1851 aged 37y 10m 26d, buried Shook Cemetery, Darke Co., Ohio, married 1st, 12 July 1834, Miami Co., Ohio VR, **Rhoda Coate**, (shown evidently as Edna on LDS record) who died 22 Sept. 1845 aged 34y 6m 0d, buried same cemetery, (tbs. sent as Rhoda Rose), married 2nd, 1845-1850, **Rebecca Sanders** b. 1818, d. 21 Dec. 1874 (tbs.: 1818-1874), buried Cedarcreek Baptist Cemetery, New Jasper twp., Greene County, Ohio, dau. of William and Elizabeth ( ) Sanders. (I have also seen her date of death copied from the death register as 21 Dec. 1877 but tend to think that 1874 is correct; however, this should be re-checked. I am told this death record shows her as widow, and death as paralysis. Her father William Sanders was age 82 b. N.C. in 1860 and had her two sons with him. He died testate).

From the Court of Common Pleas, Darke County, Ohio, Court Record Book Q-1 p. 218, October 1859, John C. Gilbert and wife vs. Elijah Shook et al. In Partition, filed 11/15/1865...land...80 acres...E 1/2 of SW 1/4 Sec. 13 and 79 acres E 1/2 SE 1/4 Sec. 14, Twp 14 Range 2. John Rose dec'd. Widow Rebecca Rose of Greene Co., Ohio.

Partition:
1/7 part, Lucinda, wife of John C. Gilbert
1/7 part, Elijah Shook
1/7 part, Nathan Rose, a minor of Miami Co., Ohio
1/7 part, Edna Rose, a minor of Darke Co., Ohio
1/7 part, William Rose, a minor of Greene Co., Ohio
1/7 part, John W. Rose, a minor of Greene Co., Ohio
1/7 part, Sarah Rebecca Rose, a minor of Greene Co., Ohio

Remarks: Why did Elijah Shook have 1/7 interest? Was he acting as agent for daughter Susannah? She is the only one not named.

Note that in the list of children, Sarah Rebecca is shown as born 1852, while he died 1851. Is her birthdate in error, or...was she born posthumously? However, note that the 1860 census as sent to us shows her as age 2; if this is so, she cannot be a daughter of John W. Rose.

Children: ROSE, by first marriage.

i. Susannah, prob. the Susan b. ca 1835, m. 19 Oct. 1852, Darke Co., Ohio VR, Joseph W. Readenbaugh. See 1860 census. She does not seem to be named in the partition in references following, but the name of Elijah Shook appears. Was he acting as her agent?

ii. Lucinda b. 24 June 1836, Miami Co., Ohio (LDS record) or b. Shelby Co. (Grainger fam. rec.), m. John C. Gilbert

iii. Nathan b. 1839, Miami Co., Ohio (LDS record) or b. Shelby Co. (Grainger fam. rec.)

iv. Edna b. 30 Dec. 1844, Miami Co., Ohio (LDS record), or Shelby (Grainger fam. rec.). From Joseph H. Vance, Albright, Clapp & Burk Families, p. 80, Edna was b. Dec. 1844, Shelby Co., Ohio, d. 15 Sept. 1926, m. 1st, Daniel Richardson, b. 1843, Ohio, d. 21 Feb. 1896, Rossville, Allen twp., Darke co., Ohio; she m. 2nd, 16 Mar. 1902, Rossville, Daniel Hay, a confectioner. Children, RICHARDSON: Joseph b. 1867, John b. 1871, Oliver b. 1880

By second marriage

i. William C. b. ca 1847, d. 1922, bur. Jamestown Ceme., Jamestown, Ohio; unm. Liv. with his grandfather William Sanders in 1860 census

ii. John W. b. ca 1849, d. 1927, bur. Jamestown Ceme., Jamestown, Ohio; unm. Liv. with his grandfather William Sanders in 1860 census

iii. Sarah Rebecca b. 1852 (family records), d. 25 July 1877, unm. Note however that 1860 as sent to us shows her as age 2, or b. ca 1858. If that is correct, she is not a daughter of John W. Rose. If the date 1852 is correct, she must have been born posthumously.

Note: Aunt of Luella Kinney Grainger states that only Susannah above (her ancestor) was born in Miami County; she says the younger ones were born in Shelby County, Ohio.

TYCHICUS ROSE FAMILY

Washington Co., Pennsylvania

Note: This is subject to corrections, additions, omissions etc. and is only for the purpose of further research.

(1)

Tychicus Rose, birth unknown, d. between 21 Jan. 1793 (date of will) and 10 Oct. 1793 (will proved), Washington Co., Pa.

He m., date and place unknown, to **Catherine ---** who was living when he made his will. She probably died by 3 Mar. 1803 for at that time two of her sons Robert and John are selling property they inherited from their father, and one of the provisions of his will was that it would not be sold until his wife's death, if she remained a widow. If she re-married, we do not have that information. One branch of the family suggests that she removed to Ohio with some of the family in 1803-4, and died there, but this is unproven.

The burial place of Tychicus Rose and his wife is unknown.

The parentage of Tychicus Rose is unknown, but in a land grant recorded in Frederick Co., Va. (Book 2 p. 329, State Library, Charleston, W. Va.), dated 25 Feb. 1792, he is shown as "Tychicus Rose Heir at Law to Robert Rose Deceased." This is for 80 acres on Sleepy Creek. The matter of his being heir at law of Robert Rose poses some questions. Was he a son of Robert Rose? A brother? Or other relative? It has been discovered that a Robert Rose who appears to be this same Robert owned land in Hampshire Co., Va. There are recorded in Book 1 of Deeds pp. 130-135 (Old p. 75) the following:

> 7 Sept. 1761, William Williams late of Frederick Co., to Robert Rose of Hampshire, for five shillings current money of Virginia, tract in Hampshire County on Potowmack? River about a mile and half below the mouth of Great Cape Capehon? containing 181 acres as by a grant from proprietors of Northrn Neck of Virginia to the sd Williams bearing date of

11 July 1760. Signed by a W mark. Wit.: Cuthbert Bullett, Jonathan Heath, Sam Dew, Ben: Tutt, proved 8 Sept. 1761.

The next item 8 Sept. 1761, between the same parties, for thirty pounds current money of Virginia, the above land. Same witnesses. Proved 8 Sept. 1761.

(Land was transferred at this time in Virginia by two documents, the lease which showed only a nominal consideration, and the release dated at least a day later showing the full amount.)

In 1769 he bought land in Frederick Co., Md. (BK M p. 52) declaring himself of Hampshire Co., Va., and sold the land in 1772, again declaring himself of Hampshire Co., Va. (BK P p. 433). The abstracts:

Frederick Co, Md. Book M. pp. 52-53
William Dawson of Frederick Co., Md. to Robert Rose of Hampshire Co., Va., for 50 lbs current money, land called the well wisher, by line of tract called Tonalaway Lick, rec. 3 Feb. 1769. Wit.: Thos. Prather, Evan Shelby.

Frederick Co., Md. Book P pp. 433-434
25 Aug. 1772, Robert Rose of Hampshire Co., Va. to Jno Sniveley of Frederick Co., Md., for 70 lbs., "Well Wisher" on line of Tonoloway lick. Signed: Robert (Rose). Wit.: Evan Shelby, Jno Stuttle? Rec.: 16 Nov. 1772, and at this time also came Johana Rose, wife of sd Robert Rose, and relinquished her right to dower.

It is a matter of speculation as to the relationship of Robert Rose to Tychicus Rose. Under Virginia law at the time, if a man died without a will, his eldest son inherited the land. If a man died without a will, single and without children, his eldest brother inherited his land. What I do not know is what happened under the laws of that time if a man died as a widower, and without children. My assumption is that it was treated the same as a single man, for in no case that I have read about did it revert backwards (that is, to father, uncles etc.) It is possible that Robert's wife Johana predeceased him, and that they had no children, and that thus Tychicus became his heir as his eldest brother. It is also possible that Tychicus Rose was the eldest son, and thus his heir. It is puzzling that an estate has not been located for Robert Rose either in Hampshire County or in Frederick County, and further examination into this matter may be necessary. It may take a page by page search of such unindexed items as Court Minutes, Court Orders, etc.! Those having access to the LDS microfilm may want to check on the availability of these records.

I believe that Tychicus Rose is a brother of Ezekiel Rose of Washington Co., Pa. and later of Roseville, Ohio. In a deed dated 11 Apr. 1789 (see source references following) Ezekiel Rose and his wife Mary deed land, for a consideration, to Tychicus Rose,

This strongly suggests a relationship; I believe they were most probably brothers.

There is yet another Rose in the same Washington County area who I believe could be related. He is **Isaac Rose** was born 1747-48, d. 7 June 1822 (tbs.), buried Amsterdam Cemetery, Mercer Co., Pa. He married Margaret Leyda probably in Washington Co., Pa. and moved many years later to Mercer County. He had 100 acres surveyed on 15 Feb. 1785 in Washington Co., Pa. **about two weeks after Ezekiel Rose had 250 acres surveyed.** Was there a relationship? Though the children of this Isaac Rose are known, his ancestry has not been solved. There were at least two Isaac Rose in Frederick Co., Virginia - one was said to be born 20 Aug. 1744 and was the son of Daniel Rose of Branford Co., Connecticut. Another evidently older Isaac Rose was living on property adjoining Jonathan Rose (son of Daniel of Branford) in 1761, for on 30 May 1761 Peter Romine of Loudoun Co., Va. bought 400 acres in Frederick County adjoining the land of Isaac Rose. In a grant to Jonathan 27 Sept. 1762 in Frederick County on Sleepy Creek, the description shows that it adjoins the land of Isaac Rose. (The Branford, Connecticut Rose family is treated in some detail in the book Descendants of Robert Rose of Wethersfield and Branford, Connecticut, Christine Rose, 1983.)

Washington Co., Pa., will of Tychicus Rose of Morgan twp dated 21 Jan. 1793; gives to wife Catharine 1/3 plantation I now live on and 1/3 of moveables during her life; the other 2/3 to be under her care until my youngest child is of full age; also to wife 12 pounds to be collected out of debts due to me or out of the price of the land I claim in Virginia which land is to be sold, and my son John to perfect the title to a purchaser or if he should die, my next son in age; to sons John and Robert I give the plantation I now live on to be divided between them - one to divide the land and the other to take choice, the division not to take place while wife remains a widow, until her death; John and Robert to pay to each of the other children 8 pounds Pa. currency at the end of two years, namely James, Jeremiah, Sarah, Anna and Elizabeth Rose. My son Robert my gun; my son James is to be bound to a hatter at age 17, and Jeremiah to a taylor. I recommend my children to be brought up Baptist. Executors named are wife Catherine and John Buckingham. Signed by Tychicus Rose and witnessed by Myles Haiden and Peter Benham. The will is proved 10 Oct. 1793. A clause was added stating that the intent was that sons John and Robert who are to get the land shall pay to other five children forty pounds current money of Pa. or to each fifty pounds in wheat, and specifies the manner of payment.

It has been a matter of interest as to what happened to the Virginia land owned by Tychicus Rose. Dr. Kenneth Rose and his wife Margaret located in the State Library at Charleston, West Virginia, a chancery court case:

Hampshire Co., Va. Minute Book 1785-1798
p. 448, Court of 15 Aug. 1797 Quarterly Court
p. 449, Thomas Barnet, Complainant vs. John Rose, Ann

Rose, Robert Rose, James Rose, Jeremiah Rose, Sarah Rose and Elizabeth Rose, infants and heirs of Tychicus Rose Dec'd, Defendants. In Chancery. This day came the Complt by Elisha Boyd his attorney and it appearing to the satisfaction of the Court that the former order in the cause hath been duly published as the Law requires and the defendts failing to appear and answer, it is decreed and ordered by the Court that defts do convey to the Complt the absolute fee simple in the said eighty acres. (Foregoing abstracted.)

Though the above record would indicate that favor was for the Complainant, a subsequent record a few pages later confuses the issue:

> _Ibid._, p. 504, Court of 16 Oct. 1797
> p. 505, A Deed from Tychicus Rose to Elizabeth Rose was further proved by the oath of Virgil McCrakin another of the witnesses thereto and is ordered to be recorded.

The actual disposition of the land has not been located. The mentioned deed from Tychicus Rose to Elizabeth Rose, though ordered recorded, does not appear in the Deed books of Hampshire County, nor has it been located in Frederick County. The testimony of the other witness or witnesses inferred from the above record has also not been located. The identity of this Elizabeth Rose is uncertain - she could be his daughter Elizabeth, or possibly even his daughter-in-law, wife of John Rose.

Children: ROSE, per will. The order given is suggested by their listing in the chancery court case previously mentioned.

2. i. John, b. ? , m. Elizabeth --- (eldest son per will)
ii. Anna b. ?
3. iii. Robert ca 1780-82, m. Mary Hightshoe

vii. Elizabeth b. ? , did she m. 4 Oct. 1811 Muskingum Co., Ohio to Amos Rees?

Remarks: _Tenmile Country_ by Lackey states that John Rose, son of Tychicus Rose, married a wife named Hannah. The manuscript of Mrs. Smith deposited in Library of Congress states that John Rose married Elizabeth. From a deed located by Kenneth D. Rose M.D. it is proved that John, son of Tychicus, did indeed have a wife named Elizabeth. I believe that the other John, who married Hannah (Addleman) **may** be a brother of Tychicus Rose.

Robert Rose, son of Tychicus Rose, was evidently unmarried in 1803 for a wife did not sign deed of sale (see section of brother John Rose). I believe from a careful examination of all

the records that Robert Rose, son of Tychicus Rose, is the identical Robert who was born 1780-82 (b. 1780-90 per census, but born ante 1782 to be old enough to deed land in 1803), and who m. 18 Jan. 1812 Muskingum Co., Ohio VR to **Mary Ann Hightshoe**. She d. between 1840 (census) and 1842 (her will proved) probably in Morgan Co., Ohio. Her birthdate and parentage is unknown.

Tychicus Rose. His 1850 census is unknown.

(5a)

Jeremiah Rose, son of Tychicus Rose, b. ca 1786, Pa. (per 1850 census), m. **Lydia** ---, b. ca 1787, N.J. (per 1850 census).

It would appear from the census records that perhaps three brothers, i.e. John, Jeremiah and James went into Perry County and were listed there in 1820. John it would seem either left or died, with Jeremiah and James remaining through the 1840 census. In 1849 Jeremiah's son son John Rose who married Mary Woolard moved into Grant Co., Wis. In the 1850 census Jeremiah is listed in Grant Co., Wis., as are his sons John, Jeremiah and Chauncey.

There is a record of a Warrant No. ? (unreadable on my xerox copy) showing that Jeremiah Rose, assignee of Adley Davidson, obtained 160 acres in Northwest Quarter Section 8 Township 3 North Range 2 West, in the district of lands subject to sale at Mineral Point, Wisconsion, dated 10 Sept. 1850. Also, that he received Certificate, Jeremiah Rose of Grant Co., Wis., Land Office at Mineral Point, cointaining 80 acres. I cannot read the whole description but is evidently Section 4 Township 3 North --- ?, and is dated 1 November (1850?).

Besides the sons John, Chauncey and Jeremiah, he was father of William Rose Jr. (the Jr. designation to perhaps distinguish him from an older William in the same area). This is based on the following lengthy records located by Terry Parks, and condensed in this report.

> Hocking Co., Ohio
> Hamilton Lowry vs. Jeremiah Rose, grdn of the minor heirs of Wm Rose decd, vs adm of estate of Wm Rose decd, testimony taken 19 June 1845. William Hutching swore that Jeremiah Rose Jr. dug the potatoes, pulled and husked the corn. He was not more than 7 or 8 days doing this work etc. Jessie Boughman swore that "I saw John Rose son of Jeremiah Rose receive $50 from William Rose Jr. decd, with instructions to pay his father Jeremiah Rose the same, and I likewise saw William Rose Jr the decd put $50 in a letter to send to his father, Jeremiah Rose. It was before he was married. He lived at Lower Sandusky at the time." He further states that Rose was married "I think in 1835 or 6. William Rose told me he sent the money about 8 or 12 months before his marriage. Jeremiah Rose told me in C. Goods Grocery in the town of Logant - - - that he did receive the above named $100, the fifty sent by John Rose and the other fifty by letter." Hamilton Lowery was sworn and states "I settled an account with John Rose for Wm. Rose having a book account against me - - - John Rose was acting for his father J. Rose, the Adm." However, testimony of Joseph Lowery on 29 July 1845 states that "Jessee Baughman" told him that he knew nothing about

the $100 that should have been sent by "Wm. Rose decd. to his father," and John Rose of Falls Township swore that "Jessee Baughman said that he never said that Jeremiah Rose had Pd. $100 from Wm. Rose nor never thought such a thing." On the sdame day David Rose testifies that H. Lowery told him that he ought to have one third of the personal estate.

In a list of goods and chattles sold by Jeremiah Rose, adm. of the estate of William Rose, deceased, "Hawkin County, Falls Township, Ohio" (no date of transcribed copy), purchasers included William Rose Sr., Jeremiah Rose Jr., William Rose, John Rose, son of Wm. Rose, Chauncy Rose, and William Rose (no Sr.) (It should be noted here that "Jr." was not always son of "Sr." but simply a designation to distinguish two by the same name. This is the case in this family - William Rose Jr. was a son of Jeremiah Rose and William Rose Sr. evidently related in some other manner, perhaps an uncle. C. Rose.)

In an account showing items from May 25, 1841 to June 19, 1845, included items to "H. Lowery allowance to widow," "Geo. Rose on note."

In another paper (no date) it is shown that "after hearing of much testimony concerning an amount of money, to wit $100.00, which was said to be in the hands of the deceased Father, the present Adm., previous to the death of the decd., Wm. Rose and unaccounted for by said Adm. do find that no such sums of money were in the hands of said Adm."

There were a number of receipts in the file. One particularly interesting one was for Jeremiah Rose adm. of Wm. Rose decd vs. Catharine Rose etal in Hocking Common Pleas, petition to sell land, received May 27 1844 of Jeremiah Rose, $31.74 in full cost in the above case. Signed by C. W. James, clerk. Another shows received Mar. 4, 1844 of Jeremiah Rose, adm. of William Rose decd, $100 in full of allowance "made to me as widow of said William Rose, decd." Signed by Hamilton Lowry, Catharine (her mark) Lowry. An unidentified George Rose is mentioned in a receipt Feb. 17 1841 showing that he was of Perry Co., an amount paid to him as debtor for an account charged Oct. 5 1839. He signed with an x mark. On July 16 1838 William Rose (no Sr. or Jr.) signed a note to George Rose for $16.00.

Note: According to records of Betty Heyde, the father of John Rose (now known to be Jeremiah) had John, George, Lizzie definitely, and perhaps also Mrs. Thomas Dickerson, Mrs. Wm. Dunn and a Mrs. Leightly with a son named Jacob. This from family journal kept by Joseph Marion Rose on a trip 1865 to Roseville area. The John referred to is the one who married Mary Woolard and therefore is son of Jeremiah Rose.

Special Note

I constantly revise and edit these reports. When printing them out, they sometimes break in "strange" places, such as in the middle of a census etc. Because of the constant revisions, it would be very time consuming to check this each time there is a print-out, so please be sure to always check the next page for the rest of the material. Also, remember in writing to someone else who has this report that theirs may be different than yours, for revisions may have been made. It will be best to refer to section numbers, rather than page numbers, because of this.

Register System Used

I have used the "register" system in this report. The first **known** generation, in this case Tychicus Rose, is numbered as (1). Each of his children that is to be **carried forward** has been given an arabic number; and **all** children have been given a roman numeral. To find more information on the ones with an arabic numeral, i.e. 3, 4, 5, etc., just refer to the paragraph headed with that number (3), (4), (5), etc. In working from the other direction, backwards, you can also find the sections by looking at the paragraph heading, for instance (5), and looking for a section that has a child listed as "5."

Monongalia County, West Virginia

Report #1 and Report #2 Combined and Additions from a third trip in October 1989

Foreword

Monongalia County was formed in 1776 from the District of West Augusta. One of the early families here was Charles Rose who was from Hunterdon County, New Jersey, believed to be descended from the Tormut Rose family of Block Island, Rhode Island. Another Rose with early dealings was John Rose of Harrison County, Virginia, whose ancestry is unknown. Cropley (Crossley) Rose who also appears early was from Philadelphia, and evidently a land speculator for he had holdings in many different counties. His will in Philadelphia indicates he did not leave children.

ORIGINAL CHANCERY PACKET: John Rose vs Charles Rose et al, 1855, no number

John Rose, son of John and grandson of the testator Charles, makes claim for the balance of the land mentioned in the will, after the bequest to Charles Rose (jr.). These affidavits are quite interesting. First he gives only the names of the sons of the testator Charles Rose. Later he amends the affidavits to include the names of the daughters. He includes the names of his own brothers and sisters, son of John, but **claims to not know their whereabouts, nor the names of the husbands of his sisters!.** He also claims that Hopkins Rose (his uncle) left no children. In addition, at no time does he name his half-brothers and sisters, the children of his father by his father's second marriage. A search of the original chancery court file did not disclose if any of the land was granted to John by the court. The court did confirm to Charles Rose his 100 acres.

Jan. 10, 1855, Subpoena, Mary Ross, late Mary Rose, Abby Conner, late Abby Rose, Rachel Rose, Rebecca Rose, Hannah Rose and Freelove Rose children and heirs of Charles Rose decd to appear Circuit Court in February.

execute to Bougher a good general warrant deed, etc.] Dated: 14 Mar. 1854. Signed: Charles Rose.

The Prayer petition and bill of complaint of orator John Bougher of Monongalia Co. showeth that one Charles Rose late of said county on 14 Mar. 1854 by his title bond, sold to orator 154 acres, the title to 54 acres was not in the said Rose, it was stipulated in bond that in case Rose should fail to obtain title Rose was to deduct from $425 at rate of $2.11 per each acre of said 54 acres, etc., etc., said Rose removed from this county into the state of Kentucky where he has ever since remained as your orator is informed, your orator being ready and anxious to pay the residue of said purchase money, and obtain a deed for said 100 acres of the land (the 54 acres having in the meantime passed into the hands of one John Bowers), your orator, "old and feeble as he is, and was, at great expense to your orator, who is a poor man, in the month of June 1856, went to Kentucky on search of said Rose, and found him then and offered and tendered him said residue," and demanded a deed, whereas Rose declined, but faithfully promised to come to Virginia the next fall and "arange said matter and make said deed," so orator did not then deem it proper to pay him; that said Rose failed to come to Virginia then or since etc., purchase has been left and still is in hands of said John Bly as agent of said Rose, went to him, and offered him balance if he would procure deed, but Bly also declined; orator wrote several letters, etc. etc. Your orator does not now know where said Rose now is, or whether he is dead or living, not having "authenticly" heard from him for several years, etc. Signed: Keek? & Hough, Attorneys for Cplt.

Appendix A

This is abstracted from photocopies of original records, evidently loose papers. We were not told where they are deposited, but may be at Colson Library, University of West Virginia.

Envelope 71, District Court from Harrison Co. May Term 1801 [In Monongalia Co. Records]
John Pettyjohn vs John Rose, assignee of Daniel Davisson. Controversy as to Land Title. Copy of Caveats, Subpoenas, Summons on Caveat, Alias, Plurimas, Copy of Resurvey of the Land. Dismissed-Agreed.

Survey: Aug. 1794, by order of the Court of Harrison County, resurveyed for Davisson 400 acres of land lying in Harrison County on west side of Tygers, 334 acres part thereof formerly granted to said Joseph Davidson on 20 --? 1784 and 66 acres the residue by virtue of part of a certificate in right of ---? given by Commissioners for adjusting the claims to unpatented lands in court of Monongalia, Yohanganie & Ohio, the whole bounded (description follows). Harrison County Oct. Court 1794 survey was brought into court and ordered to be certified reasonable.

Citations, to Sheriff of Harrison County, that you summon John Rose assignee of Daniel Davisson for Joseph Davisson to appear before Judges of the District court at next Court to be holden at Monongalia County Courthouse to answer the caveat of John Pettyjohn to prevent a grant issuing to said John Rose assignee of Daniel Davisson for Joseph Davisson on his Resurvey for 400 acres in Harrison County dated 28 August 1794, 334 acres, part thereof formerly granted to said Joseph Davisson the 20 April 1784 and 66 acres the residue by virtue of part of a Certificate in right of settlement given by the Commissioners for adjusing claims...Because the survey contains 66 acres more than the original Patent purported to contain, and no warrant has been entered by him to include and cover that excess, the said survey contains 6 acres which were not contained with the original patent or the original survey "which 66 acres were included by altering and extending the bounds and Courses of the Original grant and by making new boundaries," because John Pettyjohn claims the same 66 acres by an Entry made 20 March 1799 for 100 acres in part of a land Office Treasury Warrant dated 7 Aug. 1783 for 1000 acres No. 18444 granted to Henry Banks who assigned to William Pettyjohn who assigned to said John Pettyjohn. Witnessed 27 May 1799.

[There are various other papers in the above matter. As will be seen on the envelope the matter was eventually "dismissed-Agreed."

A COURTHOUSE RESEARCH REPORT: MONONGALIA CO., WEST VIRGINIA REPORT #2

DO NOT REPRODUCE

This represents research at the Courthouse in Morgantown, West Virginia in June 1986 by Christine Rose, C.G. and Seymour T. Rose. It was our second trip there. Report #1 in June 1983 is still available. The information on Report #2 DOES NOT DUPLICATE information on Report #1, but is in addition.

Monongalia County was formed in 1776 from the District of West Augusta. One of the early families here was CHARLES ROSE who we believe to be the one from Hunterdon County, New Jersey, descendant of Tormut Rose of Block Island, Rhode Island. Charles Rose of New Jersey was a Revolutionary soldier, and we have been trying to prove he is the identical man of Monongalia County. On this trip we found record of an affidavit in Court Order Book #15 for Rebecca Rose, and feel it could well be regarding the revolutionary service and thus give us proof. Unfortunately, their County Court Order Books went #1 through #13, and the rest were missing! We must pursue this at the State Archives in Charleston, West Virginia, and if that fails, we must check the basement vault at the Courthouse. They were setting up for election when we were there and would not allow anyone into the basement vault. The missing book was at at the Colson Library, West Virginia University in Morgantown which does have some originals, for we checked there.

We still have not exhausted all possibilites in this county!

NOTE:
* These are sub-heads in the county court records index. For instance, the items marked "Deeds" are not deeds, but are the acknowledgements of deeds in court.

**Though the typed index was compiled from the first 20 county court order books, they have only No. 1 through No. 13 - the latter is 1839-1842. I searched all over the first floor vault, then asked assistance. No one knew anything about them. They have some books in a downstairs vault but were setting up for election and would not allow anyone down there. They brought up a "Inventory" of what was in the downstairs vault, and no order books listed. As can be seen above, the item involving Rebecca Rose could be quite important - it may be her affidavit for revolutionary pension from her husband Charles. We need to locate Order Book 15. It is not at the Colson Library (West Va. Univ. in Morgantown) but may be at Charleston at the State Archives. If unsuccessful, we should pursue the downstairs vault at the Courthouse.

ORIGINAL CHANCERY PACKET: John Bougher vs Charles Rose

It was late and getting close to closing time. The original deed is in the packet (the deed recorded in Book 1 pp 216-217 which we abstracted from the deed book, deed shows to Charles Rofse.

Agreement to Sell is here: Charles Rose to John Bougher, 154 acres; Charles Rose died seized of east side of Cheat River, land on road from Ices Ferry to ---?, devised to said Charles Rose by said Charles Rose dec'd. Signed: Charles Rose. Filed May Rules year 1865.

(See attached xerox): Know all men by these presents that I, Charles Rose bound to John Bougher...said Rose has sold to said Bougher 154 acres of trct of land of which Charles Rose dec'd died seized, lying east of Cheat River on road leading from Ices Ferry to the ---? spring, 100 of which 154 acres was devised to sd Charles by the sd Charles dec'd as may be seen by his will of record. The remaining 54 acres is 2/3 of the remainder of sd tract of which the said 100 acres are a part, for which the sd Charles Rose has not yet procured title and agrees to do so. (The agreement continues with details on the price to be paid, when it is paid Rose is to execute to Bougher a good general warrant deed, etc. Dated: 14 March 1854. Signed: Charles Rose.

(See attached xerox): The prayer petition and bill of complaint of orator John Bougher of Monongalia Co. showeth that one Charles Rose late of sd county on 14 March 1854 by his title bond, sold to orator 154 acres, the title to 54 acres was not in the sd Rose, it was stipulated in bond that in case Rose should fail to obtain title Rose was to deduct from $425 at rate of $2.11 per each acres of sd 54 acres, etc. etc. (see copy) said Rose removed from this county into the state of Kentucky where he has ever since remained as your orator is informed, your orator being ready and anxious to pay the residue of sd purchase money, and obtain a deed for sd 100 acres of land (the 54 acres having in the meantime passed into the hands of one John Bowers), Your orator, "old and feeble as he is, and was, at great expense to your orator, who is a poor man, in the month of June 1856, went to Kentucky on search of said Rose, and found him then and offered and tendered him said residue," and demanded a deed, whereas Rose declined, but faithfully promised to come to Virginia the next fall and "arange said matter and make said deed," so orator did not then deem it proper to pay him; that sd Rose failed to come to Virginia then or since etc., purchase has been left and still is in hands of sd John Bly as agent of sd Rose, went to him, and offered him balance if he would procure deed, but Bly also declined; orator wrote several letters, etc. etc. Your orator does not now know where said Rose now is, or whether he is dead or living, not having "authenticly" heard from him for several years, etc. (see copy for more details). Charles 1 Rose, b. ante 1765 per 1810 census but date unknown, died between 6 June 1816 (date of will) and September 1816 (will proved), Monongalia Co., Virginia, m. **Rebeckah ---** (per will and deeds). She outlived him. It is believed that he is probably the Charles Rose who m. 13 Jan. 1781 in New Jersey (county not stated on the record), **Rebeckah Mulliner**.

It will be noted that for the purposes of this report, I am numbering Charles as 1, his children as generation 2, etc. It is not to be inferred that Charles Rose is the immigrant; however, since he is the subject of this report, for clarity I have used this numbering. Also, I will refer to Monongalia County as Virginia throughout, since at that time it **was** in Virginia, though of course upon the formation of West Virginia it became a part of that state.

I feel sure that he is the Charles Rose whose Revolutionary file #9010 is on file at the National Archives. A summary of this file:

Jacket shows this as a suspended claim.

Affidavit of Isaac Horner who states that Charles Rose lived in Amwel Township, "Hunting" County New Jersey and that he believes that Charles was in the war for he lived right in the seat of the war and it couldt be otherwise for all from sixteen and upwards were bound to go but he does not recollect seeing him just in the service though he has no doubt that he was. Dated 27 Apr. 1847 before James Wise, JP of Monongalia Co., Va.

Letter of Jno. K. Ewing, Uniontown, May 17, 1847, to Pension

office to please file enclosed papers and inform me whether the name of Charles Rose is found upon the rolls of New Jersey troops.

Letter dated May 28, 1847, from Pension office addressed to "Sir", states that papers in the case of Rebecca Rose widow of Charles Rose have been examined and filed with the exception of her declaration - it is returned "that the proceedings before the single magistrate may be submitted to and approved by a Court of record during its session". Letter was addressed to John K. Ewing Esq., Union Town, Pa.

I infer several things from this pension file. One is that it is likely that Charles Rose of this service record is the same one of Monongalia County, subject of this sketch. Note that one of the affidavits is made by a resident of Monongalia County. We also have the similarity of the widow's name as Rebecca. Further, we know that at least one of Charles' children was later in Fayette County.

We can also infer from this pension record that it is likely that in 1847 the widow Rebecca was living in Fayette Co., Pa. for her agent lived there. Since she is not listed in the 1850 census of that county, and there is no further process of this claim, she may have died soon after 1847. It is unfortunate that the declaration was returned to her, for it would have contained a great deal of valuable information!

It is possible that one of the daughters of Charles and Rebecca lived in Fayette County, and that she was living with them. It might be well to send some queries to that county in the hope of finding descendants of this family. It is even possible that the original Declaration has been preserved in the family, and may still exist.

Since this war file fairly well establishes the likelihood of being the same Charles Rose, we can then look to Hunterdon County, New Jersey for the family of Charles Rose. There is a very good possibility that he is Charles 4 Rose, son of Ezekiel 3 and Mary (Fidler) Rose (John 2, Tormut 1). This Charles 4 is a descendant of Tormut Rose, a Scottish immigrant who settled on Block Island, Rhode Island. Ezekiel 3 died leaving a will in Hunterdon County dated 26 May 1768, and gives to several children including to son Charles 200 lbs proclamation money. After Ezekiel died, Charles Rose of Amwell, son of Ezekiel Rose of said place decd, on 2 Aug. 1773, chose John Price as his guardian until age of 21 (we do not have record of his previous guardian). John Price and John Philips give bond. (File 888J, State Library, Trenton). Though it needs to be positively confirmed, the likelihood is strong that we indeed have the right Charles Rose. **(Extensive report on the Tormut Rose family is available, including the line down to and including Charles 4; write for details).**

From Miscellaneous Court Records, Hunterdon Co., N.J. we find:

MS #10341
Petition filed to the General Assembly of State of N.J. dated 1 Nov. 1784, petitioners were inhabitants of county of Hunterdon...says that number of men were encouraged by promise of receiving rate of 4 pounds ten shillings per month, entered the service for 3 months in 1781, and after having served out their time, find that the paymaster will not pay them more than at the rate of 50 shillings per month; ask that they be granted relief. Signed by Charles Rose. (MS 10341) **It would be important to compare his signature on this document, with the signature that appeared on his deed of sale of land in Monongalia Co., Va. in 1800 - we have xerox of the former, but not the latter** (see source references following this section.)

MSS Number 675, Amwell, Oct. 20, 1777, to General Assembly at Trenton...thought fit to recommend to the honorable houses the persons we have elected for our officers for Commissions in the first Company in Col. Chambers' Battn. which are as follows...names officers. Includes in signatures of the petition the name of Charles Rose; Rank (Private?)

Assuming that we have the correct Charles Rose, he moved to

Monongalia Co., Va. by 1796, for he bought land there at that time. However, he was probably there earlier; we do not have a complete list of his land transactions, but it would appear that son Hopkins b. 1784-1794 was born perhaps in Virginia. However, we have no proof of Hopkins birthstate.

From The Monongalia Story, Earl Core, p 292:

> Quarry Run Powder Mill...there is a tradition of a powder mill built on Quarry Run before 1800, operated for several years by Charles Rose and two men known only as Smith and Graham. It is said that Smith drove a nail in the mill, and a spark from it set off the powder, causing the mill to blow up. Smith was so severly burned that he died after walking half a mile to Charles Rose's house.

The will of Charles Rose of Monongalia County is dated 6 June 1816. He gives to wife tract I now live on lying on road leading from Ices ferry to the sand spring, and moveable property and during her widowhood and after her death or marriage 100 acres to revert to youngest son Charles Rose and if he should live to possess the land the remainder of tract to be sold and equally divided between John Rose, Thomas Rose and Hopkins Rose, but if said Charles should not live to possess it, then the 100 acres to be divided between said John, Thomas and Hopkins and the remainder to be divided between my 6 daughters Mary, Rose, Aley Conner, Rachael, Rebeckah, Hannah, Frelovve and the last 4 to be furnished with bed and cow and balance if any equally divided between the six girls. To 3 sons John Rose, Thomas Rose and Hopkins Rose a bond on John Jackson and John Tooth. He named wife Rebeckah and Doctor Lewellin executors. The will was witnessed by Frances McShane, Jacob Smith and George Morris, signed by an x mark, and proved Sept. 1816. (Monongalia Co. Will Book 1 p 363).

It would be extremely important to check further on the land mentioned in the will. First, it is to be noted in the references following his list of children that we cannot account for all the property that Charles Rose owned. We evidently do not have all the deeds or grants. Also, by his will, he gave 100 acres after his wife's death or remarriage to Charles the youngest if he lived. Deeds of Monongalia County should be very enlightening. We should either find a deed of sale from the son Charles Rose to the land at some point; or a deed of sale of that 100 acres from John Rose, Thomas Rose and Hopkins Rose who were to inherit it if Charles did not live. This deed of sale to the land may yield very important data; for instance, depending on **who** deeded the land, we would know if Charles survived. Also, it is likely to give the **place of residence** of the grantor(s) and thus prove of immense value. It probably would also refer to the deceased father's estate, and may possibly make some mention of the widow's death. It should be remembered that the widow was to have the land until her death or remarriage; therefore, the deed of sale may give clues to her death **or** her remarriage.

The Inventory and Appraisement of estate of Charles Rose, is dated 21 Sept. 1816. Appraisers signed: Francis McShane, James (his x mark) Donilson, and Ivon Baker. It is also signed by Rebecah Rose, **administratrix**. Produced March Court 1817. Total $193.25. (Monongalia Co. Book -- p --). It is puzzling that RebecKah Rose is referred to as **administratrix** since she is named as one of the **executors** in the will. It would appear that for some reason the other named executor did not serve. A possibility is that the **daughter** RebecKah for some reason was appointed administratrix, but this is unlikely, and if so, the terminology would probably have been "administratrix with the will annexed". It is no doubt only an error on the part of the clerk. Rebecca gave bond of $500 (RebecKah in signature) with John Hawthorn in 1816 for appraisement of estate (no reference).

1820 Census - RebecKah Rose not listed as head of home; nor in 1830, 1840, 1850 etc. It is likely that she was

living with one of her children; perhaps a married daughter.

Additional Clues: I have a feeling, unsupported at this time, that Charles Rose might be connected to **John Rose** who married **Rebeckah Bowen**. This John Rose lived Harrison County, Virginia and owned land in Monongalia County, Virginia. He sold this land and later bought in Fayette County, Pennsylvania in 1798. In 1800 he sold this land and moved into Kentucky, and lived variously in Floyd, Montgomery, Clay etc. He settled in the area that is now known as Wolfe County, Kentucky. We know that Hopkins Rose, son of Charles Rose, also lived in Fayette County, Pennsylvania. Is it coincidence that these two families who had land in Monongalia County, Virginia, also had family members in Fayette County, Pennsylvania? It is also to be noted that the Charles Rose family of Hunterdon County, New Jersey, who we believe is the identical Charles Rose of this sketch, used the name **Ezekiel Rose** extensively in their family, and the John and Rebeckah (Bowen) Rose family also used this name.

There was also a **Isaac Rose** in 1810 Monongalia County, Virginia, b. ante 1765, supposedly born near Chambersburg, Pa., d. 17 Feb. 1829 Nicholas Co., Va., m. in Pennsylvania to a wife named **Margaret**. She is called **Margaret Forsythe** in DAR papers. I include his data since he lived at one time in this same area; he also lived Bath Co., Va. and other localities.

(2)

John 2 Rose (Charles 1). He may be the John b. 13 May 1782, supposedly in Mercer Co, Pa. (bio.), d. 10 Oct. 1850, Meigs Co., Ohio, buried on hillside land that he gave for a public burying ground, now known as Bald Knobs cemetery. This John m. 27 Sept. 1808, Monongalia Co., Va. VR, **Eda Boyce** who d. 1828 (bio.), buried Bowman's Run, Sutton twp., Meigs Co., dau. of Daniel Boyce (per m. rec.). He was in Meigs Co., Ohio by 1820 census. Because of the location of this marriage in Monongalia Co., Va., and the fact that we know from his will that Charles Rose had a son named John, I am inferring that this is the right person. However, it must be proved. From Historical and Geographical Encyclopaedia, H. H. Hardesty & Co., Chicago and Toledo, 1883, there appears a biographical sketch of John Rose. I cannot reconcile this with the records of the Charles Rose family, but my experience with published biographies and the errors in them leads me to pursue this John Rose further. According to the biography, John Rose was born in Mercer Co., Pa., and the date of birth as shown above is given. This states that his mother died shortly after his birth and is buried in Mercer Co., Penn. After her death he lived with friendly Indians until he was about 16, and then returned to the white settlement on the Indian river in Mercer Co. Where he lived

the next few years "is not known" but eventually he came down the Ohio river from Pennsylvania to Gallia county by flatboat. "John Rose married Eda Boyce in Gallia county".

Because of the fact that we know the latter statement to be erroneous (we have his marriage recorded in Monongalia Co., Va.) it would appear that there could be other errors. We do know that Charles Rose had a son named John, and that this son was living when he made his will in 1816. It may be that an examination of the land records of Monongalia County would provide some answers. As previously discussed, Charles Rose left a tract of land to his son Charles, if the son should live; if he did not, the tract was to go to the three brothers John, Thomas and Hopkins. If these brothers did share in the land, a deed could be enlightening on their residence when the land was sold.

Another thing that would help establish whether John who married Eda Boyce is son of Charles would be to determine the location of the birth of his older children. If any of them can be found to have been born in Monongalia County, it would help disprove the information in the biography. I do find it highly interesting that John Rose and his wife Eda named their oldest child **Charles**, which may be significant.

The beforementioned biography further says of John:

> He had very little formal education but was an excellent reader and also had a good tenor voice. He conducted funeral services in Gallia and Meigs counties when a minister was unavailable. He also had considerable knowledge of medicine obtained mostly from the Indians with whom he had lived...they came from Gallia county to Sutton township, Meigs county, Ohio, in 1818 settling on Bowman's Run...(he) was the father of fifteen children. Seven by his first wife and eight by his second wife.

After the death of his first wife, John Rose m. 2nd, 29 Aug. 1833 (bio.) **Susannah E. Shrives** (her maiden name from bio.), b. ca 1812 Penn. (bio.), dau. of James and Susan ( ) Shrives (bio.). It is said in the biography that as a young girl she was "bound out" to Dolly Gray and Jefferson County. After the death of John Rose, she m. Mar. 1851, **Job Decker** who later served in Civil War. They had three sons: David, Andrew Jackson and Edward.

The will of John Rose is dated 22 Aug. 1839, lived Sutton twp., Meigs Co., Ohio, gives to wife Susannah, children Matilda, Mary Ann, Rachel, Mariah, Lucinda, Prudence Pickens, Rebecca Boyce, Charles W., Enos, and John. All his property to be divided at his wife's death between the above. It is signed by his x mark, and witnessed by George Aumiller and John McKenzie. Filed Sept. 1850.

It is to be noted that a published biography (see later) includes some children not named in the will, and further, the 1850 census of Susannah Rose shows children by these names. It is to be remembered that John Rose lived for a number of years after his will was made. No doubt further estate papers in this matter would disclose that they were indeed his younger children.

iii. Thomas, married, had a family and was living in in W. Va. in 1883. No later facts are known (bio.). However, I question that he is of the 1st mar. for a Thomas aged 8/12 is listed with Susannah in the 1850 census.

However, his sister Rachel Rose McElroy evidently had a letter or message which she kept in her Bible in 1932 saying he was walking back to Ohio; he got as far as Kentucky and was so weak from his wound and starvation, he d. in a hospital at Louisville, Ky. (National Archives may have his war record).

Remarks: The list of children and their order and by which marriage is taken from the biography of John Rose in Hardesty, with some additions from the biography of his son Enos Rose in the same volume. *Ohio the Crossroad of Our Nation Vol. VI No. III also contains biography of Enos Rose, which it would appear was taken from Hardesty.

Minister, **Susannah Conner** (per her affidavit, War of 1812 file). (It is to be noted that they married in Fayette Co., Pennsylvania but that he died in Fayette Co., Ohio (see land bounty claim following). She was b. ca 1795 (land bounty affidavit).

From War of 1812 land bounty file (#1850 Rej. 122320, National Archives) we find that he is shown as Ord. Sergt., under Capt. James Morgan, Va. Mil.. On 11 June 1851 Susanah Rose, aged 56, resident of Darke Co., Ohio, made affidavit that she is widow of "Upkins Rose" (sic, Hopkins Rose), that he volunteered at Morgantown, Va. 10 Sept. 18-- (year blank), discharged at Fort Meigs, Ohio 25 Apr. 18-- (year blank); that she m. him 22 May 1812 at Fayette Co, Pa. by Woodbridge, Baptist Minister; that her name was Susanah Conner. In another affidavit from Darke County, in the same matter, Adam Harness and James Conner, state they are well acquainted etc.

A letter was written from Greenville, Darke Co., Ohio Sept. 29, 1851 by C. S. Smith regarding this claim.

The jacket showed Upkins Rose, and above it was written HOPKINS ROSE; according to the jacket he served 19 Sept. 1812 to 5 Apr. 1813. Why the claim was not granted is not stated.

Charles 2 Rose (Charles 1).

I feel he could be the Charles Rose of 1830 census (below); but if so, I do not think that he is the male aged 70/80. We cannot account for a Charles that age in 1830 in this family. However, he **could** be the male 30/40, with perhaps an aged couple living with him - perhaps even his in-laws. However, upon examining the 1840 and 1850 census, we find that there is a Charles Rose who was ca 1806 according to 1850, and 1800-1810 by the 1840 census. We know from the will of Charles Rose dec'd that Charles was his youngest son, so this is reasonable. Then, **how** can we explain the 1830 listing?

I am wondering if in the 1830 listing, Charles Rose is the male aged 20/30. At first this would seem unreasonable - that the "head of the home" would be the youngest male. However, upon reflection, Charles was to receive 100 acres of the land upon his mother's death. Assuming they were living on this homestead, would it not be that **he** would be considered the head of the home? The others with him could be brothers and sisters; he may not have been married at this time. I cannot account for the aged male, but it could be a relative. The aged female could be his mother, and she could be the female living with also in 1840. This all needs to be examined.

It is possible that he is the Charles Rose, evidently deceazsed, whose administrator was appointed 1887 in Monongalia Co., Va. (Index to Wills, Fiduciary and Estate Records). I have no further on this, nor page reference, but this record may disclose the name of his heirs!

For the purposes of this report, I will assume that Charles of 1850 is son of Charles, but we should keep in mind that it is possible he is a **grandson** instead. An examination of the deeds of Monongalia County should settle the question. At some point the land was sold - if we find a sale by Charles Rose, we know he lived; if we find a sale instead by his 3 brothers who were to inherit it if he did not live, we know he died before possessing it. It is important to examine the deeds in this matter; they may also disclose some informati on on residences.

Children: ROSE, based on assumption that Charles of 1850
is son. Probably others born after 1850.

Dear Mary,
It was good talking with you!
Rose HOuston recently re-checked the 1830 census of Virginia,and the Charles listing is amended as follows:

Charles Rose p 367: 1 m 20/30
1 f 20/30; 1 f 70/80 East Distr

Now the listing makes sense. I had suspected he was the male 20/30! Feel sure that Rebecca was with him in this census.

Best wishes,

Chris

(I have also seen her date of death copied from the death register as 21 Dec. 1877 but tend to think that 1874 is correct; however, this should be re-checked. I am told this death record shows her as widow, and death as paralysis. Her father William Sanders was age 82 b. N.C. in 1860 and had her two sons with him. He died testate).

Note that in the list of children, Sarah Rebecca is shown as b. 1852, while he d. 1851. Is her birthdate in error, or...was she b. posthumously? However, note that the 1860 census as sent to us shows her as age 2; if this is so, she cannot be a daughter of John W. Rose.

Children: ROSE, by first marriage.

shows her as age 2, or b. ca 1858. If that is correct, she is not a daughter of John W. Rose. If the date 1852 is correct, she must have been born posthumously.

USE OF REPORT

I have used the "register" system in numbering this report. The earliest known Rose (in this case Hosea) has been numbered as (1). In the list of children, note that each has a roman numeral, and **some** have an arabic numeral. Those with arabic numerals (i.e., 2, 3, 4, etc.) are then carried forward to a section that is labeled as (2), (3), (4), etc. In this manner, you can follow those children into their separate sections.

Re: COURTHOUSE REPORT ON GREENE CO., PENNSYLVANIA

From personal research of Christine and Seymour Rose, September 1984.

For those interested in the formations of the counties:

Greene formed 1796 from Washington County
Washington County formed 1781 from Westmoreland County
Westmoreland County formed 1773 from Bedford County
Bedford County formed 1771 from Cumberland County

We have Courthouse reports available on ALL the above counties. If you seek the earlier Roses of Greene County, you will want to examine the parent counties!

There are several interesting families in Greene County. For instance, the John Rose who married Hannah Addleman family; he appears to be a brother of Ezekiel and Tychicus Rose of Washington County, but as yet unproven. Then there is the most interesting deed of Seatons and Roses (Book 5 pp 559-560, page 1 enclosed) - we have more data on this family and they are of JEFFERSON CO., KENTUCKY, and are descended from JOHN ROSE OF ROCKAWAY, WEST JERSEY! We have yet to identify this John Rose. Then there is Edward Rose, who is a son of WILLIAM ROSE OF FAYETTE CO., PENNSYLVANIA, still another interesting and unidentified family. This William Rose is the ancestor of Judge Uriah Rose, whose statue represents the state of Arkansas in Statuary Hall, Washington D.C. William of Fayette is THOUGHT to be connected to Roses of Harford Co., Maryland, and was previously in WESTMORELAND COUNTY, PENNSYLVANIA. Then we have the most interesting - Thomas Rose who married RUTH SCUDDER, and he was a son of CHARLES ROSE OF MONONGALIA COUNTY, VIRGINIA (now West Virginia). This is extremely interesting, for Charles we believe can be identified as a member of the EZEKIEL ROSE FAMILY OF HUNTERDON COUNTY, NEW JERSEY, descendant of Tormut Rose of Scotland and R.I. Anyone interested in Ezekiel Rose of Washington County should take note of the possibilities!!

In addition to the Courthouse reports above listed, we also have family research reports on the families of:

Charles Rose of Monongalia Co., Virginia
John and Hannah (Addleman) Rose of Greene Co., Pennsylvania
John Rose of Jefferson Co., Kentucky

Write for details.

We do hope this report is going to give everyone a fresh view of the possibilities on these families!

FOREWORD

This listing from the 1850 federal census for ROSE could not have been accomplished without the help of Rose Houston of Smithville, Texas. Rose and I have worked on this for about three years, and have devoted hundreds and hundreds of hours to the project. We attempted to obtain the Rose listings from the complete 1850 federal census by first using published indices (primarily Accelerated Index Systems or "A.I.S.") and supplementing it with lists sent by other correspondents.

First, Rose extracted the listing using an index. I then cross-checked this against the index, and against every listing sent to me by correspondents. Rose then re-checked the differences and additions with the film, and returned them to me for final typing and indexing. You can well imagine the amount of time this project occupied, for the two of us!

Those of you familiar with the federal census know that 1850 is the first year in which each person in the home was enumerated individually by name, age and place of birth. Rose copied the names exactly as they appeared on the census making no inferences. Thus, Wm. is Wm. and not William. Ben. is Ben. and not Benjamin, etc. Elisabeth is not Elizabeth, etc. She also noted the other pertinent information.

Rose used the new page number and in most instances the township or district when given. It is to be noted that the Post Office name is usually different than the township - if you know only the PO, realize in checking the lists that it may differ from the township name.

Rose notes that in the 1850 census the page numbers are not all individually marked, and often people mis-interpret the page numbers. Be sure if you are checking the film that you note the numbering system.

When there was more than one family in a dwelling, Rose in most cases took these listings too. You may find 560/561 John Miller family, and /562 John Rose family, indicating that the John Rose family lived in the dwelling of John Miller. This can often provide clues on family relationships.

When using these lists keep in mind that they can only be as accurate as the published indices, since they were used as the basis, and there are bound to be omissions. We have added many listings not in the indices, but we have not undertaken a page-by-page search of the film. If you do not find the Rose you seek, personally check the microfilm and particularly watch for variant spellings: Rows, Rowes, Roas, Roze, Rowse, Rowze, Roes and even Ross. If you find errors or omissions, please do let us know.

Rose and I hope you find this list helpful!

CHARLES ROSE FAMILY

Monongalia County, Virginia (now West Virginia)

Note: This is subject to corrections, omissions, additions etc. and is only for the purpose of further research. It is based on personal research at the Courthouses of Monongalia County, Virginia (now West Virginia), Fayette County, Pennsylvania and Hunterdon County, New Jersey, and also information from census records, tax lists, from descendants, etc. See last page for acknowledgements.

(1)

Charles 1 Rose, born ante 1765 per 1810 census but date unknown, died between 6 June 1816 (date of will) and September 1816 (will proved), Monongalia County, Virginia, married, **Rebeckah** --- (per will and deeds). She outlived her husband, and was living in 1847 when she made application for pension based on his revolutionary service. He is probably the Charles Rose of New Jersey (no county shown), who married, bond dated 13 January 1781, **Rebeckah Mulliner** (Book R p. 349, State Library, Trenton, New Jersey). Bondsman with Charles Rose was Stephen Moore; Nehemiah Sexton, witness.

[It will be noted that for the purposes of this report, Charles is numbered as 1, his children as generation 2, etc. It is not to be inferred that Charles Rose is the immigrant; however, since he is the subject of this report, for clarity thus numbering will be used. Also, Monongalia County will be designated as as Virginia throughout, since at that time it **was** in Virginia, though of course upon the formation of West Virginia it became a part of that state.]

Charles served in the revolutionary war from Hunterdon County, New Jersey. A summary of the pension file:

Jacket shows this as a suspended claim.

Affidavit of Isaac Horner who states that Charles Rose lived in Amwel Township, "Hunting" County New Jersey and that he believes that Charles was in the war for he lived right in the seat of the war and it couldt be otherwise for all from sixteen and upwards were bound to go but he does not recollect seeing him just in the service though he has no doubt that he was. Dated 27 Apr. 1847 before James Wise, JP **of Monongalia Co., Va.**

Letter of Jno. K. Ewing, Uniontown, May 17, 1847, to Pension office to please file enclosed papers and inform me whether the name of Charles Rose is found upon the rolls of New Jersey troops.

Letter dated May 28, 1847, from Pension office addressed to "Sir", states that papers in the case of Rebecca Rose widow of Charles Rose have been examined and filed with the exception of her declaration - it is returned "that the proceedings before the single magistrate may be submitted to and approved by a Court of record during its session". Letter was addressed to John K. Ewing Esq., Union Town, Pa.

It is unfortunate that the declaration was returned to Rebecca, for it would have contained valuable information. However, we do know from Court Order Book 15 p. 299, Monongalia County, Virginia, that on 3 April 1847 she made an affidavit, "with a certificate of John N. Baker, of same date, thereunto attached, and also the certificate of the clerk of this court, with the seal of said court, dated 16th April 1847, which being seen and inspected by the court, were approved by the court as in due form." This came before the court on Monday --? July 1847 (date unreadable on our photocopy.)

In addition to the affidavit referred to in Order Book 15 above, there was published in The Soldiery of West Virginia., by Virgil A. Lewis, State historian and archivist, originally published as Third biennial Report of the Department of Archives and History, State of West Virginia, Charleston, 1911. Rpt., Gene. Publ. Co., 1967/1972/1978.

p. 110...List of the Names of Persons Residing in West Virginia Whose Claims for Pensions for Services in the Revolution Under the Provisions of the Acts of Congress of June 7, 1832; July 4, 1836; and July 7, 1838, and Amendments thereto, Were Rejected, or Suspended, Awaiting Further Evidence.

H. H. Stuart, Secretary of the Interior, on February 23, 1852, transmitted to the U. S. Senate, a statement showing the names of applicants for pensions under the acts (mentioned above), respectively, and the acts amendatoroy [sic] thereto, whose claims have been rejected, or suspended, the grounds of such suspension or rejection, and the places of residence of such applicants, so far as the same could be given. This report he made February 16, 1850,

> and from it we have compiled the following relating to West Virginia pensioners of the Revolution, as to suspension or rejection of their claims. This data is shown in the following...
>
> p. 112, Rebecca Rose, widow of Charles, Residence County, Monongalia, period, length, localities and names of company and field officers must be set forth, and service verified by New Jersey records.

An interesting record appears in Land Entries of Monongalia County, Virginia (book marked "Land Entries," pp. 343-344):

> Charles Rose and John Davis, "Charles Rose for himself and John Davis Enter 300 acres," part of Land Office Treasury Warrant 7068 1/2 dated 4 March 1795 between said Rose, Joseph Severngen, Philip Haney and John Ferry, said Rose appl'd to me to make this Entry when I was from home on 24 of this months two days before the time William Jarrett appl'd to me. (Sept. 24, 1798, withdrawn by John Davis).

We can look to Hunterdon County, New Jersey for the family of Charles Rose, since he is said in the pension file to have served from there. There is a very good possibility that he is Charles 4 Rose, son of Ezekiel 3 and Mary (Fidler) Rose (John 2, Tormut 1). This Charles 4 is a descendant of Tormut Rose, a Scottish immigrant who settled on Block Island, Rhode Island. Ezekiel 3 died leaving a will in Hunterdon County dated 26 May 1768, and gives to several children including to son Charles 200 lbs proclamation money. After Ezekiel died, Charles Rose of Amwell, son of Ezekiel Rose of said place decd, on 2 Aug. 1773, chose John Price as his guardian until age of 21 (we do not have record of his previous guardian). John Price and John Philips give bond. (File 888J, State Library, Trenton). Though it needs to be positively confirmed, the likelihood is strong that we indeed have the right Charles Rose. **(Extensive report on the Tormut Rose family is available, including the line down to and including Charles 4; write for details).**

From Miscellaneous Court Records, Hunterdon Co., N.J. we find:

Term 1873, and that total debt due was 150 lbs.; that 80 lbs. of it was bound 1 May 1775, and the other 70 lbs. bound 1 May 1776.

Petition filed to the General Assembly of State of N.J. dated 1 Nov. 1784, petitioners were inhabitants of county of Hunterdon...says that number of men were encouraged by promise of receiving rate of 4 pounds ten shillings per month, entered the service for 3 months in 1781, and after having served out their time, find that the paymaster will not pay them more than at the rate of 50 shillings per month; ask that they be granted relief. Signed by Charles Rose. (MS 10341) (Can this signature be compared to any other for Charles Rose?0

MSS Number 675, Amwell, Oct. 20, 1777, to General Assembly at Trenton...thought fit to recommend to the honorable houses the persons we have elected for our officers for Commissions in the first Company in Col. Chambers' Battn. which are as follows...names officers. Includes in signatures of the petition the name of Charles Rose; Rank (Private?)

We also have a record that on 20 October 1777, company of Col. Chamberses? Battn., Capt. John Phillips, there is listed Charles Rose, and the next name is Jonathan Rose. This may be the same Charles Rose referred to above, or a different Charles Rose.

Charles Rose moved to Monongalia County, Virginia by 1796, for he bought land there at that time. However, he may have been there earlier. It would appear that son Hopkins b. 1784-1794 was born perhaps in Virginia. However, we have no proof of Hopkins birthstate.

From The Monongalia Story, Earl Core, p 292:

Quarry Run Powder Mill...there is a tradition of a powder mill built on Quarry Run before 1800, operated for several years by Charles Rose and two men known only as Smith and Graham. It is said that Smith drove a nail in the mill, and a spark from it set off the powder, causing the mill to blow up. Smith was so severly burned that he died after walking half a mile to Charles Rose's house.

From the courthouse records of Monongalia County:

Deed Book Vol. OS-1 p 216-217. 28 Nov. 1796, Joseph Hunt and wife Mary of Bedford Co., Pa., to Charles Rose of Monongalia Co., for 100 lbs., land in Monongalia County on Wolfpen Ridge, granted to said Joseph Hunt 11 Sept. 1787, containing 292 acres. acres. Signed: Joseph Hunt, Mary Hunt. Wit.: Barnard Mann; Samuel Graves. Rec. 1 Dec. 1796.

Deed Book OS 2 p 247, 13 Jan. 1800, Charles Rose and Rebeccah his wife of Monongalia Co. to Richard Cain and James Cain of same, for 50 lbs. Virginia currency, land on quarry run, west of Pleasant Furnace, containing 141? acres. Signed: Charles Rose; Rebecah Rose. Wit.: John Evans. Pr.: 13 Jan. 1800 personally by both Charles and Rebeccah Rose.

From the County Order Books of Monongalia County:

Book 1 p. 100, Court of 11 Apr. 1797, deed Joseph Hnt and Mary his wife to Charles Rose for 292 acres produced in court and acknowledged and ordered recorded.

Book 1 p. 242, Court of 11 Sept. 1798, Joseph Grayham vs. Charles Rose, judgment for £ 4-8-0 and interest from 21 June 1797.

Book 1 p. 405, Court of 13 Jan. 1800, deed of Charles Rose and Rebecca his wife to Richard Cain and James Cain for 141 acres produced in court and acknowledged and ordered recorded.

The will of Charles Rose of Monongalia County is dated 6 June 1816. He gives to wife tract I now live on lying on road leading from Ices ferry to the sand spring, and moveable property and during her widowhood and after her death or marriage 100 acres to revert to youngest son Charles Rose and if he should live to possess the land the remainder of tract to be sold and equally divided between John Rose, Thomas Rose and Hopkins Rose, but if said Charles should not live to possess it, then the 100 acres to be divided between said John, Thomas and Hopkins and the remainder to be divided between my 6 daughters Mary Ross, Aley Conner, Rachael, Rebeckah, Hannah, Frelove and the last 4 to be furnished with bed and cow and balance if any equally divided between the six girls. To 3 sons John Rose, Thomas Rose and Hopkins Rose a bond on John Jackson and John Test. He named wife Rebeckah and Doctor Lewellin executors. The will was witnessed by Frances McShane, Jacob Smith and George Morris, signed by an x mark, and proved Sept. 1816. (Monongalia Co. Chancery Court Case, John Rose vs. Charles Rose, contains handwritten copy of original. See also Will Book 1 p. 363 which contains a typewritten copy of the original with some differences; no doubt errors of the transcriber). (A note indicates that the will was filed in chancery case, Deed Book 7 p. 513; this should be examined to see if the **original** will is recorded there.)

In Order Book 6 p. 303 the last will of Charles Rose dec'd

was produced in court, and proved by the oaths of Francis McShane, Jacob Smith, and George Morris. On the next p. 331, on motion of Rebecca Rose, letters testamentary were granted to her. Doctor Lewellin named as executor refused to qualify. John Henthorn was her security.

The will was produced in court and proved by the witnesses (Order Book 6 p. 330). Letters testamentary granted to her. Doctor Lewellin named as executor refused to qualify; Rebecca (Rebeckah in signature) qualified with John Henthorn her security. Francis McShane, James Donaldson and George Baker were appointed to appraise the estate (Order Book 6 p. 331). The Inventory and Appraisement of estate of Charles Rose, is dated 21 Sept. 1816. Appraisers: Francis McShane, James (his x mark) Donilson, and Ivon? Baker. Produced March Court 1817. Total $193.25. (Monongalia Co. Order Book 6 p. 398; also Estate Book 2 pp. 82-83).

An important Chancery Court case is filed in Monongalia County (John Rose vs. Charles Rose et al, 1855, no number). In this case, John Rose, son of John and grandson of the testator Charles, makes claim for the balance of the land mentioned in the will, after the bequest to Charles Rose (jr.). These affidavits are quite interesting. First he gives only the names of the sons of the testator Charles Rose. Later he amends the affidavits to include the names of the daughters. He includes the names of his own brothers and sisters, son of John, but **claims to not know their whereabouts, nor the names of the husbands of his sisters!**. He also claims that Hopkins Rose (his uncle) left no children. In addition, at no time does he name his half-brothers and sisters, the children of his father by his father's second marriage. A search of the original chancery court file did not disclose if any of the land was granted to John by the court. The court **did** confirm to Charles Rose his 100 acres. There were other chancery court cases which need to be examined on future trips to the courthouse.

In another chancery case in Monongalia County, John Bougher vs. Charles Rose, an Agreement to Sell is included, Charles Rose to John Bougher, 154 acres. This states that Charles Rose (who we know to be the father of Charles of this action) died seized of east side of Cheat River, land on road from Ices Ferry to ---?, devised to said Charles by said Charles Rose deceased. (May Rules year 1865). Know all men by these presents that I, Charles Rose bound to John Bougher, said Rose has sold to said Bougher 154 acres of which Charles Rose deceased died seized, lying east of Cheat River on road leading from Ices Ferry, etc., 100 acres of which was devised to said Charles by the said Charles deceased, remaining 54 acres is 2/3 of the remainder of which the said 100 acres are a part, for which the said Charles Rose has not yet procured title and agrees to do so. (The agreement continues with details of price etc.). Dated 14 March 1854. Signed: Charles Rose.

The petition and bill of complaint in the above action

shows that one Charles Rose late of said county on 14 March 1854 by his title bond, sold to orator [i.e., John Bougher], 154 acres, the title to 54 acres was not in the said Rose, etc., said Rose removed from this county into the state of Kentucky where he has ever since remained, orator being ready and anxious to pay the residue, etc. [This states that John Bougher/Bowers "at great expense" went in the month of June 1856 to Kentucky in search of Rose, found him and offered him said residue and demanded a deed, but Rose declined, and faithfully promised to come to Virginia the next fall to arrange said matter and make said deed, so orator did not then deem it proper to pay him. The said Rose failed to come to Virginia then or since etc., purchase was left in hands of John Bly as agent of said Rose. Orator does not know where said Rose now is, or whether he is dead or living, not having "authenticly" heard from him for several years.

[The chancery files above referred to are full of important data; xerox copies of selected papers available from Rose Family Association.]

1820 Census - Rebeckah Rose not listed as head of home; nor

in 1830, 1840, 1850 etc. It is likely that she was living with one of her children; perhaps a married daughter.

Additional Clues: I believe, unsupported at this time, that Charles Rose might be connected to **John Rose** who married **Rebeckah Bowen**. This John Rose lived Harrison County, Virginia and owned land in Monongalia County, Virginia. He sold this land and later bought in Fayette County, Pennsylvania in 1798. In 1800 he sold this land and moved into Kentucky, and lived variously in Floyd, Montgomery, Clay etc. He settled in the area that is now known as Wolfe County, Kentucky. We know that Hopkins Rose, son of Charles Rose, also lived in Fayette County, Pennsylvania. Is it coincidence that these two families who had land in Monongalia County, Virginia, also had family members in Fayette County, Pennsylvania? It is also to be noted that the Charles Rose family of Hunterdon County, New Jersey, who we believe is the identical Charles Rose of this sketch, used the name **Ezekiel Rose** extensively in their family, and the John and Rebeckah (Bowen) Rose family also used this name.

There was also a **Isaac Rose** in 1810 Monongalia County, Virginia, born ante 1765, supposedly born near Chambersburg, Pennsylvania, died 17 February 1829 Nicholas County, Virginia, married in Pennsylvania to a wife named **Margaret**. She is called **Margaret Forsythe** in DAR papers. I include his data since he lived at one time in this same area; he also lived Bath County, Virginia and other localities.

(2)

John 2 Rose (Charles 1), born 13 May 1782, supposedly in Mercer County, Pennsylvania (Historical and Geographical Encyclopaedia, Chic. and Toledo: H. H. Hardesty & Co., 1883), but the location to be in error, died 10 October 1850, Meigs Co., Ohio, buried on hillside land that he gave for a public burying ground, now known as Bald Knobs cemetery. He married 27 September 1808, Monongalia Co., Va. VR, **Eda Boyce** who died 1828 (Hist. and Geo. Ency.), buried Bowman's Run, Sutton twp., Meigs Co., daughter of Daniel Boyce (per marriage rec.). John Rose was in Meigs Co., Ohio by 1820 census. We cannot reconcile the above mentioned biography wholly with the records, but published biographies often have errors. According to the biography, John Rose was born in Mercer Co., Pa., and the date of birth as shown above is given. This states that his mother died shortly after his birth and is buried in Mercer Co., Penn. After her death he lived with friendly Indians until he was about 16, and then returned to the white settlement on the Indian river in Mercer Co. Where he lived the next few years "is not known" but eventually he came down the Ohio river from Pennsylvania to in 1850, 1860, 1880 etc. It is likely that she was living with one of her children, perhaps a married daughter.

Additional clues. I believe, unsubstantiated at this time, that Charles Rose might be connected to **John Rose** who married **Rebecca Brown**. This John Rose lived Jackson County, Virginia and owned land in Monongalia County, Virginia. He sold this land and later bought in Fayette County, Pennsylvania in 1798. In 1800 he sold this land and moved into Kentucky, and lived variously in Floyd, Montgomery, Clay etc. He settled in the area that is now known as Wolfe County, Kentucky. We know that Rebecca Rose, mom of Charles Rose, - also lived in Fayette County, Pennsylvania. Is it coincidence that these two families who had land in Monongalia County, Virginia, also both family members in Fayette County, Pennsylvania? It is also to be noted that the Charles Rose family of Huntingdon County, Pennsylvania, who we believe is the genealogical Charles Rose of this sketch, uses the name **Ezekiel Rose** extensively, in their family, and the John and Rebecca (Brown) Rose family also used this name.

There was also a **Isaac Rose** in 1810 Monongalia County, Virginia, born circa 1765, supposedly born near Chambersburg, Pennsylvania, died 17 February 1855 Marshall County, Virginia, married in Romney, Hants to a wife named **Margaret**. She is called **Margaret Forsythe** in one source. I include this data since he lived at one time in this same area. He also lived Bath County, Virginia and other localities.

(2)

John 2 Rose (Charles 1), born 13 May 1782, supposedly in Mercer County, Pennsylvania (Historical and Geographical Encyclopedia, Ohio, and Toledo, by Harvey & Co. 1897), but the is given to be in error, died 10 August 1852, Meigs Co., Ohio, buried on hillside land that he gave for a public burying ground, now known as Bald Knob Cemetery, married 22 December 1809, Monongalia Co., Va., **Ida Boyce** who died 1859 (1812, age Rev. Look.) buried Bowman's Run, Sutton Twp., Meigs Co., daughter of Daniel Boyce (see marriage rec.). John Rose was in Meigs Co., Ohio by 1810 census. We cannot reconcile the above mentioned biography wholly with the records, and published biographies often have errors. According to the biography, John Rose was born in Mercer Co., Penn. and the date of birth as shown above is given. This states that his mother died shortly after his birth and is buried in Mercer Co., Penn. After her death he lived with friendly Indians until he was about 16, and then returned to the white settlement on the Loyalhanna river in Mercer Co. Where he lived the next few years is not known but eventually he came down the Ohio river from Pennsylvania to

Gallia county by flatboat. It continues with the statement, "John Rose married Eda Boyce in Gallatin county."

We know the latter statement to be erroneous, as his marriage recorded in Monongalia Co., Virginia. There are chancery court records in Monongalia County on this family, and a careful reading would make one suspect that some erroneous information was being given, reason unknown. Perhaps the person who furnished the data for the biography was mis-informed on details.

The before-mentioned biography further says of John:

> He had very little formal education but was an excellent reader and also had a good tenor voice. He conducted funeral services in Gallia and Meigs counties when a minister was unavailable. He also had considerable knowledge of medicine obtained mostly from the Indians with whom he had lived...they came from Gallia county to Sutton township, Meigs county, Ohio, in 1818 settling on Bowman's Run...(he) was the father of fifteen children. Seven by his first wife and eight by his second wife.

After the death of his first wife, John Rose married 2nd, 29 August 1833 (Hist. and Geo. Ency.),) **Susannah E. Shrives** (Ibid.), born ca 1812, Pennsylvania (Ibid.), daughter of James and Susan ( ) Shrives (bio.). It is said in the biography that as a young girl she was "bound out" to Dolly Gray, Jefferson County. After the death of John Rose, she married March 1851, **Job Decker** who later served in Civil War. They had three sons: David, Andrew Jackson and Edward.

The will of John Rose is dated 22 August 1839, lived Sutton twp., Meigs County,, Ohio, gives to wife Susannah, children Matilda, Mary Ann, Rachel, Mariah, Lucinda, Prudence Pickens, Rebecca Boyce, Charles W., Enos, and John. All his property to be divided at his wife's death between the above. It is signed by his x mark, and witnessed by George Aumiller and John McKenzie. Filed Sept. 1850. [We have this abstract only.]

It is to be noted that a published biography (see later) includes some children not named in the will, and further, the 1850 census of Susannah Rose shows children by these names. It is to be remembered that John Rose lived for a number of years after his will was made. No doubt further estate papers in this matter would disclose that they were indeed his younger children.

From the county court records of Monongalia County, Virginia, there is an action Hugh Magill vs. John Rose, for debt. Warrant was issued against John Rose 25 July 1826 for him to answer at court August next. It is assumed that this is the same John Rose.

Children: ROSE, by first marriage.

i. Charles W., oldest, liv. and d. Cincinnati when he was a young man

ii. John, liv. Athens Co., Ohio, married and was father of a son named George who m. Mary Easterday. John died young and is bur. Athens Co. He may be the John aged 28 listed next to Susannah Rose (his step-mother) in the 1850 census.

He may be the John aged 20 listed next to Charlotte Rose (his step-mother) in the 1850 census.

National Archives may have his war record.

(bio.). He is listed in the biography as son of the first marriage, but he is not listed as a brother by John Rose in chancery court action (John listed only his natural brothers and sisters, and did not include his half-brothers and sisters). Further, he is listed 8/12 in the 1850 census, indicating he was of the second marriage.

ix. Matilda (will of father)

Remarks: The list of children and their order and by which marriage is taken from the biography of John Rose in Hardesty's _Hist. and Geo. Ency._, with some additions from the biography of his son Enos Rose in the same volume. _Ohio the Crossroad of Our Nation_ Vol. VI No. III also contains biography of Enos Rose, which it would appear was taken from _Hardesty_.

p. 433, Thomas Rose ass'ee of Pierce Evans, 14 July 1837, part of warrant No. 5219 dated 3 Feb. 1810, fork of Dunkard, adjoining Charles Rose.

From the deeds of Monongalia County:

21:21, 13 June 1854, Thomas Rose of Clinton County, Missouri, to Richard White and Daniel White of Monongalia Co. Va., for $600, land patented to T Rose on Browns run on a branch of Dunkard Creek, two patents, one 15 June 1838 and the other 30 Nov. 1838, adjoining Daniel Chessister. Signed: Thomas (his x mark) Rose. Ack.: Monongalia Co. Va. 17 June 1854. Rec.: 26 June 1854.

He made land bounty application (File 50-80 WT 8451, National Archives) for his War of 1812 service. He served as private in Va. Militia, Capt. James Morgan, Col. Dudley Evans. He made affidavit 29? Sept. 1852 from Monongalia Co., Va., aged 68, resident of said county...drafted at Morgantown 10 Sept. 1812, discharged Fort Meigs 1813. He signed by an x mark. A letter from Morgantown 3 Feb. 1854 states that 2nd application of Thomas Rose was rejected. There is a note Memphis, Mo. 20 July 1853 to forward land warrant when it comes to Morgantown direct to Memphis, Scotland Co., Mo. - this is signed by Thomas Rose. He was evidently living there at that time.

Thomas Rose's wife Ruth inherited some land in Greene Co., Pennsylvania, from her father. The will of her Thomas Scuder is recorded in Will Book 1 pp. 335-336, Greene Co., Pennsylvania, to wife Abigail Scudder, moveable estate and 1/3 part real estate, to heirs of dau. Sarah fifty cents, to son Doathann same, to dau. Abigial same, to dau. Jane same, to dau. Mary same, to son James same, to dau. Ruth all land she now lives on at lower end of Wm Allisons lot, to Myer's Mill, etc. (her last name not shown), to son Daniel Clark land beg. at George Seaton's corner, etc. Appointed William Jammison and John Chadwick executors. Signed: Thomas Scuder. Wit.: James Seymour. Codicil: 13 Mar. 1828, gives some land to son Daniel Clark Sudder. Wit.: James Seymour, Benjamin Jones? Ack. 28 Apr. 1828 (File No. 597).

It would seem from the will that probably Thomas Rose and his wife lived on the property for a time. This may be the property in the following deed in Greene Co., Pennsylvania:

> Deed Book 12 pp 162-163, 4 May 1849, Thomas Rose of Monongalia Co., Va., and Ruth his wife to Jacob Hewet of co. of Greene, Pa., for $300, land on Whitely Creek, Cumberland twp., line of heirs of William Allison, line of John N. Flennekin, James Sender, etc., 16 acres and 140 perches, being land willed by Thomas Scudder to his daughter Ruth Rose by will dated 20 Feb. 1828, reg. Greene Co. 28 Apr. 1828. Signed: Thomas Rose, Ruth (her x mark) Rose. Wit.: Abner Garrison, Hannah Garrison. Ack. 29 May 1849. Rec. Feb. 25, 1850.

Though it is possible there is no significance to the name of George Seaton appearing as an adjoining property owner (see will above), it is perhaps a matter of interest that in a deed in Greene Co. (Book 5 pp. 559-560), Sarah K. Seaton, widow, William Zenor and Sarah his wife, James Seaton and Nancy his wife, William C. Seaton and Rebecca his wife, James S. Rose and Betsy his wife, all heirs and representatives of Howsen K. B. Seaton, decd, all of Jefferson Co. Ky., deed to Doctor Nathaniel Dustin of Borough of Waynesborough, Greene Co., for $300, land in sd Borough, Lot No. 95, same conveyed to above Howson K. B. Seaton by deed in Book A, vol. 1, pp. 101-102. This is witnessed by Elisha Athy and John M. Athy, and acknowledged in Jefferson Co., Ky. 31 May 1826. I have done a great deal of research on this

Jefferson Co., Ky. family - James S. Rose above is a son of John and Elizabeth (Seaton) Rose. His father John Rose was a revolutionary soldier, who was born 1760 in "East Jersey on Rockaway river" according to his own revolutionary pension affidavit. He was very early in Jefferson Co., Ky. I doubt that there is any real significance of this, as far as either the Greene Co., Roses, or the Monongalia Co. Roses...but? (Research report is available on the John Rose family of Jefferson Co., Ky. His children were Allen, Polly, James Seaton, George, Eli and William S. Rose.)

Hopkins 2 Rose (Charles 1), b. 1784-1794 (per 1810 census), d. 9 Oct. 1823 at or near Washington, Fayette Co., Ohio. (War of 1812 file), m. 22 May 1812, Fayette Co., Pa., by --- Woodbridge, Bapt. Minister, **Susannah Conner** (per her affidavit, War of 1812 file). (It is to be noted that they married in Fayette Co., Pennsylvania but that he died in Fayette Co., Ohio (see land bounty claim following). She was b. ca 1795 (land bounty affidavit).

From War of 1812 land bounty file (#1850 Rej. 122320, National Archives) we find that he is shown as Ord. Sergt., under

Capt. James Morgan, Va. Mil.. On 11 June 1851 Susanah Rose, aged 56, resident of Darke Co., Ohio, made affidavit that she is widow of "Upkins Rose" (sic, Hopkins Rose), that he volunteered at Morgantown, Va. 10 Sept. 18-- (year blank), discharged at Fort Meigs, Ohio 25 Apr. 18-- (year blank); that she m. him 22 May 1812 at Fayette Co, Pa. by Woodbridge, Baptist Minister; that her name was Susanah Conner. She also states that he d. at or near Washington, Fayette Co., Ohio 9 Oct. 1823. She is applying under act of 1850, and signs by x mark. This is witnessed by C. S. Witt and Elijah Shook.

In another affidavit from Darke County, in the same matter, Adam Harness and James Conner, state they are well acquainted etc.

A letter was written from Greenville, Darke Co., Ohio Sept. 29, 1851 by C. S. Smith regarding this claim.

The jacket showed Upkins Rose, and above it was written HOPKINS ROSE; according to the jacket he served 19 Sept. 1812 to 5 Apr. 1813. Why the claim was not granted is not stated.

Children: ROSE, unproven. Perhaps others.

Remarks: Is there any chance that Ann Rose who m. 26 July 1821, Fayette Co., Ohio, James Fent, was a daughter of Hopkins? From letter in 1980 from Verna Rosacrans, she states that old papers show that James Fent age 90 attended a McDorman birthday party on 25 Sept. 1891 in Greene Co., Ohio.

Charles 2 Rose (Charles 1), born ca 1806, married, **Jane---**. Lived in 1856 in Kentucky (see chancery case, John Bougher vs. Charles Rose, Monongalia County, Virginia (details in section of his father Charles Rose in this report).

His land was involved in a lengthy chancery court case, see section (1) of his father for details. In connection with this, there is recorded in deeds of Monongalia County:

1:552, in a case John Rose vs. Charles Rose and others,

Circuit Court, Jno. T.? Fleming was appointed Commissioner to sell a tract devised by Charles Rose deceased to the several parties in the suit, John Bowen became purchaser for $75, said Fleming conveys, running on lines of land sold by Charles Rose, said deceased, to Richard and James Cain on 13 Jan. 1800.. Signed: John T. Fleming. Ack.: 20 Nov. 1858.

In the County Order Books of Monongalia County:

Book 10 p. 115, Court of 30 June 1830, Josiah Jackson for the use of William Lazier, plaintiff, vs. Charles rose, parties by attorneys, jury called (and listed), plaintiff to take nothing on Bill, but for his false clamor, he is in mercy, defendant gets costs, etc.

It is possible that he is the Charles Rose, deceased, whose administrator George C. Bakker was appointed January Term 1887 in Monongalia County, West Virginia (Fid. Book 1 p. 279; in index as Fiduciary book but the book is not so marked - it shows Order Book 1 on cover).

The following census is included for in so many ways it is similar to the family of Charles Rose. However, as pointed out by Mary Nunneley who found the record, serious errors have been made by the census taker if indeed it is this family. There were at least two copies of the census made, and in some years, three. It could be that an error occurred in one of the copies. The census microfilm is sometimes made from a copy rather than from the original.

Though he had children living with him in the 1860 census, it would appear that they may have predeeased him for when he made his will dated 27 May 1892, his entire estate was to be divided betwen Elizabeth A. Rose and my only other legal heir, William T. Fowler.

John W. 3 Rose (Hopkins 2, Charles 1) born 1 February 1814 (calc. from age at death), died 26 December 1851 aged 37y 10m 26d, buried Shook Cemetery, Darke Co., Ohio, married 1st, 12 July 1834, Miami Co., Ohio VR, **Rhoda Coate**, (shown evidently as Edna on LDS record) who died 22 Sept. 1845 aged 34y 6m 0d, buried same cemetery, (tbs. sent as Rhoda Rose), married 2nd, 1845-1850, **Rebecca Sanders** b. 1818, d. 21 Dec. 1874 (tbs.: 1818-1874), buried Cedarcreek Baptist Cemetery, New Jasper twp., Greene County, Ohio, dau. of William and Elizabeth (   ) Sanders. (I have also seen her date of death copied from the death register as 21 Dec. 1877 but tend to think that 1874 is correct; however, this should be re-checked. I am told this death record shows her as widow, and death as paralysis. Her father William Sanders was age 82 b. N.C. in 1860 and had her two sons with him. He died testate).

From the Court of Common Pleas, Darke County, Ohio, Court Record Book Q-1 p. 218, October 1859, John C. Gilbert and wife vs. Elijah Shook et al. In Partition, filed 11/15/1865...land...80 acres...E 1/2 of SW 1/4 Sec. 13 and 79 acres E 1/2 SE 1/4 Sec. 14, Twp 14 Range 2. John Rose dec'd. Widow Rebecca Rose of Greene Co., Ohio.

Partition:
1/7 part, Lucinda, wife of John C. Gilbert
1/7 part, Elijah Shook
1/7 part, Nathan Rose, a minor of Miami Co., Ohio
1/7 part, Edna Rose, a minor of Darke Co., Ohio
1/7 part, William Rose, a minor of Greene Co., Ohio
1/7 part, John W. Rose, a minor of Greene Co., Ohio
1/7 part, Sarah Rebecca Rose, a minor of Greene Co., Ohio

Remarks: Why did Elijah Shook have 1/7 interest? Was he acting as agent for daughter Susannah? She is the only one not named.

Note that in the list of children, Sarah Rebecca is shown as born 1852, while he died 1851. Is her birthdate in error, or...was she born posthumously? However, note that the 1860 census as sent to us shows her as age 2; if this is so, she cannot be a daughter of John W. Rose.

Children: ROSE, by first marriage.

i. Susannah, prob. the Susan b. ca 1835, m. 19 Oct. 1852, Darke Co., Ohio VR, Joseph W. Readenbaugh. See 1860 census. She does not seem to be named in the partition in references following, but the name of Elijah Shook appears. Was he acting as her agent?

ii. Lucinda b. 24 June 1836, Miami Co., Ohio (LDS record), m. John C. Gilbert

iii. Nathan b. 1839, Miami Co., Ohio (LDS record)

iv. Edna b. 30 Dec. 1844, Miami Co., Ohio (LDS record). From Joseph H. Vance, Albright, Clapp & Burk Families, p. 80, Edna was b. Dec. 1844, Shelby Co., Ohio, d. 15 Sept. 1926, m. 1st, Daniel Richardson, b. 1843, Ohio, d. 21 Feb. 1896, Rossville, Allen twp., Darke co., Ohio; she m. 2nd, 16 Mar. 1902, Rossville, Daniel Hay, a confectioner. Children, RICHARDSON: Joseph b. 1867, John b. 1871, Oliver b. 1880

By second marriage

i. William C. b. ca 1847, d. 1922, bur. Jamestown Ceme., Jamestown, Ohio; unm. Liv. with his grandfather William Sanders in 1860 census

ii. John W. b. ca 1849, d. 1927, bur. Jamestown Ceme., Jamestown, Ohio; unm. Liv. with his grandfather William Sanders in 1860 census

iii. Sarah Rebecca b. 1852 (family records), d. 25 July

1877, unm. Note however that 1860 as sent to us shows her as age 2, or b. ca 1858. If that is correct, she is not a daughter of John W. Rose. If the date 1852 is correct, she must have been born posthumously.

SPECIAL NOTES

The earliest known Rose (in this case Charles) has been numbered as (1). In the list of children, note that each has a roman numeral, and **some** have an arabic numeral. Those with arabic numerals (i.e., 2, 3, 4, etc.) are then carried forward to a section that is labeled as (2), (3), (4), etc. In this manner, you can follow those children into their separate sections.

CHARLES ROSE FAMILY OF
MONONGALIA COUNTY, VIRGINIA

NOTE: The following is subject to corrections, additions etc. and is only for the purpose of further research.

(1)

Charles Rose, parentage unknown, b. ? (b. ante 1765 per 1810 census), died between 6 June 1816 (date of will) and September 1816 (will proved) in Monongalia County, Virginia, buried ? , mar., date and place unknown, to REBECKAH --- (per will and deeds) b. ? d. ? daughter of ?. She was living when he made his will.

I have wondered if he could be the Charles Rose who married Rebeckah Mulliner 13 January 1781 in New Jersey - the idea first suggested by Verna Rosacrans who noticed the similarity. The possibility should be examined.

Children: ROSE. Per will - not in order

Will of CHARLES ROSE of Monongalia County, gives to wife Rebeckah track I now live on the road leading from Ices Ferry to the sand spring, to her until death or marriage 100 acres... to revert to youngest son Charles Rose...remainder of tract sold and equally divided between John Rose, Thomas Rose and Hopkins Rose, if son Charles Rose to die before receiving portion, then it also to go to the John, Thomas and Hopkins Rose; remaining tract of land to be equally divided between six daughters Mary Rose, Aley Conner, Rachel, Rebeckah, Hannah, Frelovve Rose, and they also receive some personal property. Gives to 3 sons John, Thomas and Hopkins a bond on John Jackson and John Teoth. Wife Rebeckah and Doctor Lewellin executors. Dated 6 June 1816, Charles Rose signs by a x mark. Witnessed by Francis McShane, Jacob Smith, George Norris and proved Sept. 1816.

Note: The above is from a TYPED copy provided by the Courthouse - we have not seen a xerox of the original. Inventory and Appraisement of estate is filed 21 Sept. 1816 but I do not have a copy of this document.

REMARKS AND CLUES:

It is possible that Charles Rose could be connected to JOHN ROSE who married Rebeckah Bowen. This John Rose lived Harrison County, Virginia and owned land in Monongalia County, Virginia. He sold this land and later bought in Fayette County, Pennsylvania about 1800 and sold it soon after. He moved into Kentucky and lived variously in Floyd, MOntgomery etc. in the area that is now known as Wolfe County. Note that he not only owned land where this Charles Rose lived, that is, in Monongalia County, Virginia (now West Virginia) but he moved to Fayette County, Pennsylvania and we know that Hopkins Rose, son of Charles Rose, also moved there though perhaps at a later time. Also, note that the name Ezekiel appears in both families.

There is an ISAAC ROSE in 1810 Monongalia Co., Virginia b. ante 1765, supposedly born near Chambersburg, Pennsylvania, died 17 Feb. 1829 Nicholas Co., Virginia, married in Pennsylvania to a wife named MARGARET (her name shown as Forsythe in DAR but unsupported).

This Charles Rose may also be the CHARLES ROSE who was son of Ezekiel 3 (John 2, Tormut 1). This Charles Rose was of Hunterdon Co., N.J. and according to widow Rebecca's claim he served in Rev. War. She evidently living in 1847 in Uniontown, Fayette Co., Pa. and Isaac Horner of Monongalia Co., Va. made affidavit on her behalf. (Natl Archives R9010, Rejected). This Charles Rose is named as son in will of Ezekiel Rose dated 26 May 1768 Hunterdon Co., N.J.

CHARLES ROSE, son of Charles and Rebeckah (   ) Rose, (probably b. ca 1790-1800?)(see 1830 census and remarks) d. ? m. ?

Or - is the Charles the male 20-30? Would then fit 1850 Census!

NOTE: I believe that Charles Rose is the male aged 30/40. The older 70/80 male and female perhaps in-laws? This is a guess only. There is no other Rose in 1830 of this county, per AIS index.

REMARKS: I assume that this Charles Rose of 1850, b. ca 1806, could be the same person. However, note that he wouldn't be the Charles of 1830 Monongalia for that person if he was the male 30/40 was b. 1790-1800. A puzzle. This Charles of 1850 may be a grandson instead.

JOHN ROSE, son of Charles and Rebeckah ( ) Rose - is he the John Rose who married 27 Sept. 1808 Monongalia Co., Va. (VR) to EDA BOYCE and by 1820-30 census was in Meigs Co., Ohio?

The following record I feel sure is son of Charles Rose.

1810 Census Monongalia Co., Va.
JOHN ROSE: 1 m 16/26
1 f 16/26

If he is the John who married Eda Boyce, then the following also pertain to him:

John Rose b. 1780-1790, died 10 Oct. 1855 (sic - will dated 1839 and filed 1850 - needs to be re-checked), probably died Meigs Co., Ohio. He m. 1st 27 Sept. 1808 Monongalia Co., Va. to EDA BOYCE who d. 1828, dau. of Daniel Boyce (mar. rec.). He m. 2ndly - the wife's name must be SUSANNAH per 1850 census and will.

A biography published in HISTORY AND GENE. ENCY., Ohio, by Hardesty, 188-?, p 22, gives his wife's name, children etc. It did not show the location of Monongalia Co., Va. for the marriage (which is from Courthouse records) nor any clues on his parentage.

The will of John Rose is dated 22 Aug. 1839, lived Sutton twp., Meigs Co., to wife Susannah, children Matilda, Mary Ann, Rachel, Mariah, Lucinda, Prudence Pickens, Rebecca Boyce, Charles W., Enos, John. All his property divided at his wife's death between the above. Signed John (his x mark) Rose. Witnessed by George Aumiller and John McKenzie and filed September 1850.

THOMAS ROSE, son of Charles and Rebeckah (   ) Rose - I believe that he is the Thomas Rose who made land bounty claim for War of 1812 service.

Note the importance is the 1850 census showing that he was born in NEW JERSEY, placing the family there. However, note also that we do not have absolute proof that this Thomas Rose is the same Thomas who is son of Charles Rose. I believe it is. I do note however that there is:

It is possible that it is the Thomas Rose of Harrison County in 1850 who is the son of Charles Rose, but I don't think so.

In the 1830 census I have been unable to locate a Thomas Rose in Virginia who could be the same person. I find only a THOMAS ROSE in 1830 Frederick County, Virginia.

HOPKINS ROSE, son of Charles and Rebeckah (   ) Rose, b. 1784-1794 (per 1810 census), died 9 Oct. 1823 at or near Washington, Fayette Co., Pa. (War of 1812 file), mar. 22 May 1812 Fayette Co., Pa. by ---Woodbridge, Bapt. Minister, SUSANAH CONNER (per her affidavit in War of 1812 file).

(10) iv. Margaret? b. ca 1820 O., m. John Gibson

REMARKS: I have wondered if it is possible that SOLOMON ROSE b. ca 1810 Virginia, m. Eliza (Biblack?) m. possibly in Fairfield Co., O., had children Calvin D., Lidia, Elizabeth, Drucilla, Rachel, William H., and Samuel, might be a son. He lived 1850 Darke Co., O., then moved to Saline Co., Nebr. and is listed there in 1880 census. Some of his children married in Jasper Co., Ia. We have a full research report available on him if anyone is interested in this line. He might be connected only because he is of Virginia and lived in 1850 Darke County, Ohio.

CHARLES ROSE FAMILY OF
MONONGALIA COUNTY, VIRGINIA

NOTE: The following is subject to corrections, additions etc. and is only for the purpose of further research.

Charles Rose, parentage unknown, b. ? (b. ante 1765 per 1810 census), died between 6 June 1816 (date of will) and September 1816 (will proved) in Monongalia County, Virginia, buried ? , mar., date and place unknown, to REBECKAH --- (per will and deeds) b. ? d. ? daughter of ?. She was living when he made his will.

I have wondered if he could be the Charles Rose who married Rebeckah Mulliner 13 January 1781 in New Jersey - the idea first suggested by Verna Rosacrans who noticed the similarity. The possibility should be examined.

REMARKS AND CLUES:

It is possible that Charles Rose could be connected to JOHN ROSE who married Rebeckah Bowen. This John Rose lived Harrison County, Virginia and owned land in Monongalia County, Virginia. He sold this land and later bought in Fayette County, Pennsylvania about 1800 and sold it soon after. He moved into Kentucky and lived variously in Floyd, MOntgomery etc. in the area that is now known as Wolfe County. Note that he not only owned land where this Charles Rose lived, that is, in Monongalia County, Virginia (now West Virginia) but he moved to Fayette County, Pennsylvania and we know that Hopkins Rose, son of Charles Rose, also moved there though perhaps at a later time. Also, note that the name Ezekiel appears in both families.

There is an ISAAC ROSE in 1810 Monongalia Co., Virginia b. ante 1765, supposedly born near Chambersburg, Pennsylvania, died 17 Feb. 1829 Nicholas Co., Virginia, married in Pennsylvania to a wife named MARGARET (her name shown as Forsythe in DAR but unsupported).

This Charles Rose may also be the CHARLES ROSE who was son of Ezekiel 3 (John 2, Tormut 1). This Charles Rose was of Hunterdon Co., N.J. and according to widow Rebecca's claim he served in Rev. War. She evidently living in 1847 in Uniontown, Fayette Co., Pa. and Isaac Horner of Monongalia Co., Va. made affidavit on her behalf. (Natl Archives R9010, Rejected). This Charles Rose is named as son in will of Ezekiel Rose dated 26 May 1768 Hunterdon Co., N.J.

CHARLES ROSE, son of Charles and Rebeckah ( ) Rose, (probably b. ca 1790-1800?)(see 1830 census and remarks) d. ? m. ?

Or - is the Charles the male 20-30? would then fit 1850 census!

NOTE: I believe that Charles Rose is the male aged 30/40. The older 70/80 male and female perhaps in-laws? This is a guess only. There is no other Rose in 1830 of this county, per AIS index.

REMARKS: I assume that this Charles Rose of 1850, b. ca 1806, could be the same person. However, note that he wouldn't be the Charles of 1830 Monongalia for that person if he was the male 30/40 was b. 1790-1800. A puzzle. This Charles of 1850 may be a grandson instead.

JOHN ROSE, son of Charles and Rebeckah ( ) Rose - is he the John Rose who married 27 Sept. 1808 Monongalia Co., Va. (VR) to EDA BOYCE and by 1820-30 census was in Meigs Co., Ohio?

The following record I feel sure is son of Charles Rose.

1810 Census Monongalia Co., Va.
JOHN ROSE: 1 m 16/26
1 f 16/26

If he is the John who married Eda Boyce, then the following also pertain to him:

John Rose b. 1780-1790, died 10 Oct. 1855 (sic - will dated 1839 and filed 1850 - needs to be re-checked), probably died Meigs Co., Ohio. He m. 1st 27 Sept. 1808 Monongalia Co., Va. to EDA BOYCE who d. 1828, dau. of Daniel Boyce (mar. rec.). He m. 2ndly - the wife's name must be SUSANNAH per 1850 census and will.

A biography published in HISTORY AND GENE. ENCY., Ohio, by Hardesty, 188-?, p 22, gives his wife's name, children etc. It did not show the location of Monongalia Co., Va. for the marriage (which is from Courthouse records) nor any clues on his parentage.

The will of John Rose is dated 22 Aug. 1839, lived Sutton twp., Meigs Co., to wife Susannah, children Matilda, Mary Ann, Rachel, Mariah, Lucinda, Prudence Pickens, Rebecca Boyce, Charles W., Enos, John. All his property divided at his wife's death between the above. Signed John (his x mark) Rose. Witnessed by George Aumiller and John McKenzie and filed September 1850.

THOMAS ROSE, son of Charles and Rebeckah (   ) Rose - I believe that he is the Thomas Rose who made land bounty claim for War of 1812 service.

REMARKS: Emiline listed above would be the wife of Charles Rose.

Note the importance is the 1850 census showing that he was born in NEW JERSEY, placing the family there. However, note also that we do not have absolute proof that this Thomas Rose is the same Thomas who is son of Charles Rose. I believe it is. I do note however that there is:

It is possible that it is the Thomas Rose of Harrison County in 1850 who is the son of Charles Rose, but I don't think so.

In the 1830 census I have been unable to locate a Thomas Rose in Virginia who could be the same person. I find only a THOMAS ROSE in 1830 Frederick County, Virginia.

HOPKINS ROSE, son of Charles and Rebeckah ( ) Rose, b. 1784-1794 (per 1810 census), died 9 Oct. 1823 at or near Washington, Fayette Co., Pa. (War of 1812 file), mar. 22 May 1812 Fayette Co., Pa. by ---Woodbridge, Bapt. Minister, SUSANAH CONNER (per her affidavit in War of 1812 file).

REMARKS: I have wondered if it is possible that SOLOMON ROSE b. ca 1810 Virginia, m. Eliza (Biblack?) m. possibly in Fairfield Co., O., had children Calvin D., Lidia, Elizabeth, Drucilla, Rachel, William H., and Samuel, might be a son. He lived 1850 Darke Co., O., then moved to Saline Co., Nebr. and is listed there in 1880 census. Some of his children married in Jasper Co., Ia. We have a full research report available on him if anyone is interested in this line. He might be connected only because he is of Virginia and lived in 1850 Darke County, Ohio.

Shook Cemetery, Darke County, Ohio

Note: We have no proof that the John W. Rose who married Rhoda/Edna Coate is the same one who m. Rebecca Sanders; however, see that in 1850 Edna, Lucinda and Nathan Rose are listed with he (and Rebecca) and that LDS records show children by these names born to a John Rose and wife. We infer these are same person.

The only daughter we seem to not have accounted for above is Susannah b. ca 1835, but seems to possibly be the Susan age 25 with Joseph W. Readenbaugh in the 1860 census of Darke Co., O. FOREWORD

This listing from the 1850 federal census for ROSE could not have been accomplished without the help of Rose Houston of Smithville, Texas. Rose and I have worked on this for about three years, and have devoted hundreds and hundreds of hours to the project. We attempted to obtain the Rose listings from the complete 1850 federal census by first using published indices (primarily Accelerated Index Systems or "A.I.S.") and supplementing it with lists sent by other correspondents.

First, Rose extracted the listing using an index. I then cross-checked this against the index, and against every listing sent to me by correspondents. Rose then re-checked the differences and additions with the film, and returned them to me for final typing and indexing. You can well imagine the amount of time this project occupied, for the two of us!

Those of you familiar with the federal census know that 1850 is the first year in which each person in the home was enumerated individually by name, age and place of birth. Rose copied the names exactly as they appeared on the census making no inferences. Thus, Wm. is Wm. and not William. Ben. is Ben. and not Benjamin, etc. Elisabeth is not Elizabeth, etc. She also noted the other pertinent information.

Rose used the new page number and in most instances the township or district when given. It is to be noted that the Post Office name is usually different than the township - if you know only the PO, realize in checking the lists that it may differ from the township name.

Rose notes that in the 1850 census the page numbers are not all individually marked, and often people mis-interpret the page numbers. Be sure if you are checking the film that you note the numbering system.

When there was more than one family in a dwelling, Rose in most cases took these listings too. You may find 560/561 John Miller family, and /562 John Rose family, indicating that the John Rose family lived in the dwelling of John Miller. This can often provide clues on family relationships.

When using these lists keep in mind that they can only be as accurate as the published indices, since they were used as the basis, and there are bound to be omissions. We have added many listings not in the indices, but we have not undertaken a page-by-page search of the film. If you do not find the Rose you seek, personally check the microfilm and particularly watch for variant spellings: Rows, Rowes, Roas, Roze, Rowse, Rowze, Roes and even Ross. If you find errors or omissions, please do let us know.

Rose and I hope you find this list helpful!

A COURTHOUSE RESEARCH REPORT: MONONGALIA CO., WEST VIRGINIA REPORT #2

DO NOT REPRODUCE

This represents research at the Courthouse in Morgantown, West Virginia in June 1986 by Christine Rose, C.G. and Seymour T. Rose. It was our second trip there. Report #1 in June 1983 is still available. The information on Report #2 DOES NOT DUPLICATE information on Report #1, but is in addition.

Monongalia County was formed in 1776 from the District of West Augusta. One of the early families here was CHARLES ROSE who we believe to be the one from Hunterdon County, New Jersey, descendant of Tormut Rose of Block Island, Rhode Island. Charles Rose of New Jersey was a Revolutionary soldier, and we have been trying to prove he is the identical man of Monongalia County. On this trip we found record of an affidavit in Court Order Book #15 for Rebecca Rose, and feel it could well be regarding the revolutionary service and thus give us proof. Unfortunately, their County Court Order Books went #1 through #13, and the rest were missing! We must pursue this at the State Archives in Charleston, West Virginia, and if that fails, we must check the basement vault at the Courthouse. They were setting up for election when we were there and would not allow anyone into the basement vault. The missing book was Not at the Colson Library, West Virginia University in Morgantown which does have some originals, for we checked there.

We still have not exhausted all possibilites in this county!

Bk 18 p 236, Francis Ross estate - not Rose, but note on another page of this report his daughter m. a Rose
**bk 19 p 116, Rev Thos Rose, authorized to celebrate marriages

NOTE:
* These are sub-heads in the county court records index. For instance, the items marked "Deeds" are not deeds, but are the acknowledgements of deeds in court.

**Though the typed index was compiled from the first 20 county court order books, they have only No. 1 through No. 13 - the latter is 1839-1842. I searched all over the first floor vault, then asked assistance. No one knew anything about them. They have some books in a downstairs vault but were setting up for election and would not allow anyone down there. They brought up a "Inventory" of what was in the downstairs vault, and no order books listed. As can be seen above, the item involving Rebecca Rose could be quite important - it may be her affidavit for revolutionary pension from her husband Charles. We need to locate Order Book 15. It is not at the Colson Library (West Va. Univ. in Morgantown) but may be at Charleston at the State Archives. If unsuccessful, we should pursue the downstairs vault at the Courthouse.
